

# Health And Wellness

---

## Academic Performance

- **Q:** Blue34  
The debate centers on whether parents should discourage their children from participating in competitive activities such as sports.
- **Side:** Arguments for Discouraging Participation
- **Topic Sentence:** Participation in competitive activities can detract from academic performance.
- **Developing:** Time spent on sports may reduce the time available for studying and homework.
- **Rephrase:** Engaging in competitions might interfere with educational commitments.
- **Collocations:** academic performance, time management, study balance
- **Reason Topic:** Education

## Academic Performance

- **Q:** Blue97  
The question analyzes whether students should engage in part-time jobs before attending college.
- **Side:** Opposition to Part-Time Jobs
- **Topic Sentence:** Part-time jobs can distract students from their studies.
- **Developing:** The demands of a job may lead to decreased academic performance and focus.
- **Rephrase:** Working can divert attention from academic responsibilities.
- **Collocations:** academic performance, distraction, focus on studies
- **Reason Topic:** Distraction

## Access Issues

- **Q:** Neo-S66  
The statement suggests that students who engage in regular physical activity and exercise are more likely to achieve academic success.
- **Side:** Counterarguments Against Physical Activity
- **Topic Sentence:** Not all students have the same access to physical activity.
- **Developing:** Some students may face barriers such as lack of facilities or time constraints, which can affect their ability to exercise regularly.
- **Rephrase:** Access to exercise varies among students.
- **Collocations:** access issues, facility availability, time constraints
- **Reason Topic:** Access to Exercise

## Accessible Reading

- **Q:** Blue188  
The debate centers around the preference between reading paper books and electronic books, exploring the advantages and disadvantages of each format.
- **Side:** Electronic Books
- **Topic Sentence:** Electronic books offer convenience and portability.
- **Developing:** With e-readers or apps, users can carry an entire library in their pocket, making reading accessible anywhere.
- **Rephrase:** E-books provide easy access to a vast library on the go.
- **Collocations:** convenience, portability, accessible reading
- **Reason Topic:** Convenience

## Accountability

- **Q:** Neo-W113  
The debate centers around whether a coworker should keep a colleague's mistake a secret or report it to management.
- **Side:** Reporting the Mistake
- **Topic Sentence:** Reporting mistakes ensures accountability and transparency.
- **Developing:** When management is informed, they can address issues effectively and prevent future errors.
- **Rephrase:** Transparency leads to better accountability.

- **Collocations:** accountability in the workplace, transparency in reporting, management involvement
- **Reason Topic:** Management Oversight

## Active Lifestyle

- **Q:** Blue82  
The debate centers on the preference between daily exercise versus exercising only when one has free time.
- **Side:** Exercise When Free
- **Topic Sentence:** Exercising when free can lead to more enjoyable activities.
- **Developing:** People are more likely to engage in exercises they love when not constrained by a schedule.
- **Rephrase:** Enjoyment in exercise increases with personal choice.
- **Collocations:** personal preference, enjoyable workouts, active lifestyle
- **Reason Topic:** Activity selection

## Active Lifestyle

- **Q:** Blue187  
The debate centers around the preference for living in older, historic buildings versus modern buildings.
- **Side:** Modern Buildings
- **Topic Sentence:** Living in modern buildings can promote a more active lifestyle.
- **Developing:** These structures are often located in urban areas with easy access to public transport, shops, and recreational facilities.
- **Rephrase:** Modern homes encourage a dynamic and active way of life.
- **Collocations:** urban lifestyle, accessibility, recreation
- **Reason Topic:** Urban Living

## Active Listening

- **Q:** Blue167  
The debate centers around whether taking notes frequently during class is more beneficial than rarely taking notes.
- **Side:** Infrequent Note-taking

- **Topic Sentence:** Not taking notes allows for greater focus on the lecture.
- **Developing:** Students can fully engage with the speaker and participate in discussions without the distraction of writing.
- **Rephrase:** Minimal note-taking enhances attentiveness during class.
- **Collocations:** full engagement, active listening, class participation
- **Reason Topic:** Focus improvement

## Active Living

- **Q:** Neo-W63  
The debate centers around whether improving public transportation or providing financial support for electric cars is a more effective strategy to reduce carbon dioxide emissions from vehicles.
- **Side:** Improving Public Transportation
- **Topic Sentence:** Public transportation benefits urban planning and community development.
- **Developing:** Well-structured transit systems can lead to more walkable cities, reducing dependency on cars.
- **Rephrase:** Investing in public transit promotes better city design and less reliance on automobiles.
- **Collocations:** urban development, walkable cities, community planning
- **Reason Topic:** Sustainable cities

## Adaptability

- **Q:** Blue38  
The topic explores whether it is better to plan social activities with friends in advance or to organize them spontaneously when attending.
- **Side:** Spontaneous Planning
- **Topic Sentence:** Planning activities when attending allows for flexibility and adaptability.
- **Developing:** Being able to adjust plans based on current circumstances can lead to more suitable and enjoyable activities.
- **Rephrase:** Adapting plans to real-time situations allows for better enjoyment.
- **Collocations:** adaptability, current circumstances, real-time situations
- **Reason Topic:** Adaptability

## Adaptability

- **Q:** Neo-S42  
The debate centers around whether older doctors possess more knowledge than their younger counterparts.
- **Side:** Younger Doctors
- **Topic Sentence:** They tend to be more adaptable to new treatment protocols.
- **Developing:** Younger doctors are trained to embrace change and can quickly implement new guidelines.
- **Rephrase:** They are more flexible in adopting new medical practices.
- **Collocations:** adaptability, treatment protocols, guideline implementation
- **Reason Topic:** Flexibility

## Aggression

- **Q:** Blue15  
Analyzing whether playing sports as children leads to increased aggression in adulthood.
- **Side:** Agree
- **Topic Sentence:** Playing sports can instill overly competitive behaviors in children that may lead to aggression in adulthood.
- **Developing:** Competitive sports often focus on winning at all costs, which can later manifest as aggressive behavior.
- **Rephrase:** Sports may foster a win-at-all-costs mindset that translates to aggression.
- **Collocations:** competitive behaviors, aggressive behavior, win-at-all-costs
- **Reason Topic:** Competition

## Aggression

- **Q:** Blue15  
Analyzing whether playing sports as children leads to increased aggression in adulthood.
- **Side:** Disagree
- **Topic Sentence:** Playing sports teaches important skills such as teamwork and discipline that counteract aggression.

- **Developing:** Sports provide valuable lessons in cooperation and self-control, reducing aggressive tendencies.
- **Rephrase:** Sports cultivate teamwork and discipline, which help in managing aggression.
- **Collocations:** teamwork and discipline, valuable lessons, aggressive tendencies
- **Reason Topic:** Teamwork

## Aggression

- **Q:** Neo-S89  
The debate centers on whether childhood participation in sports leads to increased aggression in adulthood.
- **Side:** Supporting the statement.
- **Topic Sentence:** Engaging in competitive sports can foster aggressive behaviors.
- **Developing:** Children often learn to win at all costs, which can translate into aggressive attitudes later in life.
- **Rephrase:** Participation in competitive sports may cultivate aggressive tendencies.
- **Collocations:** competitive spirit, aggressive behavior, win at all costs
- **Reason Topic:** Aggression

## Aggression

- **Q:** Neo-S89  
The debate centers on whether childhood participation in sports leads to increased aggression in adulthood.
- **Side:** Supporting the statement.
- **Topic Sentence:** Team sports can create a culture of aggression among players.
- **Developing:** The environment in some sports encourages hostility towards opponents, which can persist into adulthood.
- **Rephrase:** Team sports may promote a hostile culture that lingers into later life.
- **Collocations:** team dynamics, hostile environment, rivalry
- **Reason Topic:** Aggression

## Aggressive Behavior

- **Q:** Blue178  
The debate centers around whether playing computer or video games negatively impacts teenagers.
- **Side:** Negative Influence
- **Topic Sentence:** Video games can lead to increased aggression in teenagers.
- **Developing:** Research indicates that exposure to violent video games may desensitize players to violence and increase aggressive thoughts.
- **Rephrase:** Playing violent video games may heighten aggressive behavior among teens.
- **Collocations:** violent games, aggressive behavior, desensitization
- **Reason Topic:** Aggression

## Alertness

- **Q:** Blue115  
The debate centers around whether studying for exams at night or during the day is more effective for students.
- **Side:** Studying during the Day
- **Topic Sentence:** Studying during the day aligns with natural energy levels.
- **Developing:** Most people feel more alert and energetic in daylight, which can lead to more productive study sessions.
- **Rephrase:** Daytime study matches the body's natural rhythms for optimal focus.
- **Collocations:** natural energy levels, productive sessions, alertness
- **Reason Topic:** Biological Rhythms

## Animal Welfare

- **Q:** Blue136  
The debate centers around whether building zoos contributes to the protection of animals.
- **Side:** Criticism of Zoos
- **Topic Sentence:** Many argue that zoos prioritize entertainment over genuine animal welfare.
- **Developing:** Animals in captivity often experience stress and behavioral issues due to confinement.

- **Rephrase:** Critics claim that zoos focus more on amusement than on the well-being of animals.
- **Collocations:** animal welfare, captivity stress, behavioral issues
- **Reason Topic:** Animal treatment

## Anxiety

- **Q:** Neo-W34  
The debate centers around whether students should be given grades, with arguments for and against their effectiveness in measuring academic abilities and motivating students.
- **Side:** Against Grades
- **Topic Sentence:** Grades foster a competitive and discouraging environment.
- **Developing:** This competition can lead to anxiety and a narrow focus on performance rather than learning.
- **Rephrase:** The emphasis on grades creates unnecessary rivalry and stress among students.
- **Collocations:** competitive environment, academic performance, student anxiety
- **Reason Topic:** Student well-being

## Anxiety

- **Q:** Neo-W83  
The debate centers around whether taking breaks from news consumption is beneficial for individuals, considering the psychological effects and societal pressures of constant news exposure.
- **Side:** Constant News Exposure
- **Topic Sentence:** Constant exposure to news can lead to information overload.
- **Developing:** Being continuously bombarded with news can create anxiety and stress, making it hard to process information.
- **Rephrase:** Frequent news consumption can overwhelm individuals.
- **Collocations:** information overload, anxiety levels, stress management
- **Reason Topic:** Information Overload

## Anxiety Reduction

- **Q:** Neo-S44  
The debate centers around students' preferences for teacher supervision styles: close supervision versus independent work with occasional checks.
- **Side:** Close Supervision
- **Topic Sentence:** Close supervision can help students feel more secure in their learning environment.
- **Developing:** Knowing that a teacher is monitoring progress can reduce anxiety and boost confidence.
- **Rephrase:** A watchful teacher can create a comforting atmosphere for students.
- **Collocations:** student confidence, anxiety reduction, supportive environment
- **Reason Topic:** Security

## Anxiety Reduction

- **Q:** Blue74  
The dilemma of choosing between studying late with less sleep or studying less and getting a full night's sleep before an exam.
- **Side:** Get a Full Night's Sleep
- **Topic Sentence:** Rest can reduce anxiety and improve overall well-being.
- **Developing:** Getting enough sleep can help you feel more relaxed and confident going into the exam.
- **Rephrase:** Resting well can alleviate stress and boost confidence.
- **Collocations:** anxiety reduction, well-being, exam confidence
- **Reason Topic:** Stress management

## Athletic Performance

- **Q:** Neo-S2  
The debate centers around whether natural talent or hard work is more crucial for an athlete's success.
- **Side:** Natural Talent
- **Topic Sentence:** Natural talent provides a foundational advantage in sports.
- **Developing:** Athletes with innate skills often excel at a young age, showcasing their potential early on.
- **Rephrase:** Inherent abilities give athletes a head start in their careers.

- **Collocations:** innate skills, early potential, natural abilities
- **Reason Topic:** Skill Development

## Authenticity

- **Q:** Blue100  
The debate centers around whether individuals should express their opinions immediately or listen to others before sharing their own views.
- **Side:** Immediate Expression of Opinion
- **Topic Sentence:** Expressing opinions immediately can lead to more authentic discussions.
- **Developing:** When individuals share their thoughts right away, they contribute their genuine perspective without being influenced by others.
- **Rephrase:** Sharing thoughts promptly fosters genuine dialogue.
- **Collocations:** genuine perspective, authentic discussions, immediate response
- **Reason Topic:** Personal input

## Balanced

- **Q:** Neo-W83  
The debate centers around whether taking breaks from news consumption is beneficial for individuals, considering the psychological effects and societal pressures of constant news exposure.
- **Side:** Psychological Benefits of Breaks
- **Topic Sentence:** Limiting news consumption can lead to a more balanced perspective.
- **Developing:** Stepping back from the news allows individuals to reflect and develop their viewpoints without external pressure.
- **Rephrase:** Reducing news intake fosters personal reflection.
- **Collocations:** balanced perspective, personal reflection, critical thinking
- **Reason Topic:** Balanced Perspective

## Behavior

- **Q:** Blue91  
The debate centers around whether the government should impose restrictions on violence and bad language in television programs.
- **Side:** Support for Restrictions
- **Topic Sentence:** Exposure to violent and inappropriate language can negatively influence behavior.
- **Developing:** Research shows that children and adolescents may mimic aggressive behavior seen on screen.
- **Rephrase:** Inappropriate content can lead to imitative behavior in youth.
- **Collocations:** negative influence, behavior mimicry, youth exposure
- **Reason Topic:** Youth development

## Behavior Change

- **Q:** Neo-S46  
The debate centers around whether the government should impose fines on individuals who use cellphones while walking across the street.
- **Side:** Opposition to Fines
- **Topic Sentence:** Fining individuals may not effectively change behavior.
- **Developing:** People may continue to use their phones regardless of the penalties, leading to ineffective enforcement.
- **Rephrase:** Penalties might not lead to significant behavioral changes.
- **Collocations:** behavior change, enforcement issues, ineffective penalties
- **Reason Topic:** Behavior

## Behavior Change

- **Q:** Neo-S46  
The debate centers around whether the government should impose fines on individuals who use cellphones while walking across the street.
- **Side:** Support for Fines
- **Topic Sentence:** Fines can raise awareness about the dangers of distracted walking.
- **Developing:** When people face financial penalties, they are more likely to reconsider their habits and prioritize their surroundings.

- **Rephrase:** Financial penalties can promote awareness of walking distractions.
- **Collocations:** distracted walking, awareness campaigns, behavior change
- **Reason Topic:** Distractions

## Behavior Changes

- **Q:** Blue86  
The debate centers on whether initial impressions or long-term observations are more effective for understanding a person's character.
- **Side:** Long-Term Observation
- **Topic Sentence:** Time provides context that enhances the evaluation of a person's character.
- **Developing:** Situational responses and changes in behavior can only be assessed through prolonged interaction.
- **Rephrase:** Contextual understanding is gained through extended acquaintance.
- **Collocations:** contextual evaluation, situational responses, behavior changes
- **Reason Topic:** Social behavior

## Behavioral Changes

- **Q:** Blue161  
The statement suggests that an individual's personality evolves over time as they age.
- **Side:** Disagree
- **Topic Sentence:** External factors, rather than age, often influence personality changes.
- **Developing:** Life events, such as career changes or relationship dynamics, can alter behavior more than aging itself.
- **Rephrase:** Life events impact personality more than age.
- **Collocations:** external influences, life events, behavioral changes
- **Reason Topic:** Behavioral changes

## Better Focus

- **Q:** Blue115  
The debate centers around whether studying for exams at night or during the day is more effective for students.
- **Side:** Studying at Night
- **Topic Sentence:** Studying at night allows for fewer distractions.
- **Developing:** During nighttime, the environment is generally quieter, enabling better focus on studies.
- **Rephrase:** Nighttime study provides a more peaceful atmosphere for concentration.
- **Collocations:** fewer distractions, better focus, peaceful atmosphere
- **Reason Topic:** Study Environment

## Biological Rhythms

- **Q:** Neo-W106  
The debate centers around whether offering evening classes would benefit high school students compared to traditional morning classes.
- **Side:** Morning Classes
- **Topic Sentence:** Daytime learning aligns with human biological rhythms.
- **Developing:** Humans are naturally inclined to be more productive during daylight hours, making morning classes more suitable.
- **Rephrase:** Daytime education fits better with our natural biological patterns.
- **Collocations:** biological rhythms, daytime productivity, suitable learning
- **Reason Topic:** Productivity

## Brain Development

- **Q:** Blue177  
The debate centers around whether 18-year-olds possess the maturity required to participate in voting.
- **Side:** Against Voting at 18
- **Topic Sentence:** Emotional and cognitive development is ongoing.
- **Developing:** Research shows that brain development continues into the mid-20s, affecting judgment and impulse control.
- **Rephrase:** Cognitive growth is still in progress.

- **Collocations:** brain development, impulse control, judgment skills
- **Reason Topic:** Maturity

## Brand Loyalty

- **Q:** Neo-W38  
The discussion revolves around the influence of social media influencers on consumer behavior, with differing opinions on their impact and authenticity.
- **Side:** Influencers Have Significant Impact
- **Topic Sentence:** The authenticity of influencers can enhance their credibility.
- **Developing:** When influencers genuinely use and believe in the products they promote, their endorsements resonate more with followers.
- **Rephrase:** Genuine endorsements can strengthen consumer trust.
- **Collocations:** genuine recommendations, brand loyalty, authentic endorsements
- **Reason Topic:** Trust

## Burnout

- **Q:** Blue46  
The question analyzes whether individuals perform better under stress or pressure, suggesting that stress may enhance motivation towards achieving goals.
- **Side:** Negative Effects of Stress
- **Topic Sentence:** Excessive stress can lead to burnout.
- **Developing:** When individuals are constantly under pressure, they may experience fatigue and decreased motivation over time.
- **Rephrase:** Too much stress can result in exhaustion.
- **Collocations:** burnout, mental fatigue, decreased motivation
- **Reason Topic:** Health

## Burnout

- **Q:** Neo-W87  
The debate centers around whether high school students should be required to learn useful skills outside of regular school hours.
- **Side:** Voluntary Skill Learning

- **Topic Sentence:** Making skill learning outside of school a requirement adds unnecessary pressure on students.
- **Developing:** Many high schoolers already face heavy workloads, and adding more obligations can lead to burnout.
- **Rephrase:** Imposing skill learning can overwhelm students with additional stress.
- **Collocations:** student pressure, heavy workloads, burnout
- **Reason Topic:** Student Well-being

## Burnout Prevention

- **Q:** Blue130  
The debate revolves around whether individuals should prioritize daily exercise routines or engage in physical activity only during their free time.
- **Side:** Exercise When Free
- **Topic Sentence:** Exercising when free can prevent burnout.
- **Developing:** Participating in physical activity only when one has the time can help maintain enthusiasm and prevent fatigue.
- **Rephrase:** Occasional workouts can sustain interest and energy levels.
- **Collocations:** prevent burnout, sustain interest, enthusiasm for fitness
- **Reason Topic:** Exercise frequency

## Career Fulfillment

- **Q:** Blue114  
The debate centers on whether individuals should be mandated to retire at the age of 65.
- **Side:** Voluntary Retirement
- **Topic Sentence:** Individuals should have the choice to work beyond 65 based on personal circumstances.
- **Developing:** Many people find fulfillment and purpose in their careers, making forced retirement detrimental to their happiness.
- **Rephrase:** People should decide for themselves when to retire, depending on their situation.
- **Collocations:** personal choice, career fulfillment, individual circumstances
- **Reason Topic:** Job satisfaction

## Carefree Life

- **Q:** Blue93  
The debate centers around whether being an adult is easier than being a child.
- **Side:** Easier to be a Child
- **Topic Sentence:** Children have fewer responsibilities compared to adults.
- **Developing:** They can focus on learning and play without the burden of adult obligations.
- **Rephrase:** Children enjoy a carefree lifestyle with minimal duties.
- **Collocations:** carefree life, learning, playtime
- **Reason Topic:** Obligations

## Chronic Disease Prevention

- **Q:** Blue104  
The debate centers around whether physical exercise holds greater importance for older individuals compared to younger ones.
- **Side:** Importance for Older People
- **Topic Sentence:** Physical exercise significantly enhances the health of older adults.
- **Developing:** Regular physical activity helps prevent chronic diseases and improves mobility in seniors.
- **Rephrase:** Exercise plays a crucial role in maintaining health among the elderly.
- **Collocations:** chronic disease prevention, mobility improvement, health maintenance
- **Reason Topic:** Elderly fitness

## Chronic Diseases

- **Q:** Neo-W109  
The question explores whether people are generally healthier now than in the past, considering advancements in healthcare and ongoing lifestyle challenges.
- **Side:** Healthier in the Past
- **Topic Sentence:** Lifestyle-related health issues are more prevalent today than in the past.
- **Developing:** Sedentary lifestyles and poor eating habits have led to an increase in chronic diseases.

- **Rephrase:** Modern lifestyles contribute to a rise in health problems that were less common before.
- **Collocations:** sedentary lifestyle, chronic diseases, poor diet
- **Reason Topic:** Health Risks

## Clarity

- **Q:** Blue101  
The question analyzes the acceptability of interrupting others during conversations.
- **Side:** Disagree with the Statement
- **Topic Sentence:** Interruptions can sometimes be necessary for clarity.
- **Developing:** In fast-paced discussions, interrupting can help clarify misunderstandings or keep the conversation on track.
- **Rephrase:** Clarifying points may require interruptions.
- **Collocations:** clarity in conversation, fast-paced discussions, keeping on track
- **Reason Topic:** Discussion

## Classroom Hygiene

- **Q:** Blue126  
The debate centers around whether students should be allowed to eat and drink during classes.
- **Side:** Opposition to Eating and Drinking
- **Topic Sentence:** Allowing food and drinks can create cleanliness issues.
- **Developing:** Spills and crumbs can lead to an unclean classroom environment, affecting everyone.
- **Rephrase:** Food consumption may result in hygiene problems.
- **Collocations:** cleanliness concerns, classroom hygiene, spill management
- **Reason Topic:** Classroom Maintenance

## Cognitive

- **Q:** Neo-S66  
The statement suggests that students who engage in regular physical activity and exercise are more likely to achieve academic success.

- **Side:** Support for Physical Activity
- **Topic Sentence:** Regular exercise enhances cognitive function.
- **Developing:** Physical activity increases blood flow to the brain, which can improve memory and concentration.
- **Rephrase:** Engaging in exercise boosts brain performance.
- **Collocations:** cognitive enhancement, memory improvement, concentration boost
- **Reason Topic:** Exercise Impact

## Cognitive Benefits

- **Q:** Blue199  
The debate centers around the preference between reading paper books and listening to audiobooks.
- **Side:** Paper Books
- **Topic Sentence:** Reading paper books enhances focus and comprehension.
- **Developing:** The tactile experience of holding a book and turning pages can improve retention of information.
- **Rephrase:** Physical books promote better understanding and concentration.
- **Collocations:** focus on reading, comprehension skills, tactile experience
- **Reason Topic:** Reading Experience

## Cognitive Burden

- **Q:** Neo-S87  
The question discusses whether individuals should dedicate time daily to reading the news to stay informed about global events.
- **Side:** Challenges of Daily News Reading
- **Topic Sentence:** Daily news consumption can lead to information overload.
- **Developing:** With the vast amount of news available, individuals may feel overwhelmed and unable to process information effectively.
- **Rephrase:** Too much news can overwhelm individuals.
- **Collocations:** information overload, news fatigue, cognitive burden
- **Reason Topic:** Information Processing

## Cognitive Development

- **Q:** Blue61  
The debate centers around whether children should be exposed to news through listening or reading at an early age.
- **Side:** Concerns Against Early Exposure to News
- **Topic Sentence:** Children might lack the maturity to understand complex issues.
- **Developing:** Without proper context, children may misinterpret news and develop skewed perspectives.
- **Rephrase:** Young children may misinterpret news without sufficient context.
- **Collocations:** misunderstanding, contextual knowledge, cognitive development
- **Reason Topic:** Maturity

## Cognitive Skills

- **Q:** Blue178  
The debate centers around whether playing computer or video games negatively impacts teenagers.
- **Side:** Positive Influence
- **Topic Sentence:** Video games can enhance problem-solving skills.
- **Developing:** Many games require players to think critically and develop strategies, which can improve cognitive abilities.
- **Rephrase:** Playing video games can boost critical thinking and strategy development.
- **Collocations:** problem-solving, cognitive skills, critical thinking
- **Reason Topic:** Skills

## Cognitive Skills

- **Q:** Neo-W61  
The debate centers around whether it is beneficial for very young children to play educational computer games or if it leads to excessive screen time.
- **Side:** Screen Time Concerns
- **Topic Sentence:** Traditional learning methods are more beneficial for young children.

- **Developing:** Reading books and engaging in hands-on activities foster better cognitive and social skills.
- **Rephrase:** Conventional learning approaches yield superior developmental outcomes.
- **Collocations:** hands-on activities, reading books, cognitive skills
- **Reason Topic:** Cognitive Development

## Collaboration

- **Q:** Blue94  
The debate centers around whether individuals should tackle challenges independently or seek assistance from others.
- **Side:** Collaborative Problem Solving
- **Topic Sentence:** Seeking help from others can lead to more effective solutions.
- **Developing:** Collaboration allows individuals to leverage diverse perspectives and expertise.
- **Rephrase:** Working together often yields better outcomes.
- **Collocations:** teamwork, diverse perspectives, collective intelligence
- **Reason Topic:** Collaboration

## Comfort

- **Q:** Blue36  
The question asks whether students prefer decorated surroundings or simple, undecorated spaces, and why.
- **Side:** Decorated Surroundings
- **Topic Sentence:** Decorated spaces can reflect personal identity, making individuals feel more at home.
- **Developing:** When students decorate their spaces, it allows them to express their individuality, making the environment more comfortable and familiar.
- **Rephrase:** Decorations express individuality and create a sense of comfort.
- **Collocations:** reflect personal identity, feel more at home, express individuality
- **Reason Topic:** Comfort

## Comfort

- **Q:** Blue14  
The debate centers around whether individuals should keep old items from the past due to emotional attachment or if they should let go of them.
- **Side:** Emotional Attachment
- **Topic Sentence:** Keeping old items can provide comfort and a sense of identity.
- **Developing:** They serve as tangible reminders of personal history and growth.
- **Rephrase:** Old items can offer reassurance and a connection to one's personal journey.
- **Collocations:** sense of identity, tangible reminders, personal history
- **Reason Topic:** Personal growth

## Communication

- **Q:** Blue68  
The debate centers on the preferred method of providing feedback to students: in-person discussions versus written comments.
- **Side:** In-Person Feedback
- **Topic Sentence:** In-person feedback fosters better communication between teachers and students.
- **Developing:** Face-to-face interactions allow for immediate clarification and dialogue, enhancing understanding.
- **Rephrase:** Direct conversations improve the exchange of ideas and feedback.
- **Collocations:** face-to-face interaction, immediate feedback, effective communication
- **Reason Topic:** Understanding

## Communication

- **Q:** Blue71  
The debate centers around the preference for sending messages versus making phone calls for communication.
- **Side:** Messaging Preference
- **Topic Sentence:** Sending messages allows for more thoughtful communication.
- **Developing:** This method gives individuals the time to articulate their thoughts clearly before sending them.

- **Rephrase:** Messaging enables individuals to communicate with more consideration.
- **Collocations:** thoughtful communication, articulate thoughts, clear messaging
- **Reason Topic:** Thoughtfulness

## Communication Skills

- **Q:** Blue157  
The question analyzes the benefits of students attending a university or college in a foreign country.
- **Side:** Cultural Exposure
- **Topic Sentence:** International education improves language skills.
- **Developing:** Living in a foreign country provides practical language practice, enhancing fluency.
- **Rephrase:** Studying in another country significantly boosts language proficiency.
- **Collocations:** language immersion, fluency improvement, communication skills
- **Reason Topic:** Language skills

## Communication Skills

- **Q:** Neo-W101  
The debate centers around whether high school students should be required to make oral presentations in their courses.
- **Side:** Support for Oral Presentations
- **Topic Sentence:** Oral presentations enhance essential communication skills.
- **Developing:** By presenting their work, students learn to articulate their thoughts clearly and confidently.
- **Rephrase:** Speaking in front of others helps students express their ideas effectively.
- **Collocations:** public speaking, communication skills, audience engagement
- **Reason Topic:** Communication

## Community

- **Q:** Blue95  
The question explores preferences among students regarding whom to ask for help with class assignments: professors or fellow students.
- **Side:** Asking Fellow Students
- **Topic Sentence:** Collaborating with classmates encourages teamwork and communication skills.
- **Developing:** Working together can enhance understanding and foster a sense of community.
- **Rephrase:** Group discussions can improve comprehension and build camaraderie.
- **Collocations:** teamwork, communication skills, community building
- **Reason Topic:** Skills

## Community

- **Q:** Neo-W45  
The debate centers around whether universities should prioritize funding for academic facilities like libraries or allocate equal resources to sports and athletic programs.
- **Side:** Sports Programs
- **Topic Sentence:** Sports programs foster community and school spirit.
- **Developing:** Athletic events bring students together, creating a sense of belonging and pride in the university.
- **Rephrase:** Athletics cultivate a strong sense of community among students.
- **Collocations:** school spirit, community engagement, student involvement
- **Reason Topic:** Student unity

## Community Engagement

- **Q:** Neo-W89  
The debate centers around whether individuals should prioritize charitable giving to local charities or international charities.
- **Side:** Local Charities
- **Topic Sentence:** Donating to local charities allows donors to see the direct impact of their contributions.

- **Developing:** This firsthand experience can motivate individuals to give more and engage with their community.
- **Rephrase:** Contributing to nearby charities enables donors to witness the immediate effects of their support.
- **Collocations:** direct impact, community engagement, personal involvement
- **Reason Topic:** Local benefit

## Community Health

- **Q:** Neo-W68  
The debate centers on whether local governments should allocate funding primarily to arts programs or recreational activities, considering their impact on community engagement and well-being.
- **Side:** Recreational Activities
- **Topic Sentence:** Investing in outdoor trails and parks benefits a larger segment of the community.
- **Developing:** More residents are likely to utilize recreational spaces, promoting physical health and social interaction.
- **Rephrase:** Enhancing parks and trails serves a broader audience.
- **Collocations:** community health, outdoor activities, social engagement
- **Reason Topic:** Public Usage

## Community Safety

- **Q:** Blue173  
The debate examines whether children benefit more from growing up in a big city or a small town.
- **Side:** Growing Up in a Small Town
- **Topic Sentence:** Small towns provide a safer environment for children.
- **Developing:** Lower crime rates and close-knit communities contribute to a sense of security.
- **Rephrase:** Children in rural areas often experience greater safety.
- **Collocations:** community safety, low crime, secure environment
- **Reason Topic:** Community

## Confidence

- **Q:** Blue35  
The debate centers around whether children born with talent should receive special treatment or be treated the same as their peers.
- **Side:** Special Treatment for Talented Children
- **Topic Sentence:** Recognizing talent can boost a child's confidence and motivation.
- **Developing:** When talented children receive acknowledgment, it encourages them to pursue their passions more vigorously.
- **Rephrase:** Acknowledging talent can enhance a child's self-esteem.
- **Collocations:** confidence building, motivation enhancement, talent recognition
- **Reason Topic:** Self-Esteem

## Confidence

- **Q:** Blue29  
The debate centers around whether to lower the age for obtaining a driver's license, weighing the potential benefits against safety concerns.
- **Side:** Support for Lowering Age
- **Topic Sentence:** Younger drivers can gain valuable experience sooner.
- **Developing:** Starting to drive at an earlier age helps them build skills and confidence on the road.
- **Rephrase:** Early driving experience enhances road competence.
- **Collocations:** driving experience, road skills, confidence building
- **Reason Topic:** Skill development

## Conservation

- **Q:** Blue136  
The debate centers around whether building zoos contributes to the protection of animals.
- **Side:** Support for Zoos
- **Topic Sentence:** Zoos play a crucial role in the conservation of endangered species.
- **Developing:** Many zoos participate in breeding programs that help increase the population of threatened animals.

- **Rephrase:** Zoos are essential for preserving species at risk of extinction.
- **Collocations:** breeding programs, endangered species, conservation efforts
- **Reason Topic:** Endangered species

## Consumer Behavior

- **Q:** Neo-W48  
The discussion revolves around whether the government should impose taxes on unhealthy products like sugary drinks and junk food to discourage consumption and improve public health.
- **Side:** Opposition to Taxing Unhealthy Products
- **Topic Sentence:** Taxing unhealthy products may not effectively change consumer behavior.
- **Developing:** Wealthier individuals may not be deterred by higher prices, leading to continued consumption of unhealthy foods.
- **Rephrase:** Higher costs may not influence the purchasing habits of affluent consumers.
- **Collocations:** consumer behavior, price sensitivity, wealth disparity
- **Reason Topic:** Market Dynamics

## Convenience

- **Q:** Neo-S76  
The debate revolves around the preference for shopping at a convenient but expensive store versus a distant but cheaper store.
- **Side:** Convenient Shopping
- **Topic Sentence:** Shopping at a nearby store saves time and effort.
- **Developing:** When a store is close, it allows for quick trips, making it easier to pick up essentials without a significant time commitment.
- **Rephrase:** Proximity to a store enables swift shopping experiences.
- **Collocations:** time-saving, easy access, quick trips, convenience factor
- **Reason Topic:** Time efficiency

## Convenience

- **Q:** Blue175

The question is asking about the preferred location for consuming fast food, whether it is in a fast-food restaurant or in other types of places.

- **Side:** Fast-Food Restaurants
- **Topic Sentence:** Having fast food in a fast-food restaurant is more convenient because it allows for quick service and a speedy dining experience.
- **Developing:** Fast-food restaurants are designed to provide rapid service, making it ideal for individuals with busy schedules.
- **Rephrase:** Eating at a fast-food restaurant offers a hassle-free experience.
- **Collocations:** quick service, speedy dining, busy schedules
- **Reason Topic:** Fast Food

## Convenience

- **Q:** Blue76

The question discusses the preference between two apartments: one near campus but more expensive, and one farther away but cheaper.

- **Side:** Proximity to Campus
- **Topic Sentence:** Living near campus enhances convenience for students.
- **Developing:** This proximity allows for easier access to classes and campus facilities, saving time and transportation costs.
- **Rephrase:** Being close to campus simplifies daily routines.
- **Collocations:** easy access, time-saving, transportation costs
- **Reason Topic:** Accessibility

## Convenience

- **Q:** Neo-S68

The debate centers around whether shopping at specialty shops or supermarkets is the better option for grocery shopping.

- **Side:** Supermarkets
- **Topic Sentence:** Supermarkets provide convenience by offering a wide variety of products.
- **Developing:** Customers can find everything they need in one location, saving time and effort.

- **Rephrase:** Supermarkets are convenient as they stock a diverse range of items.
- **Collocations:** one-stop shopping, time-saving, variety of products
- **Reason Topic:** Shopping Experience

## Convenience

- **Q:** Blue45  
The debate centers on whether important business meetings should be conducted in person or through technology like video conferencing.
- **Side:** Video Conference Calls
- **Topic Sentence:** Video conference calls offer greater flexibility and convenience.
- **Developing:** Participants can join from various locations, saving time and travel costs.
- **Rephrase:** Virtual meetings provide more convenience and adaptability.
- **Collocations:** greater flexibility, save time, travel costs
- **Reason Topic:** Flexibility

## Cost Reduction

- **Q:** Blue54  
The question discusses whether government funding should be directed towards initiatives that promote healthier lifestyles among citizens.
- **Side:** Support for Government Spending
- **Topic Sentence:** Investing in health initiatives can reduce long-term healthcare costs.
- **Developing:** By promoting healthier lifestyles, the government can decrease the prevalence of chronic diseases, leading to lower medical expenses.
- **Rephrase:** Funding health programs can lead to significant savings in healthcare.
- **Collocations:** healthcare costs, chronic diseases, government funding
- **Reason Topic:** Healthcare savings

## Creative Decline

- **Q:** Neo-W103  
The debate centers around whether the use of artificial intelligence in the writing industry should be encouraged or discouraged, considering the implications for originality and quality of content.
- **Side:** Discouragement of AI Use
- **Topic Sentence:** Over-reliance on AI may diminish a writer's creativity.
- **Developing:** If writers depend too much on generated content, they may lose their unique voice and critical thinking skills.
- **Rephrase:** Dependence on AI could stifle creativity.
- **Collocations:** creative decline, unique voice, critical thinking
- **Reason Topic:** Originality

## Creative Expression

- **Q:** Blue37  
The debate centers around whether individuals prefer participating in performances or being part of the audience watching them.
- **Side:** Participation in Performances
- **Topic Sentence:** Participating in performances fosters creativity and self-expression.
- **Developing:** Engaging in theater or music allows individuals to explore their artistic talents and express their emotions.
- **Rephrase:** Being involved in performances enhances one's creative abilities and personal expression.
- **Collocations:** creative expression, artistic talent, performance skills
- **Reason Topic:** Creativity

## Creative Outlet

- **Q:** Blue64  
The question discusses the differing opinions on whether people should document their travel experiences through diaries or photos.
- **Side:** Documenting Experiences
- **Topic Sentence:** Documenting experiences can foster creativity and self-expression.

- **Developing:** Through writing and photography, individuals can share their unique perspectives and stories with others.
- **Rephrase:** Capturing experiences encourages artistic expression.
- **Collocations:** creative outlet, storytelling, artistic expression
- **Reason Topic:** Self-Expression

## Creative Potential

- **Q:** Neo-S96  
The debate centers on whether natural talent or hard work is more crucial for success in the arts.
- **Side:** Natural Ability
- **Topic Sentence:** Natural talent is often seen as a prerequisite for artistic success.
- **Developing:** Many believe that innate skills allow artists to express themselves more authentically and creatively from the start.
- **Rephrase:** Inherent skills are frequently viewed as essential for achieving success in the arts.
- **Collocations:** natural talent, artistic expression, creative potential
- **Reason Topic:** Artistic success

## Creative Stimulation

- **Q:** Neo-S39  
The question explores whether individuals should only participate in activities or hobbies where they possess skill or talent.
- **Side:** Exploring New Activities
- **Topic Sentence:** Participating in diverse activities can enhance creativity.
- **Developing:** Engaging in various hobbies can stimulate creativity and innovation by exposing individuals to different perspectives.
- **Rephrase:** Diverse activities can boost creative thinking.
- **Collocations:** creative stimulation, innovative thinking, diverse experiences
- **Reason Topic:** Diverse engagement

## Creative Thinking

- **Q:** Blue26  
Examining whether it is better to stay constantly busy or to have times of doing nothing.
- **Side:** Doing Nothing
- **Topic Sentence:** Time without tasks can lead to creative thinking and problem-solving.
- **Developing:** Unstructured time often allows the brain to wander, leading to innovative ideas and solutions.
- **Rephrase:** Free time often fosters creativity and new solutions.
- **Collocations:** creative thinking, problem-solving, innovative ideas
- **Reason Topic:** Innovation

## Creativity

- **Q:** Blue160  
The debate revolves around whether it is better to focus on one job or project at a time versus multitasking by handling several jobs or projects simultaneously.
- **Side:** Multitasking Preference
- **Topic Sentence:** Engaging in multiple projects can enhance creativity.
- **Developing:** Switching between different tasks can spark new ideas and innovative solutions.
- **Rephrase:** Working on various projects can stimulate creative thinking.
- **Collocations:** creative thinking, idea generation, innovation
- **Reason Topic:** Innovation

## Creativity

- **Q:** Blue83  
The importance of young people learning practical skills such as cooking, sewing, and childcare.
- **Side:** Practical Skills
- **Topic Sentence:** These skills enhance creativity and problem-solving abilities.
- **Developing:** Engaging in activities like sewing and cooking encourages young people to think creatively and find solutions to everyday challenges.
- **Rephrase:** Practicing these skills boosts innovative thinking.

- **Collocations:** creative thinking, problem-solving, hands-on experience
- **Reason Topic:** Innovation

## Creativity

- **Q:** Blue164  
The debate centers around whether individuals prefer to spend their leisure time with friends or alone.
- **Side:** Spending Time Alone
- **Topic Sentence:** Solitude can enhance creativity and focus.
- **Developing:** Being alone often provides the quiet needed to think deeply and innovate.
- **Rephrase:** Alone time boosts creativity and concentration.
- **Collocations:** creative thinking, focused work, individual projects
- **Reason Topic:** Focused work

## Creativity

- **Q:** Blue115  
The debate centers around whether studying for exams at night or during the day is more effective for students.
- **Side:** Studying at Night
- **Topic Sentence:** Nighttime studying can enhance creativity and critical thinking.
- **Developing:** Many students find that their minds are more active and imaginative at night, leading to deeper understanding.
- **Rephrase:** Evening hours may boost creative thinking and problem-solving skills.
- **Collocations:** enhanced creativity, critical thinking, deeper understanding
- **Reason Topic:** Cognitive Performance

## Critical Thinking

- **Q:** Neo-S41  
The debate centers around whether it is preferable to remain quiet or to engage in conversation while watching movies and television shows with friends and family.

- **Side:** Interactive Viewing
- **Topic Sentence:** Sharing opinions can lead to deeper understanding of the content.
- **Developing:** Discussing themes and characters can spark insightful conversations and interpretations.
- **Rephrase:** Dialogue encourages critical thinking about the film.
- **Collocations:** deeper understanding, insightful conversations, critical thinking
- **Reason Topic:** Discussion

## Cultural Fusion

- **Q:** Neo-W114  
The discussion focuses on effective strategies to promote traditional music, particularly classical music, to young adults who show declining interest in this genre.
- **Side:** Public Concerts
- **Topic Sentence:** Collaborating with popular artists can bridge the gap between classical and contemporary music.
- **Developing:** When classical musicians partner with popular artists, they can create fusion performances that appeal to the tastes of young adults.
- **Rephrase:** Collaboration with popular musicians can attract younger audiences to classical music.
- **Collocations:** artist collaboration, fusion performances, cross-genre appeal
- **Reason Topic:** Collaboration

## Cultural Understanding

- **Q:** Neo-S43  
The question discusses whether children should be encouraged to engage with news media from a young age.
- **Side:** Encouragement of News Consumption
- **Topic Sentence:** News consumption can enhance children's awareness of the world.
- **Developing:** Being informed about global issues helps children understand different cultures and perspectives.
- **Rephrase:** Staying updated on news broadens children's worldview.
- **Collocations:** global awareness, cultural understanding, perspective taking

- **Reason Topic:** World Knowledge

## Customer Satisfaction

- **Q:** Neo-W70  
The debate centers on whether shopping at small local stores is more beneficial for consumers than shopping at superstores.
- **Side:** Local Retailers
- **Topic Sentence:** Shopping at small local stores enhances customer service.
- **Developing:** Local retailers often provide personalized attention and specialized services that larger stores may not offer.
- **Rephrase:** Smaller shops deliver tailored customer experiences.
- **Collocations:** personalized service, customer satisfaction, local expertise
- **Reason Topic:** Consumer Experience

## Customer Satisfaction

- **Q:** Blue88  
The importance of being outgoing and friendly for success in business.
- **Side:** Outgoing and Friendly Personality
- **Topic Sentence:** Being friendly can enhance customer satisfaction.
- **Developing:** Customers are more likely to return to businesses where they feel welcomed and valued.
- **Rephrase:** A warm approach can lead to increased customer loyalty.
- **Collocations:** customer satisfaction, loyalty, positive experiences
- **Reason Topic:** Satisfaction

## Detrimental Decisions

- **Q:** Neo-W14  
The discussion revolves around whether the advancements in artificial general intelligence (AGI) and superintelligence pose a significant threat to humanity or if such concerns are exaggerated.
- **Side:** Potential Threat of AI
- **Topic Sentence:** Without proper regulations, AI could surpass human intelligence and capabilities.

- **Developing:** This could result in AI systems making decisions that are detrimental to human welfare.
- **Rephrase:** In the absence of regulations, AI may exceed human intelligence and take harmful actions.
- **Collocations:** surpass intelligence, detrimental decisions, lack of regulations, AI capabilities
- **Reason Topic:** Intelligence control

## Development

- **Q:** Neo-W61  
The debate centers around whether it is beneficial for very young children to play educational computer games or if it leads to excessive screen time.
- **Side:** Screen Time Concerns
- **Topic Sentence:** Excessive screen time can negatively impact young children's development.
- **Developing:** Spending too much time in front of screens can hinder physical activity and social interactions.
- **Rephrase:** Too much screen exposure may harm children's growth.
- **Collocations:** screen time, physical activity, social skills
- **Reason Topic:** Developmental Impact

## Diet Choices

- **Q:** Blue175  
The question is asking about the preferred location for consuming fast food, whether it is in a fast-food restaurant or in other types of places.
- **Side:** Other Kinds of Places
- **Topic Sentence:** Other kinds of places may offer more options for customization and personalization of fast food.
- **Developing:** When eating at home or in other non-traditional settings, individuals can modify their fast food to suit their tastes.
- **Rephrase:** Having fast food in alternative locations provides more opportunities for customization.
- **Collocations:** customization options, personalization, modify to taste
- **Reason Topic:** Food Options

## Diet Impact

- **Q:** Blue175  
The question is asking about the preferred location for consuming fast food, whether it is in a fast-food restaurant or in other types of places.
- **Side:** Fast-Food Restaurants
- **Topic Sentence:** Fast-food restaurants often have a consistent taste and quality that customers have grown accustomed to.
- **Developing:** The standardized preparation methods used in fast-food restaurants ensure that the food tastes the same every time.
- **Rephrase:** The familiar taste of fast food is a major draw for many customers.
- **Collocations:** consistent taste, standardized preparation, familiar flavor
- **Reason Topic:** Food Quality

## Digital Distractions

- **Q:** Blue184  
The question examines the significance of the Internet in daily life and whether one agrees or disagrees with its importance.
- **Side:** Disagree with the Importance of the Internet
- **Topic Sentence:** The Internet can lead to distractions and reduced productivity.
- **Developing:** With endless entertainment options available online, individuals may struggle to focus on important tasks.
- **Rephrase:** The Internet often distracts users from their responsibilities.
- **Collocations:** digital distractions, reduced focus, entertainment options
- **Reason Topic:** Productivity

## Digital Reading

- **Q:** Blue116  
The debate centers around the preference for reading books in electronic format versus traditional printed copies.
- **Side:** Electronic Format
- **Topic Sentence:** Reading books electronically offers convenience and accessibility.
- **Developing:** With e-books, readers can carry multiple titles on a single device, making it easy to access a wide range of literature anywhere.

- **Rephrase:** E-books provide easy access and portability.
- **Collocations:** digital reading, portable library, instant access
- **Reason Topic:** Accessibility

## Digital Skills

- **Q:** Blue141  
The debate centers around whether children should be allowed to use computers or electronic devices from an early age.
- **Side:** Pro Early Use
- **Topic Sentence:** Using devices early helps develop essential digital skills.
- **Developing:** As technology becomes integral to daily life, familiarity with devices prepares children for future academic and career demands.
- **Rephrase:** Familiarity with technology is crucial for future success.
- **Collocations:** digital skills, future demands, technology familiarity
- **Reason Topic:** Future Preparedness

## Disability Support

- **Q:** Neo-W41  
The discussion focuses on the significant impacts of online classes in education, with varying opinions on accessibility versus engagement.
- **Side:** Accessibility of Online Classes
- **Topic Sentence:** Online learning accommodates diverse student needs.
- **Developing:** Students with disabilities or those living far from campus can participate more easily.
- **Rephrase:** Distance learning caters to a wider range of student circumstances.
- **Collocations:** disability support, remote learning, inclusivity, geographical barriers
- **Reason Topic:** Diversity

## Disengagement

- **Q:** Blue2  
The question discusses whether schools should mandate student attendance at cultural events, such as art exhibitions.

- **Side:** Opposition to Mandatory Attendance
- **Topic Sentence:** Mandatory attendance may lead to student disengagement.
- **Developing:** Forcing students to attend events they are not interested in can result in a lack of enthusiasm and participation.
- **Rephrase:** Compulsory attendance might cause students to lose interest.
- **Collocations:** student disengagement, lack of interest, forced participation
- **Reason Topic:** Interest

## Eating Habits

- **Q:** Blue69  
The university plans to raise the prices of junk food to generate revenue for expanding healthy food options. The question is whether this approach is agreeable or not.
- **Side:** Opposition to Price Increase
- **Topic Sentence:** This approach may not effectively change eating habits among students.
- **Developing:** Students may continue to purchase junk food despite higher prices, undermining the intended health benefits.
- **Rephrase:** Higher prices might not lead to healthier eating behaviors.
- **Collocations:** eating habits, consumer behavior, price sensitivity
- **Reason Topic:** Consumption

## Education

- **Q:** Blue66  
The debate centers around whether the government should implement a law imposing fines on individuals who use mobile phones while crossing the street.
- **Side:** Opposition to the Law
- **Topic Sentence:** Fining individuals may not effectively address the root problem.
- **Developing:** Instead of fines, education on safe practices could be more beneficial.
- **Rephrase:** Education might be a better solution than imposing fines.
- **Collocations:** root problem, educational programs, safe practices
- **Reason Topic:** Education

## Effective Communication

- **Q:** Blue101  
The question analyzes the acceptability of interrupting others during conversations.
- **Side:** Agree with the Statement
- **Topic Sentence:** Listening is a crucial part of effective communication.
- **Developing:** Allowing others to finish their thoughts fosters better understanding and collaboration.
- **Rephrase:** Listening fully enhances understanding.
- **Collocations:** effective listening, collaborative dialogue, understanding others
- **Reason Topic:** Dialogue

## Efficiency

- **Q:** Blue25  
The debate centers around the preferred method of note-taking during lectures or meetings, comparing handwritten notes to typed notes on devices.
- **Side:** Typed Notes
- **Topic Sentence:** Typing notes is faster and more efficient.
- **Developing:** With the ability to type quickly, individuals can capture more information during lectures without missing key points.
- **Rephrase:** Using a keyboard allows for quicker information capture.
- **Collocations:** speed of typing, efficient note-taking, information capture
- **Reason Topic:** Speed

## Emotional

- **Q:** Blue49  
The debate centers around the approval of homeschooling as a legitimate form of education in some countries, examining its benefits and drawbacks.
- **Side:** Support for Homeschooling
- **Topic Sentence:** Homeschooling can create a safer learning environment free from bullying.
- **Developing:** Parents can provide a supportive atmosphere that fosters emotional well-being and academic growth.
- **Rephrase:** A secure environment promotes better learning outcomes.

- **Collocations:** safe environment, emotional well-being, academic growth
- **Reason Topic:** Bullying

## Emotional

- **Q:** Neo-W1  
This debate explores whether yoga and meditation or physical activities like sports and exercise have a more positive impact on mental health and overall happiness.
- **Side:** Yoga and Meditation
- **Topic Sentence:** Yoga and meditation can improve overall happiness and emotional well-being.
- **Developing:** Regular practice fosters a sense of peace and contentment, promoting long-term happiness.
- **Rephrase:** Frequent yoga and meditation promote lasting peace and joy.
- **Collocations:** emotional well-being, overall happiness, regular practice
- **Reason Topic:** Happiness

## Emotional Distress

- **Q:** Blue119  
The question analyzes the importance of a child spending time away from home to visit relatives and friends.
- **Side:** Challenges of Being Away
- **Topic Sentence:** Being away from home can cause emotional distress in children.
- **Developing:** Separation from parents and familiar surroundings may lead to feelings of anxiety and loneliness.
- **Rephrase:** Distance from home can lead to emotional challenges for children.
- **Collocations:** emotional distress, anxiety, loneliness
- **Reason Topic:** Child Well-being

## Emotional Distress

- **Q:** Neo-S20  
The importance of children spending time away from home visiting relatives or friends for their development.
- **Side:** Potential Emotional Challenges
- **Topic Sentence:** Living away from home can lead to feelings of anxiety and homesickness in children.
- **Developing:** Separation from familiar surroundings may cause emotional distress and insecurity.
- **Rephrase:** Being away from home might trigger anxiety and a longing for familiarity.
- **Collocations:** emotional distress, homesickness, anxiety levels
- **Reason Topic:** Anxiety

## Emotional Health

- **Q:** Neo-S84  
The debate centers around whether high schools should require students to take music and art classes or not.
- **Side:** Mandatory Music and Art Classes
- **Topic Sentence:** Music and art classes enhance emotional well-being.
- **Developing:** Engaging in these activities can reduce stress and improve mental health.
- **Rephrase:** Participation in these classes boosts students' emotional health.
- **Collocations:** emotional health, stress relief, mental wellness
- **Reason Topic:** Mental Health

## Emotional Health

- **Q:** Neo-S38  
The debate centers around whether individuals prefer re-reading familiar books or exploring new ones.
- **Side:** Re-reading Familiar Books
- **Topic Sentence:** Re-reading can evoke nostalgia and emotional connection.
- **Developing:** Many readers find comfort in revisiting stories that resonate with their personal experiences.

- **Rephrase:** Returning to a beloved book can bring back cherished memories.
- **Collocations:** emotional connection, nostalgic feelings, personal experiences
- **Reason Topic:** Nostalgia

## Emotional Impact

- **Q:** Blue14  
The debate centers around whether individuals should keep old items from the past due to emotional attachment or if they should let go of them.
- **Side:** Emotional Attachment
- **Topic Sentence:** Old items often hold significant sentimental value.
- **Developing:** These items can evoke cherished memories and feelings from one's past.
- **Rephrase:** Sentimental items can trigger fond recollections and emotions.
- **Collocations:** sentimental value, cherished memories, emotional connection
- **Reason Topic:** Emotional value

## Emotional Regulation

- **Q:** Blue161  
The statement suggests that an individual's personality evolves over time as they age.
- **Side:** Agree
- **Topic Sentence:** Maturity typically brings greater emotional regulation and empathy.
- **Developing:** With age, individuals often learn to manage their emotions better and understand others' feelings more deeply.
- **Rephrase:** Emotional maturity enhances interpersonal understanding.
- **Collocations:** emotional regulation, increased empathy, maturity effects
- **Reason Topic:** Interpersonal skills

## Emotional Relief

- **Q:** Blue5  
The debate centers on whether a sense of humor or a serious approach is more effective in handling difficult situations, such as conflicts with friends.

- **Side:** Humor in Difficult Situations
- **Topic Sentence:** Using humor can diffuse tension during conflicts.
- **Developing:** A light-hearted approach can ease emotional strain and foster open communication.
- **Rephrase:** A humorous attitude can reduce stress in challenging circumstances.
- **Collocations:** diffuse tension, light-hearted approach, open communication
- **Reason Topic:** Emotional management

## Emotional Security

- **Q:** Blue191  
The question explores preferences between a nomadic lifestyle and settling in one place for life.
- **Side:** Staying in One Place
- **Topic Sentence:** Staying in one place provides stability and security.
- **Developing:** Having a permanent home fosters a sense of belonging and community.
- **Rephrase:** A fixed residence offers a sense of safety.
- **Collocations:** community ties, emotional security, stability
- **Reason Topic:** Community

## Emotional Support

- **Q:** Blue164  
The debate centers around whether individuals prefer to spend their leisure time with friends or alone.
- **Side:** Spending Time with Friends
- **Topic Sentence:** Socializing with friends fosters a sense of belonging.
- **Developing:** Being with friends can enhance emotional well-being and strengthen relationships.
- **Rephrase:** Engaging with friends promotes emotional connection.
- **Collocations:** social interaction, emotional support, group activities
- **Reason Topic:** Social connections

## Emotional Support

- **Q:** Blue65  
The debate centers around whether children should be permitted to have pets.
- **Side:** Support for Keeping Pets
- **Topic Sentence:** Pets provide emotional support and companionship.
- **Developing:** Children often form strong bonds with their pets, which can enhance their emotional well-being.
- **Rephrase:** Pets can be great friends for children.
- **Collocations:** emotional support, companionship, bonding
- **Reason Topic:** Companionship

## Emotions

- **Q:** Blue51  
The statement suggests that art serves as a guiding force in our lives.
- **Side:** Art as Guidance
- **Topic Sentence:** Art provides valuable insights into human experiences.
- **Developing:** Through various forms, art reflects emotions and situations that help us navigate our own lives.
- **Rephrase:** Art offers important perspectives on life experiences.
- **Collocations:** human emotions, life experiences, personal reflection
- **Reason Topic:** Human Experience

## Employee Fatigue

- **Q:** Neo-W90  
The discussion revolves around whether the benefits of frequently changing jobs outweigh the disadvantages in today's job market.
- **Side:** Disadvantages of Changing Jobs
- **Topic Sentence:** Adapting to new environments can be exhausting.
- **Developing:** Each transition requires time and energy to adjust to new colleagues and workplace cultures.
- **Rephrase:** Adjusting to new jobs can be mentally and physically draining.
- **Collocations:** workplace adaptation, cultural adjustment, employee fatigue
- **Reason Topic:** Workplace Transition

## Energy Boost

- **Q:** Blue127  
The debate centers around whether learning is more effective in the morning or in the afternoon, with individuals having different preferences.
- **Side:** Afternoon Learning
- **Topic Sentence:** Some individuals feel more energized and creative in the afternoon.
- **Developing:** This increased energy can enhance engagement and motivation during learning sessions.
- **Rephrase:** For certain people, the afternoon brings a boost in creativity and enthusiasm.
- **Collocations:** increased energy, creative thinking, learning engagement
- **Reason Topic:** Learning Environment

## Energy Levels

- **Q:** Blue152  
The debate centers around the preference for attending classes during the day with part-time jobs in the evening versus attending classes in the evening with part-time jobs during the day.
- **Side:** Day Classes and Evening Jobs
- **Topic Sentence:** Attending classes during the day allows for better focus and energy.
- **Developing:** Students are generally more alert and can absorb information more effectively in the morning.
- **Rephrase:** Daytime classes enhance concentration and learning efficiency.
- **Collocations:** better focus, energy levels, learning efficiency
- **Reason Topic:** Learning

## Engagement

- **Q:** Blue67  
The debate centers around the preference for taking classes in the morning versus the afternoon.
- **Side:** Afternoon Classes
- **Topic Sentence:** Afternoon classes accommodate natural rhythms.

- **Developing:** Many students feel more awake and engaged later in the day, which can enhance participation.
- **Rephrase:** Classes in the afternoon align with energy levels.
- **Collocations:** peak performance, engagement, natural energy
- **Reason Topic:** Participation

## Enhanced Comfort

- **Q:** Neo-S97  
The decision between living in a new dormitory with modern amenities versus an older, historically significant dormitory.
- **Side:** Modern Dormitory
- **Topic Sentence:** Living in the new dormitory provides essential modern conveniences.
- **Developing:** These conveniences, such as high-speed internet and updated facilities, enhance the overall living experience.
- **Rephrase:** Residing in the new dormitory offers vital contemporary amenities.
- **Collocations:** modern conveniences, high-speed internet, updated facilities
- **Reason Topic:** Living standards

## Enhanced Engagement

- **Q:** Blue116  
The debate centers around the preference for reading books in electronic format versus traditional printed copies.
- **Side:** Electronic Format
- **Topic Sentence:** Electronic reading can enhance the reading experience with interactive features.
- **Developing:** Many e-readers offer features like adjustable font sizes, built-in dictionaries, and note-taking capabilities, which can enrich the reading process.
- **Rephrase:** E-readers enhance engagement with interactive tools.
- **Collocations:** interactive features, customizable settings, enhanced engagement
- **Reason Topic:** Interactivity

## Enhanced Focus

- **Q:** Blue190  
The debate centers around whether listening to music or studying in silence is more effective for concentration and productivity.
- **Side:** Studying in Silence
- **Topic Sentence:** A quiet environment minimizes distractions and enhances concentration.
- **Developing:** Silence allows for deeper focus on complex tasks without interruptions from music.
- **Rephrase:** Silence fosters better concentration on tasks.
- **Collocations:** minimize distractions, enhance concentration, deeper focus
- **Reason Topic:** Concentration

## Enhanced Focus

- **Q:** Blue138  
The debate centers around whether employees should be permitted to listen to music while working.
- **Side:** Support for Music at Work
- **Topic Sentence:** Listening to music can enhance productivity.
- **Developing:** Many studies suggest that music can improve focus and efficiency, allowing employees to complete tasks more effectively.
- **Rephrase:** Music has the potential to boost work performance.
- **Collocations:** enhanced focus, increased efficiency, task completion
- **Reason Topic:** Work Environment

## Enjoy Life

- **Q:** Blue145  
The debate centers around whether it is better to make detailed plans for the future or to focus on the present without making any plans.
- **Side:** Focusing on the Present
- **Topic Sentence:** Concentrating on the present allows for greater enjoyment of life.
- **Developing:** Living in the moment can lead to more fulfilling experiences and connections with others.

- **Rephrase:** Focusing on the here and now enhances life satisfaction.
- **Collocations:** enjoy life, fulfilling experiences, connections with others
- **Reason Topic:** Present Focus

## Enjoyable Experience

- **Q:** Neo-S27  
The debate centers around whether people prefer surprise visits from friends or prefer to be informed in advance before a visit.
- **Side:** Planned Visits
- **Topic Sentence:** Planned visits allow for better preparation and organization.
- **Developing:** Knowing in advance gives individuals the chance to tidy up and prepare for their guests, ensuring a more enjoyable experience.
- **Rephrase:** Advance notice enables better preparation for hosting.
- **Collocations:** better preparation, enjoyable experience, tidy up
- **Reason Topic:** Hosting

## Enrichment

- **Q:** Neo-S47  
The debate centers on whether individuals should spend extra money on tangible objects or on experiential activities.
- **Side:** Spending on Experiences
- **Topic Sentence:** Experiences create lasting memories that enrich our lives.
- **Developing:** Activities like vacations and concerts often lead to unforgettable moments that can be cherished forever.
- **Rephrase:** Engaging in experiences fosters memorable life events.
- **Collocations:** lasting memories, enrich lives, unforgettable moments, cherished experiences
- **Reason Topic:** Memories

## Exercise

- **Q:** Neo-S32  
The debate centers around whether building a new housing complex in the only green space of a crowded city is a good idea.

- **Side:** Opposition to Housing Complex
- **Topic Sentence:** The park serves as a vital recreational area for residents.
- **Developing:** It provides a space for exercise, relaxation, and social activities, which are essential in urban settings.
- **Rephrase:** The park is important for recreation and leisure in the city.
- **Collocations:** recreational area, exercise space, urban leisure
- **Reason Topic:** Urban lifestyle

## Eye Comfort

- **Q:** Blue116  
The debate centers around the preference for reading books in electronic format versus traditional printed copies.
- **Side:** Printed Copies
- **Topic Sentence:** Printed books reduce eye strain compared to screens.
- **Developing:** Many readers find that reading from paper is easier on the eyes, especially during long reading sessions.
- **Rephrase:** Paper books are easier on the eyes than screens.
- **Collocations:** eye comfort, screen fatigue, long reading
- **Reason Topic:** Eye strain

## Eye Health

- **Q:** Neo-W7  
The debate centers around the advantages and disadvantages of electronic books compared to traditional books, focusing on aspects like convenience, reading experience, and health implications.
- **Side:** Traditional Books
- **Topic Sentence:** Reading traditional books is less straining on the eyes compared to screens.
- **Developing:** With the rise of digital devices, many people experience eye strain, making physical books a healthier option.
- **Rephrase:** Traditional books are easier on the eyes than electronic screens.
- **Collocations:** eye strain, healthier option, screen fatigue
- **Reason Topic:** Eye Care

## Eye Strain

- **Q:** Blue204  
The debate centers around the university's decision to release textbooks only in an online format instead of traditional paper versions.
- **Side:** Disadvantages of Online Textbooks
- **Topic Sentence:** Online textbooks can lead to increased screen fatigue.
- **Developing:** Prolonged use of screens can cause discomfort and reduce students' ability to focus.
- **Rephrase:** Digital formats may contribute to eye strain and fatigue.
- **Collocations:** screen time, eye strain, focus issues
- **Reason Topic:** Physical discomfort

## Eye Strain

- **Q:** Blue188  
The debate centers around the preference between reading paper books and electronic books, exploring the advantages and disadvantages of each format.
- **Side:** Paper Books
- **Topic Sentence:** Reading paper books reduces eye strain.
- **Developing:** Unlike screens, paper books do not emit blue light, making them easier on the eyes during long reading sessions.
- **Rephrase:** Paper books are gentler on the eyes compared to screens.
- **Collocations:** eye strain, blue light, long reading sessions
- **Reason Topic:** Comfort

## Eye Strain

- **Q:** Blue199  
The debate centers around the preference between reading paper books and listening to audiobooks.
- **Side:** Paper Books
- **Topic Sentence:** Paper books provide a break from screens.
- **Developing:** In a digital age, reading a physical book can reduce eye strain and promote relaxation.
- **Rephrase:** Physical books offer a screen-free reading experience.
- **Collocations:** reduce eye strain, screen time, relaxation techniques

- **Reason Topic:** Screen Exposure

## Feedback

- **Q:** Neo-W98  
The debate centers around the preferred method for improving presentation skills: receiving feedback from peers or self-evaluating through recorded presentations.
- **Side:** Peer Feedback
- **Topic Sentence:** Receiving feedback from classmates or coworkers offers valuable insights.
- **Developing:** Their diverse perspectives can highlight weaknesses that I may overlook.
- **Rephrase:** Input from others can reveal blind spots in my presentation.
- **Collocations:** constructive criticism, diverse perspectives, specific suggestions
- **Reason Topic:** Feedback

## Financial Dependency

- **Q:** Blue135  
The debate centers around whether parents should reward children with money for achieving good grades in school.
- **Side:** Potential Negative Consequences
- **Topic Sentence:** Offering money for good grades may create an unhealthy focus on financial rewards.
- **Developing:** Children might prioritize grades for monetary gain rather than for the sake of learning.
- **Rephrase:** Focusing on financial rewards can detract from the intrinsic value of education.
- **Collocations:** intrinsic motivation, financial dependency, learning for money
- **Reason Topic:** Intrinsic value

## Fitness

- **Q:** Neo-S50  
The debate centers around choosing between two apartments: one that is expensive but close to campus, and another that is affordable but farther away.

- **Side:** Affordability
- **Topic Sentence:** Living farther away can encourage a healthier lifestyle.
- **Developing:** The distance may promote walking or biking, contributing to physical fitness and well-being.
- **Rephrase:** A longer commute can foster a healthier lifestyle.
- **Collocations:** healthier lifestyle, walking, biking
- **Reason Topic:** Lifestyle

## Fitness

- **Q:** Blue34  
The debate centers on whether parents should discourage their children from participating in competitive activities such as sports.
- **Side:** Arguments for Encouraging Participation
- **Topic Sentence:** Participation in sports can enhance physical health and fitness.
- **Developing:** Regular physical activity through sports promotes a healthy lifestyle.
- **Rephrase:** Being active in sports contributes to overall well-being.
- **Collocations:** physical health, healthy lifestyle, fitness benefits
- **Reason Topic:** Physical wellness

## Fitness

- **Q:** Blue104  
The debate centers around whether physical exercise holds greater importance for older individuals compared to younger ones.
- **Side:** Importance for Young People
- **Topic Sentence:** Physical exercise is crucial for the development of young people.
- **Developing:** Regular activity supports growth, enhances physical fitness, and builds healthy habits for the future.
- **Rephrase:** Exercise is essential for the physical development of youth.
- **Collocations:** growth support, fitness enhancement, healthy habits
- **Reason Topic:** Youth fitness

## Flexible Communication

- **Q:** Blue71  
The debate centers around the preference for sending messages versus making phone calls for communication.
- **Side:** Messaging Preference
- **Topic Sentence:** Messages can be sent at any time, providing flexibility.
- **Developing:** People can respond at their convenience, making it easier to manage busy schedules.
- **Rephrase:** Messaging offers the convenience of timing.
- **Collocations:** flexible communication, convenient timing, manage schedules
- **Reason Topic:** Convenience

## Flexible Routine

- **Q:** Blue82  
The debate centers on the preference between daily exercise versus exercising only when one has free time.
- **Side:** Exercise When Free
- **Topic Sentence:** Exercising only when free allows for greater flexibility.
- **Developing:** This approach can prevent burnout and make exercise feel less like a chore.
- **Rephrase:** Flexible exercise schedules can enhance enjoyment.
- **Collocations:** flexible routine, personal choice, enjoyable activities
- **Reason Topic:** Exercise timing

## Flexible Schedule

- **Q:** Blue130  
The debate revolves around whether individuals should prioritize daily exercise routines or engage in physical activity only during their free time.
- **Side:** Exercise When Free
- **Topic Sentence:** Exercising during free time allows for flexibility in scheduling.
- **Developing:** People can choose to work out when they feel most motivated or have the time to commit.
- **Rephrase:** Flexible exercise schedules can lead to more enjoyable workouts.
- **Collocations:** flexible schedule, personal motivation, time management

- **Reason Topic:** Scheduling

## Focus

- **Q:** Blue45  
The debate centers on whether important business meetings should be conducted in person or through technology like video conferencing.
- **Side:** In-Person Meetings
- **Topic Sentence:** In-person meetings minimize distractions and enhance focus.
- **Developing:** Participants are less likely to be interrupted by external factors, leading to more productive discussions.
- **Rephrase:** Meeting physically reduces distractions and improves concentration.
- **Collocations:** minimize distractions, enhance focus, productive discussions
- **Reason Topic:** Focus

## Focus

- **Q:** Neo-S113  
The debate revolves around whether libraries should primarily serve as quiet spaces for reading and studying or as social hubs for interaction and community engagement.
- **Side:** Quiet Libraries
- **Topic Sentence:** Libraries should be quiet places to promote concentration.
- **Developing:** A serene environment allows individuals to focus better on their studies and reading.
- **Rephrase:** A tranquil atmosphere enhances the ability to concentrate.
- **Collocations:** quiet environment, focus on studies, reading concentration
- **Reason Topic:** Study Environment

## Focus

- **Q:** Blue7  
The debate centers around whether the new campus café should be a quiet study area or a social space for conversation and entertainment.
- **Side:** Quiet Study Area
- **Topic Sentence:** A quiet café promotes a conducive environment for studying.

- **Developing:** Students need spaces where they can focus and concentrate on their academic work without distractions.
- **Rephrase:** A serene café setting enhances students' ability to study effectively.
- **Collocations:** study environment, focus on academics, quiet space
- **Reason Topic:** Study environment

## Focus

- **Q:** Blue36  
The question asks whether students prefer decorated surroundings or simple, undecorated spaces, and why.
- **Side:** Simple Surroundings
- **Topic Sentence:** Keeping surroundings simple can enhance focus and reduce distractions.
- **Developing:** A minimalist environment can help students concentrate better by eliminating unnecessary visual clutter, which can be distracting.
- **Rephrase:** Minimalist spaces help maintain focus by reducing distractions.
- **Collocations:** enhance focus, reduce distractions, eliminate visual clutter
- **Reason Topic:** Focus

## Focus Issues

- **Q:** Neo-W19  
The debate focuses on whether schools should ban students from bringing smartphones to minimize distractions or embrace them for their educational potential.
- **Side:** Ban Smartphones
- **Topic Sentence:** Smartphones in classrooms are a constant source of distraction.
- **Developing:** Students often use their phones for non-educational activities, which can hinder their ability to focus.
- **Rephrase:** Mobile phones in educational settings frequently disrupt students' concentration.
- **Collocations:** classroom distraction, non-educational activities, focus hinder
- **Reason Topic:** Distraction

## Food Options

- **Q:** Blue69  
The university plans to raise the prices of junk food to generate revenue for expanding healthy food options. The question is whether this approach is agreeable or not.
- **Side:** Support for Price Increase
- **Topic Sentence:** The additional revenue can significantly enhance the variety of healthy food options available.
- **Developing:** With the funds generated, the university can invest in diverse and appealing healthy food choices for students.
- **Rephrase:** More funds can lead to a wider selection of nutritious foods.
- **Collocations:** healthy food options, fund allocation, variety enhancement
- **Reason Topic:** Food variety

## Functional Improvements

- **Q:** Blue72  
The debate centers around whether individuals should change their appearance through means such as surgery.
- **Side:** Support for Changing Appearance
- **Topic Sentence:** Surgery can correct physical issues that impact daily life.
- **Developing:** For instance, procedures can address congenital defects or injuries that hinder normal functioning.
- **Rephrase:** Surgical interventions can resolve functional impairments.
- **Collocations:** physical corrections, functional improvements, health-related surgeries
- **Reason Topic:** Physical wellbeing

## Genetics

- **Q:** Neo-W16  
The debate centers on whether human behavior is predominantly shaped by genetics (nature) or by environmental factors and experiences (nurture).
- **Side:** Nature
- **Topic Sentence:** Genetics play a significant role in determining human behavior.

- **Developing:** Many traits, such as temperament and predispositions, are inherited and can be difficult to alter.
- **Rephrase:** Inherited characteristics greatly influence how individuals behave.
- **Collocations:** genetic predispositions, inherent traits, behavioral genetics
- **Reason Topic:** Genetic impact

## Genetics

- **Q:** Neo-W16  
The debate centers on whether human behavior is predominantly shaped by genetics (nature) or by environmental factors and experiences (nurture).
- **Side:** Nature
- **Topic Sentence:** Certain behaviors are deeply rooted in our biology.
- **Developing:** For instance, aggressive tendencies can often be traced back to genetic factors, making them hard to change.
- **Rephrase:** Some behaviors have a biological basis that is challenging to modify.
- **Collocations:** biological basis, aggressive tendencies, inherited behaviors
- **Reason Topic:** Behavioral roots

## Global Awareness

- **Q:** Blue173  
The debate examines whether children benefit more from growing up in a big city or a small town.
- **Side:** Growing Up in a Big City
- **Topic Sentence:** Living in a big city exposes children to diverse cultures.
- **Developing:** This exposure helps children develop a broader worldview and understanding of different lifestyles.
- **Rephrase:** Children in urban areas encounter a variety of cultures.
- **Collocations:** cultural diversity, urban experience, global awareness
- **Reason Topic:** Diversity

## Global Awareness

- **Q:** Blue61  
The debate centers around whether children should be exposed to news through listening or reading at an early age.
- **Side:** Support for Early Exposure to News
- **Topic Sentence:** Early exposure to news fosters awareness of the world.
- **Developing:** Children learn about current events and develop a sense of global citizenship.
- **Rephrase:** Introducing news early helps children understand the world around them.
- **Collocations:** global awareness, current events, critical thinking
- **Reason Topic:** Citizenship

## Happiness

- **Q:** Blue153  
The statement suggests that power and money are the primary indicators of success.
- **Side:** Opposition to Power and Money as Success
- **Topic Sentence:** True success is often measured by personal fulfillment and happiness.
- **Developing:** Many individuals find satisfaction in relationships, personal growth, and contributions to society, which are not tied to wealth.
- **Rephrase:** Genuine success is defined by happiness and fulfillment.
- **Collocations:** personal fulfillment, happiness, contributions to society
- **Reason Topic:** Happiness

## Happiness

- **Q:** Neo-S9  
The question explores personal preferences regarding spending time alone versus spending time with family.
- **Side:** Spending Time Alone
- **Topic Sentence:** Alone time allows for pursuing individual interests and hobbies.

- **Developing:** Engaging in activities that one enjoys can lead to increased happiness and fulfillment.
- **Rephrase:** Time alone enables the pursuit of personal passions.
- **Collocations:** individual interests, hobbies, personal fulfillment
- **Reason Topic:** Personal Interests

## Head Injury

- **Q:** Neo-W96  
The debate centers around whether suburban governments should remove helmet regulations for cyclists, weighing the benefits of freedom and convenience against safety concerns.
- **Side:** Safety Concerns
- **Topic Sentence:** Helmet regulations are crucial for ensuring cyclist safety.
- **Developing:** They protect riders from severe head injuries in case of accidents, which can be life-threatening.
- **Rephrase:** Mandatory helmet laws are essential for safeguarding cyclists' well-being.
- **Collocations:** cyclist safety, head injury prevention, protective measures
- **Reason Topic:** Injury Prevention

## Health Awareness

- **Q:** Neo-W67  
The discussion revolves around the most important action a person can take to maintain good health, with differing opinions on diet and preventive doctor visits.
- **Side:** Preventive Doctor Visits
- **Topic Sentence:** Preventive visits promote overall health awareness.
- **Developing:** These visits encourage individuals to stay informed about their health and make necessary lifestyle changes.
- **Rephrase:** Regular doctor visits enhance health consciousness.
- **Collocations:** health awareness, lifestyle changes, patient education
- **Reason Topic:** Health

## Health Benefits

- **Q:** Blue114  
The debate centers on whether individuals should be mandated to retire at the age of 65.
- **Side:** Mandatory Retirement Age
- **Topic Sentence:** Retirement at 65 promotes better health and well-being for older adults.
- **Developing:** With more leisure time, retirees can focus on health, hobbies, and family, leading to a higher quality of life.
- **Rephrase:** Ending work at 65 allows seniors to enhance their health and personal lives.
- **Collocations:** health benefits, quality of life, personal fulfillment
- **Reason Topic:** Quality of life

## Health Issues

- **Q:** Blue141  
The debate centers around whether children should be allowed to use computers or electronic devices from an early age.
- **Side:** Con Early Use
- **Topic Sentence:** Excessive screen time can negatively impact children's health.
- **Developing:** Prolonged use of electronic devices is linked to issues such as obesity, sleep problems, and eye strain.
- **Rephrase:** Too much screen time can harm children's well-being.
- **Collocations:** screen time, health issues, well-being
- **Reason Topic:** Physical Impact

## Health Outcomes

- **Q:** Neo-W48  
The discussion revolves around whether the government should impose taxes on unhealthy products like sugary drinks and junk food to discourage consumption and improve public health.
- **Side:** Support for Taxing Unhealthy Products
- **Topic Sentence:** Taxing unhealthy products can significantly reduce consumption.

- **Developing:** By increasing the cost of sugary drinks and junk food, people may be less likely to buy them, leading to better health outcomes.
- **Rephrase:** Imposing taxes on unhealthy items can lower their consumption rates.
- **Collocations:** health problems, sugar consumption, government intervention
- **Reason Topic:** Public Health

## Health Programs

- **Q:** Neo-W48  
The discussion revolves around whether the government should impose taxes on unhealthy products like sugary drinks and junk food to discourage consumption and improve public health.
- **Side:** Support for Taxing Unhealthy Products
- **Topic Sentence:** Revenue from these taxes can fund health initiatives.
- **Developing:** The money collected can be used for public health campaigns and programs that promote healthier eating habits.
- **Rephrase:** Funds generated can support health promotion efforts.
- **Collocations:** funding health programs, public health initiatives, healthy lifestyle
- **Reason Topic:** Government Revenue

## Health Risks

- **Q:** Blue196  
The question explores whether teachers should promote the use of computers among primary school students.
- **Side:** Concerns About Early Computer Use
- **Topic Sentence:** There are potential health risks associated with prolonged computer use.
- **Developing:** Extended screen time can lead to issues such as eye strain and poor posture in young children.
- **Rephrase:** Long hours on computers can pose health risks for children.
- **Collocations:** health risks, eye strain, poor posture
- **Reason Topic:** Well-being

## Health Risks

- **Q:** Neo-S59  
The debate centers around the use of extreme methods, such as surgery, to alter one's appearance in the pursuit of attractiveness.
- **Side:** Opposition to Appearance Alteration
- **Topic Sentence:** Extreme methods can lead to health risks.
- **Developing:** Surgical procedures often come with potential complications and long recovery times.
- **Rephrase:** Surgery carries inherent health risks.
- **Collocations:** health risks, surgical complications, recovery time
- **Reason Topic:** Safety

## Health Risks

- **Q:** Blue65  
The debate centers around whether children should be permitted to have pets.
- **Side:** Opposition to Keeping Pets
- **Topic Sentence:** Allergies and health issues can arise from pet ownership.
- **Developing:** Some children may have allergies to pet dander, which can affect their health and well-being.
- **Rephrase:** Pets can cause health problems for some kids.
- **Collocations:** allergies, health risks, pet dander
- **Reason Topic:** Allergies

## Health Risks

- **Q:** Blue73  
The debate centers around whether elderly individuals should engage in risky and adventurous activities like younger people.
- **Side:** Risks for Elderly Individuals
- **Topic Sentence:** Older adults may face greater health risks when participating in adventurous activities.
- **Developing:** Due to age-related health issues, engaging in risky events can lead to serious injuries or health complications.
- **Rephrase:** Health concerns make adventure risky for seniors.
- **Collocations:** health risks, adventurous activities, serious injuries

- **Reason Topic:** Safety Risks

## Healthier Environment

- **Q:** Blue203  
The debate centers around the preference for living in a noisy area with convenient access to shops and public transportation versus a quiet area that is distant from these amenities.
- **Side:** Quiet but Distant Area
- **Topic Sentence:** A quiet area often has less pollution and noise-related issues.
- **Developing:** Living away from busy streets can lead to a healthier living environment.
- **Rephrase:** Less noise and pollution contribute to better health.
- **Collocations:** less pollution, noise-related issues, healthier environment
- **Reason Topic:** Pollution

## Healthy Habits

- **Q:** Neo-W46  
The question analyzes the factors contributing to the increase in life expectancy, focusing on medical technology, public health improvements, and lifestyle changes.
- **Side:** Improvements in Public Health
- **Topic Sentence:** Public health education has promoted healthier lifestyle choices.
- **Developing:** Campaigns have raised awareness about exercise, nutrition, and the dangers of smoking.
- **Rephrase:** Health education initiatives encourage better lifestyle habits.
- **Collocations:** healthy habits, public health education, exercise promotion, nutrition awareness
- **Reason Topic:** Health education

## Healthy Lifestyle

- **Q:** Neo-W68  
The debate centers on whether local governments should allocate funding primarily to arts programs or recreational activities, considering their impact on community engagement and well-being.
- **Side:** Recreational Activities
- **Topic Sentence:** Recreational activities encourage a healthier lifestyle among residents.
- **Developing:** Access to parks and trails fosters physical activity, which is essential for overall well-being.
- **Rephrase:** Outdoor spaces promote wellness and fitness.
- **Collocations:** healthy lifestyle, physical activity, wellness programs
- **Reason Topic:** Physical Well-being

## Homesickness

- **Q:** Blue157  
The question analyzes the benefits of students attending a university or college in a foreign country.
- **Side:** Financial Challenges
- **Topic Sentence:** Students may face difficulties adjusting to a new environment.
- **Developing:** Cultural shock and homesickness can hinder academic performance.
- **Rephrase:** Adapting to a foreign setting can be challenging for many students.
- **Collocations:** cultural shock, homesickness, adjustment issues
- **Reason Topic:** Adaptation difficulties

## Hygiene

- **Q:** Blue140  
The debate centers around the preference for washing dishes by hand versus using a dishwasher.
- **Side:** Washing Dishes by Hand
- **Topic Sentence:** Washing dishes by hand allows for greater control over the cleaning process.

- **Developing:** Individuals can focus on specific areas that need extra attention, ensuring thorough cleanliness.
- **Rephrase:** Hand washing provides the ability to meticulously clean each dish.
- **Collocations:** thorough cleaning, specific areas, control over process
- **Reason Topic:** Cleaning process

## Increased Focus

- **Q:** Blue67  
The debate centers around the preference for taking classes in the morning versus the afternoon.
- **Side:** Morning Classes
- **Topic Sentence:** Morning classes can enhance productivity.
- **Developing:** Students often feel more alert and focused in the morning, leading to better learning outcomes.
- **Rephrase:** Classes in the morning may boost efficiency.
- **Collocations:** increased focus, better retention, early start
- **Reason Topic:** Learning outcomes

## Individual Expression

- **Q:** Blue169  
The statement suggests that a person's clothing choices can reflect their personality traits.
- **Side:** Clothing Reflects Personality
- **Topic Sentence:** Clothing choices often express individual identity.
- **Developing:** People select outfits that resonate with their personal style and values.
- **Rephrase:** The way individuals dress can reveal their unique character.
- **Collocations:** personal style, individual expression, fashion choices
- **Reason Topic:** Identity

## Information Access

- **Q:** Blue132  
The question asks whether watching the news or reading the news is a better option, requiring an evaluation of the two methods of news consumption.
- **Side:** Watching the News
- **Topic Sentence:** Watching the news allows for a faster consumption of information.
- **Developing:** News programs typically provide concise summaries of current events, enabling viewers to quickly grasp the essential information.
- **Rephrase:** Watching the news saves time.
- **Collocations:** news summaries, current events, breaking news
- **Reason Topic:** Information consumption

## Informed Choices

- **Q:** Blue158  
The question explores preferences in decision-making speed, comparing quick decision-making to a more deliberate approach.
- **Side:** Deliberate Decision-Making
- **Topic Sentence:** Taking time to make decisions can lead to better outcomes.
- **Developing:** A thorough analysis of options often results in more informed and effective choices.
- **Rephrase:** Careful consideration yields superior results.
- **Collocations:** informed choices, thoughtful analysis, strategic planning
- **Reason Topic:** Decision quality

## Informed Outcomes

- **Q:** Blue9  
The debate centers around which candidate would make a better leader based on their decision-making styles: one who acts quickly or one who consults others before deciding.
- **Side:** Consultative Decision-Maker
- **Topic Sentence:** Deliberate decision-making can lead to more informed outcomes.

- **Developing:** Taking time to gather diverse perspectives can uncover potential risks and innovative ideas.
- **Rephrase:** Thorough decision-making results in better-informed choices.
- **Collocations:** informed outcomes, diverse perspectives, risk assessment
- **Reason Topic:** Risk management

## Inspiration

- **Q:** Neo-S55  
The question explores preferences between participating in performances and being an audience member.
- **Side:** Being in the Audience
- **Topic Sentence:** Audiences can gain inspiration and insight from performances.
- **Developing:** Observing talented performers can motivate individuals and provide new perspectives on various themes.
- **Rephrase:** Watching performances can inspire and broaden one's understanding.
- **Collocations:** inspiration, new perspectives, cultural insight
- **Reason Topic:** Insight

## Inspiration

- **Q:** Neo-S112  
The question analyzes whether people are more drawn to negative news stories compared to positive ones.
- **Side:** Interest in Positive News
- **Topic Sentence:** Positive news can inspire and uplift individuals.
- **Developing:** Stories of kindness or achievements can motivate people and foster a sense of community.
- **Rephrase:** Uplifting stories can encourage and inspire.
- **Collocations:** inspiring stories, community spirit, acts of kindness
- **Reason Topic:** Motivation

## Interview Anxiety

- **Q:** Blue17  
Weighing the options between an in-person interview that requires travel and a potentially more convenient phone interview.
- **Side:** Phone Interview
- **Topic Sentence:** Phone interviews can reduce interview anxiety.
- **Developing:** Being in a familiar setting decreases pressure and promotes comfort.
- **Rephrase:** Familiar settings ease pressure and increase comfort levels.
- **Collocations:** interview anxiety, familiar setting, reduce pressure
- **Reason Topic:** Anxiety

## Legal Adulthood

- **Q:** Blue177  
The debate centers around whether 18-year-olds possess the maturity required to participate in voting.
- **Side:** In Favor of Voting at 18
- **Topic Sentence:** Eighteen is a legal age of adulthood in many countries.
- **Developing:** At this age, individuals can make significant life choices, such as joining the military or signing contracts.
- **Rephrase:** Eighteen marks the transition to legal adulthood.
- **Collocations:** legal adulthood, military service, contract signing
- **Reason Topic:** Maturity

## Less Stress

- **Q:** Blue36  
The question asks whether students prefer decorated surroundings or simple, undecorated spaces, and why.
- **Side:** Simple Surroundings
- **Topic Sentence:** Simple surroundings can lead to less stress and maintenance.
- **Developing:** Without the need to constantly update or organize decorations, students can experience less stress and have more time for other activities.
- **Rephrase:** Minimal décor leads to less stress and upkeep.
- **Collocations:** less stress, less maintenance, minimal décor

- **Reason Topic:** Stress

## Less Stress

- **Q:** Blue159  
The debate centers around whether individuals prefer to take on leadership roles or support roles in group projects, highlighting personal preferences and the implications of each choice.
- **Side:** Supporting Roles
- **Topic Sentence:** Supportive members often experience less stress and responsibility.
- **Developing:** By not being in charge, they can contribute effectively while avoiding the burdens of leadership.
- **Rephrase:** Non-leaders can participate without the associated pressures of leading.
- **Collocations:** less stress, shared responsibility, effective contribution
- **Reason Topic:** Responsibility

## Life Expectancy

- **Q:** Neo-W46  
The question analyzes the factors contributing to the increase in life expectancy, focusing on medical technology, public health improvements, and lifestyle changes.
- **Side:** Advances in Medical Technology
- **Topic Sentence:** Recent advances in medical technology have significantly improved life expectancy.
- **Developing:** Modern medicine allows for better treatment and management of chronic illnesses, leading to longer lives.
- **Rephrase:** Innovations in healthcare have greatly enhanced longevity.
- **Collocations:** medical breakthroughs, chronic illness management, cancer treatment, organ transplantation
- **Reason Topic:** Healthcare improvements

## Life Expectancy

- **Q:** Neo-W46  
The question analyzes the factors contributing to the increase in life expectancy, focusing on medical technology, public health improvements, and lifestyle changes.
- **Side:** Improvements in Public Health
- **Topic Sentence:** Improvements in public health services have played a crucial role in increasing life expectancy.
- **Developing:** Access to clean water, sanitation, and vaccines has drastically reduced health issues.
- **Rephrase:** Enhanced public health measures have significantly boosted longevity.
- **Collocations:** clean drinking water, sanitation systems, public health campaigns, vaccination access
- **Reason Topic:** Health services

## Life Skills

- **Q:** Neo-W87  
The debate centers around whether high school students should be required to learn useful skills outside of regular school hours.
- **Side:** Mandatory Skill Learning
- **Topic Sentence:** Requiring students to learn skills outside of school is essential for their overall development.
- **Developing:** Such skills, like budgeting and cooking, are crucial for independent living and future success.
- **Rephrase:** Mandating skill acquisition outside school is vital for personal growth.
- **Collocations:** life skills, independent living, future success
- **Reason Topic:** Life Skills

## Life Skills

- **Q:** Blue83  
The importance of young people learning practical skills such as cooking, sewing, and childcare.
- **Side:** Practical Skills

- **Topic Sentence:** Learning practical skills fosters independence in young people.
- **Developing:** By mastering skills like cooking and sewing, young individuals can take care of themselves and make informed choices.
- **Rephrase:** Acquiring these skills promotes self-sufficiency among youth.
- **Collocations:** self-reliance, life skills, independent living
- **Reason Topic:** Self-sufficiency

## Life Skills

- **Q:** Neo-S45  
The question discusses whether children should be required to assist with household tasks as soon as they are capable.
- **Side:** Support for Household Tasks
- **Topic Sentence:** Helping with household tasks enhances life skills.
- **Developing:** By participating in chores, children acquire essential skills such as cooking, cleaning, and time management that will benefit them in adulthood.
- **Rephrase:** Assisting with chores equips children with valuable life skills.
- **Collocations:** life skills, cooking, cleaning, time management
- **Reason Topic:** Life Skills

## Lifestyle

- **Q:** Blue199  
The debate centers around the preference between reading paper books and listening to audiobooks.
- **Side:** Audiobooks
- **Topic Sentence:** Audiobooks offer convenience and multitasking opportunities.
- **Developing:** Listeners can enjoy books while commuting, exercising, or doing household chores.
- **Rephrase:** Audiobooks allow for reading on the go.
- **Collocations:** multitasking, convenient listening, time management
- **Reason Topic:** Lifestyle Integration

## Lifestyle

- **Q:** Blue111  
The debate centers around whether libraries will become obsolete due to technological advancements and the Internet, or if they will continue to be essential resources.
- **Side:** Libraries Will Disappear
- **Topic Sentence:** Convenience of online access is a major factor.
- **Developing:** People prefer the ease of searching for information from home rather than traveling to a library.
- **Rephrase:** Online access offers greater convenience than traditional libraries.
- **Collocations:** online access, searching information, home convenience
- **Reason Topic:** Convenience

## Lifestyle

- **Q:** Blue191  
The question explores preferences between a nomadic lifestyle and settling in one place for life.
- **Side:** Living in Different Places
- **Topic Sentence:** A nomadic lifestyle can lead to exciting adventures.
- **Developing:** Traveling allows individuals to discover new opportunities and create memorable experiences.
- **Rephrase:** A mobile lifestyle offers thrilling experiences.
- **Collocations:** adventure seeking, new opportunities, memorable experiences
- **Reason Topic:** Opportunities

## Lifestyle

- **Q:** Blue142  
The debate centers around whether converting a long summer holiday into several short holidays is beneficial for students and the university.
- **Side:** Opposition to Short Holidays
- **Topic Sentence:** Short holidays may disrupt students' routines.
- **Developing:** Frequent interruptions can lead to inconsistency in study habits and lifestyle.
- **Rephrase:** Regular breaks can interfere with established routines.

- **Collocations:** disrupted routines, study habits, lifestyle consistency
- **Reason Topic:** Consistency

## Lifestyle

- **Q:** Blue200  
The debate centers around whether individuals should be motivated to explore science and art museums.
- **Side:** Opposition to Visiting Museums
- **Topic Sentence:** Visiting museums can be time-consuming and costly.
- **Developing:** Entrance fees and travel expenses may deter people from visiting regularly.
- **Rephrase:** Financial and time commitments can limit museum attendance.
- **Collocations:** cost barriers, time investment, financial constraints
- **Reason Topic:** Accessibility

## Literacy Skills

- **Q:** Blue209  
The debate centers around whether schools should mandate students to complete a reading list during school breaks.
- **Side:** Support for Reading Lists
- **Topic Sentence:** Requiring reading lists encourages academic growth.
- **Developing:** Students can enhance their literacy skills and broaden their knowledge base during breaks.
- **Rephrase:** Mandating reading lists promotes educational development.
- **Collocations:** academic improvement, literacy skills, knowledge expansion
- **Reason Topic:** Skill enhancement

## Living Conditions

- **Q:** Neo-W55  
The debate centers on strategies governments can employ to encourage people to relocate from urban areas to rural regions, despite the lower cost of living in the latter.
- **Side:** Financial Support for Farmers

- **Topic Sentence:** Investing in infrastructure for rural areas can enhance living conditions.
- **Developing:** Improved roads, schools, and healthcare facilities can make rural living more appealing.
- **Rephrase:** Upgrading rural infrastructure can improve the quality of life for residents.
- **Collocations:** infrastructure investment, quality of life, rural amenities
- **Reason Topic:** Infrastructure Development

## Media Impact

- **Q:** Blue91  
The debate centers around whether the government should impose restrictions on violence and bad language in television programs.
- **Side:** Opposition to Restrictions
- **Topic Sentence:** Viewers should have the autonomy to choose what they watch.
- **Developing:** Individuals are capable of making informed decisions about the media they consume.
- **Rephrase:** People should have the right to select their own viewing content.
- **Collocations:** viewer autonomy, informed decisions, media consumption
- **Reason Topic:** Viewer rights

## Medical Advancements

- **Q:** Neo-S42  
The debate centers around whether older doctors possess more knowledge than their younger counterparts.
- **Side:** Younger Doctors
- **Topic Sentence:** Younger doctors are often more up-to-date with the latest medical advancements.
- **Developing:** They have recently completed their education, which includes the newest research and technologies.
- **Rephrase:** Recent graduates are well-versed in contemporary medical innovations.
- **Collocations:** latest research, medical technology, current practices
- **Reason Topic:** Knowledge

## Medical Advances

- **Q:** Blue87  
The debate centers around whether older doctors possess more knowledge than their younger counterparts.
- **Side:** Younger Doctors' Modern Knowledge
- **Topic Sentence:** Younger doctors are often more familiar with the latest medical advancements.
- **Developing:** Their recent education includes the newest research and technologies in medicine.
- **Rephrase:** Recent graduates are up-to-date with cutting-edge medical knowledge.
- **Collocations:** latest research, medical technology, current practices
- **Reason Topic:** Education

## Medical Care

- **Q:** Neo-W59  
The debate centers around the best use of available urban space, weighing the benefits of green spaces against the necessity of commercial and industrial developments.
- **Side:** Commercial and Industrial Use
- **Topic Sentence:** Prioritizing essential services like hospitals is critical for urban survival.
- **Developing:** Access to medical care is a necessity that cannot be compromised for recreational spaces.
- **Rephrase:** Healthcare facilities are vital for the well-being of urban populations.
- **Collocations:** essential services, medical care, urban survival
- **Reason Topic:** Healthcare Access

## Medical Care

- **Q:** Neo-W109  
The question explores whether people are generally healthier now than in the past, considering advancements in healthcare and ongoing lifestyle challenges.
- **Side:** Healthier Today
- **Topic Sentence:** Advancements in medical care have significantly improved health outcomes.

- **Developing:** New drugs and treatments have enabled us to effectively combat previously fatal diseases.
- **Rephrase:** Medical innovations have greatly enhanced our ability to treat serious illnesses.
- **Collocations:** medical advancements, life expectancy, disease treatment
- **Reason Topic:** Health Outcomes

## Medical Experience

- **Q:** Blue87  
The debate centers around whether older doctors possess more knowledge than their younger counterparts.
- **Side:** Older Doctors' Experience
- **Topic Sentence:** Older doctors bring a wealth of experience to their practice.
- **Developing:** Years of practice allow them to encounter and learn from a diverse range of medical cases.
- **Rephrase:** Veteran doctors have extensive hands-on experience.
- **Collocations:** medical experience, patient cases, clinical knowledge
- **Reason Topic:** Practice

## Medical Innovations

- **Q:** Neo-W54  
The discussion revolves around identifying significant scientific discoveries or technological inventions from the last two hundred years, excluding computers and cell phones, and their impact on society.
- **Side:** Medical Progress
- **Topic Sentence:** Medical progress has also led to breakthroughs in treatments and disease management.
- **Developing:** Innovations in medicine have resulted in vaccines and therapies that save millions of lives.
- **Rephrase:** Innovations in healthcare have led to life-saving treatments and vaccines.
- **Collocations:** medical innovations, vaccination programs, disease management
- **Reason Topic:** Treatment

## Medical Skills

- **Q:** Blue87  
The debate centers around whether older doctors possess more knowledge than their younger counterparts.
- **Side:** Older Doctors' Experience
- **Topic Sentence:** They have developed strong diagnostic skills over time.
- **Developing:** Older doctors often rely on intuition gained through years of treating patients.
- **Rephrase:** Their diagnostic abilities are honed through years of practice.
- **Collocations:** diagnostic skills, patient intuition, medical judgment
- **Reason Topic:** Diagnosis

## Memory Retention

- **Q:** Blue25  
The debate centers around the preferred method of note-taking during lectures or meetings, comparing handwritten notes to typed notes on devices.
- **Side:** Handwritten Notes
- **Topic Sentence:** Writing by hand enhances memory retention.
- **Developing:** Studies show that students who take notes by hand tend to remember information better than those who type.
- **Rephrase:** Taking notes manually improves the ability to recall information.
- **Collocations:** memory retention, information recall, handwriting benefits
- **Reason Topic:** Memory retention

## Mental

- **Q:** Neo-W18  
The discussion centers on the significant benefits of having a strong network of friends and how friendships contribute to various aspects of well-being and personal development.
- **Side:** Emotional Support
- **Topic Sentence:** Having a supportive network of friends can significantly enhance our emotional well-being.
- **Developing:** Friends offer a safe space to share feelings, which can alleviate stress and loneliness.

- **Rephrase:** A reliable circle of friends can greatly improve our emotional state.
- **Collocations:** emotional well-being, supportive network, safe space, reduce stress
- **Reason Topic:** Well-being

## Mental

- **Q:** Neo-S98  
The debate centers around whether playing games or sports for enjoyment or solely for the purpose of winning is a better approach.
- **Side:** Playing for Enjoyment
- **Topic Sentence:** Enjoyment leads to better mental health.
- **Developing:** Playing for fun reduces stress and promotes a positive mindset.
- **Rephrase:** Playing games for enjoyment improves psychological well-being.
- **Collocations:** stress relief, positive mindset, mental wellness
- **Reason Topic:** Well-being

## Mental

- **Q:** Neo-W1  
This debate explores whether yoga and meditation or physical activities like sports and exercise have a more positive impact on mental health and overall happiness.
- **Side:** Yoga and Meditation
- **Topic Sentence:** Yoga and meditation significantly enhance mental focus and reduce stress.
- **Developing:** These practices allow individuals to relax and center themselves, leading to increased focus and calmness.
- **Rephrase:** Practicing yoga and meditation helps people relax and focus better.
- **Collocations:** mental focus, reduce stress, practices allow
- **Reason Topic:** Stress Reduction

## Mental Clarity

- **Q:** Blue193  
The debate revolves around the preference for outdoor activities like basketball versus indoor activities such as yoga, exploring the benefits and drawbacks of each.
- **Side:** Indoor Activities
- **Topic Sentence:** Indoor activities offer a controlled environment for practice.
- **Developing:** Yoga, for example, allows individuals to focus on their mental and physical alignment without external distractions.
- **Rephrase:** Indoor activities provide a stable setting for concentrated practice.
- **Collocations:** controlled environment, focus, mental clarity, distraction-free
- **Reason Topic:** Practice Environment

## Mental Clarity

- **Q:** Blue127  
The debate centers around whether learning is more effective in the morning or in the afternoon, with individuals having different preferences.
- **Side:** Morning Learning
- **Topic Sentence:** Many people find that they are more alert and focused in the morning.
- **Developing:** This heightened alertness can lead to better retention of information and improved comprehension.
- **Rephrase:** A lot of individuals experience greater mental clarity during the morning hours.
- **Collocations:** mental clarity, information retention, focused learning
- **Reason Topic:** Time of Day

## Mental Clarity

- **Q:** Neo-W99  
The debate centers around whether having too many possessions lowers one's quality of life, considering both the burdens and benefits of ownership.
- **Side:** Negative Impact of Excess Possessions
- **Topic Sentence:** Fewer possessions can create a more peaceful and organized environment.

- **Developing:** Simplifying one's belongings often leads to a clearer mind and a more enjoyable living space.
- **Rephrase:** A minimalist lifestyle can enhance tranquility and order.
- **Collocations:** minimalist lifestyle, peaceful environment, organized space
- **Reason Topic:** Simplicity

## Mental Engagement

- **Q:** Blue132  
The question asks whether watching the news or reading the news is a better option, requiring an evaluation of the two methods of news consumption.
- **Side:** Watching the News
- **Topic Sentence:** Watching the news is better because it provides a more engaging and interactive experience.
- **Developing:** News programs often include interviews, videos, and live coverage, making the news more accessible and memorable.
- **Rephrase:** Watching the news offers a more immersive experience.
- **Collocations:** news programs, live coverage, video footage
- **Reason Topic:** News consumption

## Mental Health

- **Q:** Blue55  
The debate centers around whether the private lives of celebrities should be a topic of public discussion.
- **Side:** Against Discussing Private Lives
- **Topic Sentence:** Discussing the private lives of celebrities invades their personal privacy.
- **Developing:** Everyone deserves a certain level of privacy, and public figures are entitled to live without constant scrutiny.
- **Rephrase:** Celebrities should be allowed personal space free from public examination.
- **Collocations:** personal privacy, public scrutiny, celebrity lifestyle
- **Reason Topic:** Personal boundaries

## Mental Health

- **Q:** Blue34  
The debate centers on whether parents should discourage their children from participating in competitive activities such as sports.
- **Side:** Arguments for Discouraging Participation
- **Topic Sentence:** Competitive activities can lead to excessive stress for children.
- **Developing:** The pressure to win and perform can negatively impact a child's mental health.
- **Rephrase:** The drive to succeed in competitions may overwhelm young participants.
- **Collocations:** mental health, excessive pressure, stress management
- **Reason Topic:** Mental impact

## Mental Health

- **Q:** Neo-S43  
The question discusses whether children should be encouraged to engage with news media from a young age.
- **Side:** Caution Against News Exposure
- **Topic Sentence:** Children may be overwhelmed by negative news content.
- **Developing:** Exposure to distressing news can lead to anxiety and fear in young minds.
- **Rephrase:** Negative news can cause emotional distress in children.
- **Collocations:** emotional distress, anxiety, fear exposure
- **Reason Topic:** Mental Well-being

## Mental Health

- **Q:** Neo-S43  
The question discusses whether children should be encouraged to engage with news media from a young age.
- **Side:** Caution Against News Exposure
- **Topic Sentence:** Children might misinterpret news information due to their developmental stage.
- **Developing:** Young children may lack the maturity to understand complex news stories accurately.

- **Rephrase:** Children's developmental limitations can lead to misunderstandings of news.
- **Collocations:** misinterpretation, developmental stage, understanding complexity
- **Reason Topic:** Understanding News

## Mental Health

- **Q:** Blue1  
The debate centers around the preference for traditional games like board and card games versus modern digital games played on computers and cellphones, highlighting generational differences.
- **Side:** Computer and Cellphone Games
- **Topic Sentence:** Digital games offer convenience and accessibility.
- **Developing:** Players can enjoy these games anytime and anywhere, making them more flexible than traditional games.
- **Rephrase:** Modern games provide easy access and portability.
- **Collocations:** convenience, accessibility, flexibility
- **Reason Topic:** Accessibility

## Mental Health

- **Q:** Blue61  
The debate centers around whether children should be exposed to news through listening or reading at an early age.
- **Side:** Concerns Against Early Exposure to News
- **Topic Sentence:** Children may be overwhelmed by negative news.
- **Developing:** Exposure to distressing events can lead to anxiety and fear in young minds.
- **Rephrase:** Negative news can cause undue stress for children.
- **Collocations:** emotional impact, anxiety levels, fear response
- **Reason Topic:** Stress

## Mental Health

- **Q:** Blue82  
The debate centers on the preference between daily exercise versus exercising only when one has free time.
- **Side:** Daily Exercise
- **Topic Sentence:** Daily exercise fosters mental well-being.
- **Developing:** Exercise releases endorphins, which can improve mood and reduce stress levels.
- **Rephrase:** Regular workouts boost mental health.
- **Collocations:** stress reduction, mood enhancement, mental clarity
- **Reason Topic:** Exercise impact

## Mental Health

- **Q:** Blue93  
The debate centers around whether being an adult is easier than being a child.
- **Side:** Easier to be a Child
- **Topic Sentence:** Children experience less stress than adults.
- **Developing:** They are often shielded from the pressures of work and financial concerns.
- **Rephrase:** Children face lower levels of stress in their daily lives.
- **Collocations:** stress-free, pressure, mental health
- **Reason Topic:** Well-being

## Mental Health

- **Q:** Neo-S24  
The question explores whether first impressions provide significant insights into a person's character or if a deeper understanding requires more time.
- **Side:** First Impressions
- **Topic Sentence:** Quick judgments can be accurate in many cases.
- **Developing:** Research shows that snap judgments often align with long-term assessments of personality.
- **Rephrase:** Rapid evaluations can frequently reflect true character.
- **Collocations:** snap judgments, accurate assessments, true character

- **Reason Topic:** Quick evaluations

## Mental Health

- **Q:** Neo-W59  
The debate centers around the best use of available urban space, weighing the benefits of green spaces against the necessity of commercial and industrial developments.
- **Side:** Green Spaces
- **Topic Sentence:** Parks and green spaces significantly enhance the quality of life in urban areas.
- **Developing:** They provide essential recreational opportunities and improve mental health for city dwellers.
- **Rephrase:** Urban parks greatly contribute to residents' well-being.
- **Collocations:** quality of life, mental health, recreational opportunities
- **Reason Topic:** Quality of Life

## Mental Health

- **Q:** Blue104  
The debate centers around whether physical exercise holds greater importance for older individuals compared to younger ones.
- **Side:** Importance for Older People
- **Topic Sentence:** Exercise can improve mental well-being in older individuals.
- **Developing:** Engaging in physical activity has been shown to reduce symptoms of depression and anxiety in seniors.
- **Rephrase:** Staying active positively impacts the mental health of older adults.
- **Collocations:** mental health improvement, depression reduction, anxiety relief
- **Reason Topic:** Elderly wellness

## Mental Health

- **Q:** Blue166  
The importance of artists and musicians in society is being evaluated, with arguments supporting their significance.
- **Side:** Importance of Artists and Musicians
- **Topic Sentence:** They play a crucial role in emotional well-being.

- **Developing:** Music and art provide comfort and a means of expression during challenging times.
- **Rephrase:** The emotional support provided by artists and musicians is vital for mental health.
- **Collocations:** emotional support, mental health, artistic expression
- **Reason Topic:** Mental Health

## Mental Health

- **Q:** Blue151  
The debate centers around whether having a job that one loves is essential for happiness.
- **Side:** Importance of Job Satisfaction
- **Topic Sentence:** A fulfilling job can improve mental health.
- **Developing:** Engaging in work that one loves can reduce stress and anxiety, leading to better mental health outcomes.
- **Rephrase:** Enjoyable work can lead to improved mental health.
- **Collocations:** mental health, stress reduction, anxiety relief
- **Reason Topic:** Job enjoyment

## Mental Health

- **Q:** Neo-S112  
The question analyzes whether people are more drawn to negative news stories compared to positive ones.
- **Side:** Interest in Positive News
- **Topic Sentence:** Positive news helps counterbalance the negativity in daily life.
- **Developing:** In a world filled with challenges, positive stories provide hope and a sense of normalcy.
- **Rephrase:** Good news offers a refreshing perspective.
- **Collocations:** hopeful narratives, balance in news, normalcy in reporting
- **Reason Topic:** Hopefulness

## Mental Health

- **Q:** Neo-S71  
The debate centers around whether a university should close its computer lab due to the prevalence of personal laptops among students.
- **Side:** Keeping the Computer Lab Open
- **Topic Sentence:** The lab fosters a collaborative environment for group work and study.
- **Developing:** Students can work together on projects and share resources more effectively in a dedicated space.
- **Rephrase:** The lab encourages teamwork and resource sharing among students.
- **Collocations:** collaborative environment, group work, resource sharing
- **Reason Topic:** Student Interaction

## Mental Health

- **Q:** Neo-S12  
The debate centers around whether individuals should listen to music on headphones while traveling or prefer to travel in silence.
- **Side:** Listening to Music
- **Topic Sentence:** Music can help drown out unpleasant noises.
- **Developing:** Headphones provide a personal sound environment that reduces distractions.
- **Rephrase:** Using headphones creates a private auditory space that minimizes disturbances.
- **Collocations:** drown out noise, personal sound environment, reduce distractions
- **Reason Topic:** Travel Comfort

## Mental Health

- **Q:** Neo-S3  
The question explores preferences between listening to recorded music and attending live music performances.
- **Side:** Live Music Performances
- **Topic Sentence:** Attending live music performances creates a unique and immersive experience.

- **Developing:** The energy of a live audience and the atmosphere of the venue contribute to a memorable event.
- **Rephrase:** Live performances offer an unforgettable atmosphere.
- **Collocations:** live audience, concert experience, musical atmosphere
- **Reason Topic:** Immersion

## Mental Health

- **Q:** Neo-W73  
The discussion revolves around whether it is better to live in one town or city for life or to move frequently between different places.
- **Side:** Living in One Place
- **Topic Sentence:** Consistency in living arrangements provides emotional security.
- **Developing:** People benefit from the familiarity and comfort of a stable environment, which can enhance mental well-being.
- **Rephrase:** A stable living situation contributes to psychological comfort.
- **Collocations:** emotional well-being, familiar surroundings, mental health
- **Reason Topic:** Psychological Stability

## Mental Health

- **Q:** Neo-S88  
The question analyzes the choice between a high-paying job with long hours and a lower-paying job with regular hours.
- **Side:** Lower Salary Job
- **Topic Sentence:** A balanced work-life schedule promotes overall well-being.
- **Developing:** Having regular hours allows for personal time, reducing stress and improving mental health.
- **Rephrase:** Maintaining a work-life balance enhances personal well-being.
- **Collocations:** work-life balance, mental health, personal time
- **Reason Topic:** Health

## Mental Health

- **Q:** Blue27  
The question analyzes the choice between a high-paying job with long hours and a lower-paying job with regular hours.
- **Side:** Lower Salary Job
- **Topic Sentence:** A balanced work-life schedule promotes overall well-being.
- **Developing:** Having regular hours allows for personal time, reducing stress and improving mental health.
- **Rephrase:** Maintaining a work-life balance enhances personal well-being and reduces stress.
- **Collocations:** work-life balance, mental health, personal time
- **Reason Topic:** Life Balance

## Mental Health

- **Q:** Neo-W111  
The debate centers around whether schools should continue to emphasize memorization of important information or focus more on developing critical thinking skills.
- **Side:** Memorization Importance
- **Topic Sentence:** Memorization forms the foundation for critical thinking.
- **Developing:** Without a base of knowledge, critical thinking lacks context and depth.
- **Rephrase:** A strong knowledge base is essential for effective critical analysis.
- **Collocations:** basic facts, knowledge foundation, mental discipline
- **Reason Topic:** Critical thinking

## Mental Health

- **Q:** Neo-W35  
The debate centers around whether social media causes more harm than good, highlighting both its connectivity benefits and its potential negative impacts.
- **Side:** Negative Effects of Social Media
- **Topic Sentence:** Social media contributes significantly to mental health issues.
- **Developing:** Excessive use of social media can lead to anxiety and depression among users.

- **Rephrase:** The overuse of social media is linked to increased anxiety and depression.
- **Collocations:** mental health problems, social media addiction, user anxiety
- **Reason Topic:** Psychological Impact

## Mental Health

- **Q:** Neo-W77  
The debate centers around whether social media influencers have a positive or negative impact on their followers.
- **Side:** Negative Impact of Influencers
- **Topic Sentence:** Followers may lose their individuality by imitating influencers.
- **Developing:** The tendency to follow influencers blindly can stifle personal expression and critical thinking among followers.
- **Rephrase:** Imitation of influencers can diminish personal identity.
- **Collocations:** loss of individuality, blind imitation, critical thinking, personal expression
- **Reason Topic:** Imitative Behavior

## Mental Health

- **Q:** Neo-S22  
The question analyzes whether popular celebrities serve as good role models for young people.
- **Side:** Negative Role Models
- **Topic Sentence:** The glamorous lifestyles of celebrities can create unrealistic expectations.
- **Developing:** Young people may feel pressured to emulate these lifestyles, leading to dissatisfaction with their own lives.
- **Rephrase:** Celebrity lifestyles can lead to unrealistic aspirations among youth.
- **Collocations:** glamorous lifestyles, unrealistic expectations, pressure to emulate
- **Reason Topic:** Lifestyle

## Mental Health

- **Q:** Blue139  
The debate centers on whether jobs involving technology and computers are preferable to those that do not involve such technology.
- **Side:** Non-Technology Jobs
- **Topic Sentence:** Working without technology can reduce stress and improve mental health.
- **Developing:** These jobs often have fewer distractions and allow for a more balanced work-life dynamic.
- **Rephrase:** Non-technology roles can lead to lower stress levels and better mental well-being.
- **Collocations:** reduce stress, mental health, work-life balance
- **Reason Topic:** Mental Health

## Mental Health

- **Q:** Blue174  
The debate centers around the preference for daily news consumption versus occasional news consumption.
- **Side:** Occasional News Consumption
- **Topic Sentence:** Occasional news consumption reduces information overload.
- **Developing:** By limiting news intake, individuals can avoid feeling overwhelmed by constant updates and negative news cycles.
- **Rephrase:** Less frequent news viewing helps manage information stress.
- **Collocations:** information overload, news fatigue, mental health
- **Reason Topic:** Stress Management

## Mental Health

- **Q:** Neo-S45  
The question discusses whether children should be required to assist with household tasks as soon as they are capable.
- **Side:** Opposition to Household Tasks
- **Topic Sentence:** Childhood should be a time for play and exploration.
- **Developing:** Focusing too much on chores can limit children's opportunities for creative play and social interaction, which are crucial for their growth.

- **Rephrase:** Childhood should prioritize play and discovery over chores.
- **Collocations:** play, exploration, creative development
- **Reason Topic:** Play

## Mental Health

- **Q:** Neo-S32  
The debate centers around whether building a new housing complex in the only green space of a crowded city is a good idea.
- **Side:** Opposition to Housing Complex
- **Topic Sentence:** Removing the only green space would negatively impact residents' well-being.
- **Developing:** Access to parks is crucial for mental health and community interaction, especially in crowded areas.
- **Rephrase:** Eliminating the park could harm the community's health and social connections.
- **Collocations:** mental health, community interaction, green space
- **Reason Topic:** Community welfare

## Mental Health

- **Q:** Blue56  
The debate centers around whether building a housing complex on the only green space in a crowded city is a good idea.
- **Side:** Opposition to Housing Development
- **Topic Sentence:** The city park is vital for the community's well-being and mental health.
- **Developing:** Green spaces provide residents with a place to relax, exercise, and connect with nature, which is essential in a crowded environment.
- **Rephrase:** The park plays a crucial role in promoting health and wellness among city dwellers.
- **Collocations:** mental health, community well-being, green spaces
- **Reason Topic:** Community Space

## Mental Health

- **Q:** Blue110  
The question analyzes whether participation in sports teams contributes to the social development of children.
- **Side:** Opposition to Sports Participation
- **Topic Sentence:** Not all children thrive in competitive sports environments.
- **Developing:** Some kids may feel pressured or anxious, which can hinder social development.
- **Rephrase:** Competitive sports may not be suitable for every child, potentially causing stress.
- **Collocations:** competitive pressure, anxiety, social hindrance
- **Reason Topic:** Stress

## Mental Health

- **Q:** Blue47  
The debate centers around the decision to cancel the long summer vacation, requiring students to attend school year-round with shorter breaks.
- **Side:** Opposition to Year-Round Schooling
- **Topic Sentence:** Long summer vacations are essential for student well-being.
- **Developing:** Extended breaks allow students to recharge, pursue hobbies, and reduce burnout.
- **Rephrase:** Summer breaks are crucial for mental health.
- **Collocations:** student well-being, mental health, burnout reduction
- **Reason Topic:** Well-being

## Mental Health

- **Q:** Blue193  
The debate revolves around the preference for outdoor activities like basketball versus indoor activities such as yoga, exploring the benefits and drawbacks of each.
- **Side:** Outdoor Activities
- **Topic Sentence:** Outdoor activities provide a refreshing change of environment.
- **Developing:** Being outdoors allows individuals to enjoy nature, which can improve mental well-being.

- **Rephrase:** Engaging in outdoor sports offers a revitalizing experience in a natural setting.
- **Collocations:** nature exposure, mental health, fresh air, environmental change
- **Reason Topic:** Nature Benefits

## Mental Health

- **Q:** Neo-S40  
The importance of helping newcomers feel welcome in a neighborhood.
- **Side:** Personal Boundaries
- **Topic Sentence:** Some residents may prefer to maintain their privacy.
- **Developing:** Not everyone is comfortable with social interactions, and some may feel overwhelmed by too much attention.
- **Rephrase:** Respecting personal space is essential for some individuals.
- **Collocations:** personal privacy, social interactions, overwhelming attention
- **Reason Topic:** Privacy Concerns

## Mental Health

- **Q:** Neo-W83  
The debate centers around whether taking breaks from news consumption is beneficial for individuals, considering the psychological effects and societal pressures of constant news exposure.
- **Side:** Psychological Benefits of Breaks
- **Topic Sentence:** Taking breaks from news can enhance mental well-being.
- **Developing:** Short periods away from news can reduce stress and allow individuals to recharge emotionally.
- **Rephrase:** Time off from news can improve mental health.
- **Collocations:** mental well-being, stress reduction, emotional recharge
- **Reason Topic:** Stress Relief

## Mental Health

- **Q:** Neo-S41  
The debate centers around whether it is preferable to remain quiet or to engage in conversation while watching movies and television shows with friends and family.

- **Side:** Quiet Viewing
- **Topic Sentence:** Remaining quiet allows for a more immersive experience.
- **Developing:** When viewers are silent, they can fully engage with the plot and characters without distractions.
- **Rephrase:** Silence enhances the ability to connect deeply with the film.
- **Collocations:** immersive experience, full attention, distraction-free environment
- **Reason Topic:** Experience

## Mental Health

- **Q:** Neo-S56  
The debate centers around whether it is preferable to remain quiet or to engage in conversation while watching movies and television shows with friends and family.
- **Side:** Quiet Viewing
- **Topic Sentence:** Quietness minimizes distractions.
- **Developing:** When viewers talk during a movie, it can disrupt the flow and lead to missed plot points or important dialogue.
- **Rephrase:** Silence helps maintain focus on the content.
- **Collocations:** minimize distractions, disrupt flow, missed dialogue
- **Reason Topic:** Attention

## Mental Health

- **Q:** Neo-S53  
The statement discusses the impact of entertainment technology on people's reading habits, suggesting that its popularity leads to a decline in reading books for pleasure.
- **Side:** Reading Books
- **Topic Sentence:** Reading books fosters deeper understanding and critical thinking.
- **Developing:** Books require more cognitive engagement, allowing readers to analyze and reflect on complex ideas.
- **Rephrase:** Books encourage a level of thoughtfulness that quick entertainment does not.
- **Collocations:** critical thinking, deep understanding, cognitive engagement

- **Reason Topic:** Understanding

## Mental Health

- **Q:** Neo-S53  
The statement discusses the impact of entertainment technology on people's reading habits, suggesting that its popularity leads to a decline in reading books for pleasure.
- **Side:** Reading Books
- **Topic Sentence:** Books provide a unique escape and imaginative experience.
- **Developing:** Unlike visual media, reading allows individuals to create their own mental images, enhancing creativity.
- **Rephrase:** The imaginative aspect of reading offers a distinct form of escapism.
- **Collocations:** imaginative experience, creative thinking, mental imagery
- **Reason Topic:** Escapism

## Mental Health

- **Q:** Neo-S111  
The debate centers around whether individuals should read movie reviews before watching a film or experience the movie without prior opinions from critics.
- **Side:** Reading Reviews
- **Topic Sentence:** Reading reviews helps viewers set realistic expectations.
- **Developing:** Critics often provide insights into the film's strengths and weaknesses, allowing audiences to gauge whether it aligns with their preferences.
- **Rephrase:** Critics' insights can help viewers understand what to expect from the film.
- **Collocations:** movie expectations, film critiques, audience insights
- **Reason Topic:** Viewer preferences

## Mental Health

- **Q:** Neo-W18  
The discussion centers on the significant benefits of having a strong network of friends and how friendships contribute to various aspects of well-being and personal development.

- **Side:** Social Interaction
- **Topic Sentence:** A strong circle of friends promotes a sense of belonging and community.
- **Developing:** Feeling connected to others positively impacts our mental health and self-esteem.
- **Rephrase:** Having close friends strengthens our sense of community and belonging.
- **Collocations:** sense of belonging, community, mental health, self-esteem
- **Reason Topic:** Community

## Mental Health

- **Q:** Blue72  
The debate centers around whether individuals should change their appearance through means such as surgery.
- **Side:** Support for Changing Appearance
- **Topic Sentence:** Changing one's appearance can significantly boost self-esteem.
- **Developing:** For many, feeling confident in their appearance can lead to improved mental health and overall happiness.
- **Rephrase:** Altering one's looks can enhance personal confidence.
- **Collocations:** self-esteem boost, personal satisfaction, mental health improvement
- **Reason Topic:** Self-image

## Mental Health

- **Q:** Blue84  
The question discusses whether schools should promote creativity and imagination in students to help them succeed.
- **Side:** Support for Creativity
- **Topic Sentence:** Encouraging creativity fosters problem-solving skills.
- **Developing:** When students engage in creative activities, they learn to think critically and approach challenges from different angles.
- **Rephrase:** Promoting creativity enhances students' ability to tackle problems.
- **Collocations:** creative thinking, problem-solving, critical skills
- **Reason Topic:** Creativity

## Mental Health

- **Q:** Neo-S23  
The statement argues that schools fostering creativity and imagination lead to the most successful students.
- **Side:** Support for Creativity in Schools
- **Topic Sentence:** Encouraging creativity enhances problem-solving skills.
- **Developing:** When students engage in creative activities, they learn to approach challenges from multiple angles.
- **Rephrase:** Promoting creativity develops students' ability to solve problems effectively.
- **Collocations:** problem-solving skills, creative activities, multiple angles
- **Reason Topic:** Problem-solving

## Mental Health

- **Q:** Neo-S66  
The statement suggests that students who engage in regular physical activity and exercise are more likely to achieve academic success.
- **Side:** Support for Physical Activity
- **Topic Sentence:** Physical activity reduces stress and anxiety.
- **Developing:** Exercise releases endorphins, which help to alleviate stress, allowing students to focus better on their studies.
- **Rephrase:** Working out helps manage stress levels.
- **Collocations:** stress relief, anxiety reduction, mental health
- **Reason Topic:** Stress Management

## Mental Health

- **Q:** Blue142  
The debate centers around whether converting a long summer holiday into several short holidays is beneficial for students and the university.
- **Side:** Support for Short Holidays
- **Topic Sentence:** Short holidays can enhance student well-being.
- **Developing:** Frequent breaks allow students to recharge, reducing burnout and stress.
- **Rephrase:** Frequent vacations contribute to improved mental health.

- **Collocations:** student well-being, mental health, burnout reduction
- **Reason Topic:** Mental health

## Mental Health

- **Q:** Neo-S19  
The debate centers around whether college students should take classes during the summer or take the time off to rest or work.
- **Side:** Taking Time Off
- **Topic Sentence:** Taking the summer off allows students to recharge and avoid burnout.
- **Developing:** Resting during the summer can lead to improved mental health and better performance in future semesters.
- **Rephrase:** A break in summer helps students refresh and enhance their well-being.
- **Collocations:** recharge, avoid burnout, mental health
- **Reason Topic:** Mental Health

## Mental Health

- **Q:** Blue117  
The statement discusses the impact of entertainment technology on people's reading habits, suggesting that technology has led to a decrease in book reading.
- **Side:** Technology's Impact on Reading
- **Topic Sentence:** Entertainment technology offers immediate gratification, which books often cannot provide.
- **Developing:** Instant access to videos and games can be more appealing than the slower pace of reading a book.
- **Rephrase:** Instant entertainment is more attractive than reading.
- **Collocations:** immediate gratification, instant access, appeal of technology, slow pace
- **Reason Topic:** Reading Appeal

## Mental Health

- **Q:** Neo-W71  
The debate centers around which subjects adults should prioritize for lifelong learning, focusing on foreign languages versus the arts.
- **Side:** The Arts
- **Topic Sentence:** The arts contribute to overall mental well-being and stress relief.
- **Developing:** This is vital for maintaining productivity and job satisfaction in high-pressure environments.
- **Rephrase:** Involvement in the arts supports mental health and reduces stress.
- **Collocations:** mental well-being, stress relief, job satisfaction
- **Reason Topic:** Work-Life Balance

## Mental Health

- **Q:** Neo-W4  
The debate centers on whether individuals should prioritize exploring their own country or traveling overseas, with arguments focusing on local economic support versus unique cultural experiences.
- **Side:** Traveling Overseas
- **Topic Sentence:** Overseas travel creates lasting memories through unique experiences.
- **Developing:** Experiencing new environments and adventures leads to unforgettable moments that shape one's life.
- **Rephrase:** Unique experiences abroad create cherished memories.
- **Collocations:** lasting memories, unique experiences, adventure travel
- **Reason Topic:** Life Enrichment

## Mental Health

- **Q:** Blue117  
The statement discusses the impact of entertainment technology on people's reading habits, suggesting that technology has led to a decrease in book reading.
- **Side:** Value of Reading
- **Topic Sentence:** Many people still prioritize reading despite the allure of entertainment technology.

- **Developing:** Book clubs and reading challenges are gaining popularity, indicating a continued interest in literature.
- **Rephrase:** Reading remains a priority for many individuals.
- **Collocations:** book clubs, reading challenges, interest in literature, prioritizing reading
- **Reason Topic:** Literary Engagement

## Mental Load

- **Q:** Blue96  
The debate centers around whether individuals should have fully arranged schedules or leave ample free time in their daily lives.
- **Side:** Structured Schedules
- **Topic Sentence:** Structured schedules reduce decision fatigue.
- **Developing:** With a clear plan, individuals spend less time deciding what to do next, allowing them to focus on executing tasks.
- **Rephrase:** A well-defined schedule minimizes choices and streamlines actions.
- **Collocations:** mental load, cognitive resources, daily routine
- **Reason Topic:** Decision-making

## Mental Rejuvenation

- **Q:** Blue16  
The debate centers around whether individuals prefer to travel during their time off from school or work or to spend that time at home.
- **Side:** Traveling During Time Off
- **Topic Sentence:** Traveling can serve as a valuable break from daily routines.
- **Developing:** A change of scenery can rejuvenate the mind and body, leading to increased productivity.
- **Rephrase:** Taking a trip can refresh one's mental state and improve overall well-being.
- **Collocations:** mental rejuvenation, increased productivity, break from routine
- **Reason Topic:** Productivity boost

## Mental Stimulation

- **Q:** Blue123  
The debate centers around the preference for buying new books versus used books.
- **Side:** Used Books
- **Topic Sentence:** Used books can carry unique histories and stories.
- **Developing:** Each used book may have previous owners' notes or markings, adding character and depth.
- **Rephrase:** Second-hand books often come with interesting backstories.
- **Collocations:** previous owners, annotations, character
- **Reason Topic:** History

## Mental Toughness

- **Q:** Neo-S2  
The debate centers around whether natural talent or hard work is more crucial for an athlete's success.
- **Side:** Hard Work
- **Topic Sentence:** Hard work fosters resilience and determination in athletes.
- **Developing:** Athletes who train rigorously often develop a strong mindset, enabling them to overcome challenges.
- **Rephrase:** Effort builds mental toughness in athletes.
- **Collocations:** resilience, mental toughness, overcoming challenges
- **Reason Topic:** Training Discipline

## Mental Well-Being

- **Q:** Blue130  
The debate revolves around whether individuals should prioritize daily exercise routines or engage in physical activity only during their free time.
- **Side:** Daily Exercise Routine
- **Topic Sentence:** Daily exercise can enhance mental well-being.
- **Developing:** Routine physical activity has been shown to reduce stress and improve mood.
- **Rephrase:** Regular workouts contribute positively to mental health.
- **Collocations:** stress relief, mood enhancement, mental clarity

- **Reason Topic:** Well-being

## Mindfulness

- **Q:** Blue64  
The question discusses the differing opinions on whether people should document their travel experiences through diaries or photos.
- **Side:** Not Documenting Experiences
- **Topic Sentence:** Some people prefer to live in the moment without distractions.
- **Developing:** Focusing on the experience itself can lead to a deeper appreciation of the surroundings.
- **Rephrase:** Experiencing travel without documentation can enhance enjoyment.
- **Collocations:** mindfulness, present moment, immersive experience
- **Reason Topic:** Experience Focus

## Mindfulness

- **Q:** Neo-S56  
The debate centers around whether it is preferable to remain quiet or to engage in conversation while watching movies and television shows with friends and family.
- **Side:** Quiet Viewing
- **Topic Sentence:** Remaining quiet allows for a more immersive experience.
- **Developing:** When everyone is silent, viewers can fully engage with the story and appreciate the nuances of the film or show.
- **Rephrase:** Silence enhances the overall viewing experience.
- **Collocations:** immersive experience, full attention, story appreciation
- **Reason Topic:** Engagement

## Mindfulness

- **Q:** Neo-S12  
The debate centers around whether individuals should listen to music on headphones while traveling or prefer to travel in silence.
- **Side:** Traveling in Silence
- **Topic Sentence:** Traveling in silence allows for greater mindfulness.

- **Developing:** Quiet moments can lead to reflection and awareness of surroundings.
- **Rephrase:** Experiencing silence fosters a deeper connection with the environment.
- **Collocations:** greater mindfulness, quiet moments, deeper connection
- **Reason Topic:** Awareness

## Misleading Appearances

- **Q:** Blue169  
The statement suggests that a person's clothing choices can reflect their personality traits.
- **Side:** Clothing Does Not Define Personality
- **Topic Sentence:** Clothing can be misleading and does not always reflect true personality.
- **Developing:** People may wear certain clothes for practicality rather than personal expression.
- **Rephrase:** Outfits may not accurately represent who a person is inside.
- **Collocations:** practical choices, misleading appearances, functional clothing
- **Reason Topic:** Reality

## Mood Boost

- **Q:** Neo-S12  
The debate centers around whether individuals should listen to music on headphones while traveling or prefer to travel in silence.
- **Side:** Listening to Music
- **Topic Sentence:** Listening to music enhances the travel experience.
- **Developing:** Music can uplift mood and make journeys more enjoyable.
- **Rephrase:** Enjoying music can significantly improve the quality of travel.
- **Collocations:** enhance experience, uplift mood, enjoyable journey
- **Reason Topic:** Travel Enjoyment

## Motivation

- **Q:** Blue36  
The question asks whether students prefer decorated surroundings or simple, undecorated spaces, and why.
- **Side:** Decorated Surroundings
- **Topic Sentence:** Decorating surroundings can boost creativity and motivation.
- **Developing:** Adding personal touches to one's space can inspire creativity and enhance motivation by creating an engaging environment.
- **Rephrase:** Personalizing a space can spark creativity and drive.
- **Collocations:** personal touches, create an engaging environment, boost creativity
- **Reason Topic:** Creativity

## Motivation

- **Q:** Blue80  
The debate centers around whether current celebrities serve as positive role models for young people.
- **Side:** Support for Celebrities as Role Models
- **Topic Sentence:** Celebrities can inspire young people to pursue their dreams.
- **Developing:** By sharing their success stories, celebrities motivate youth to work hard and believe in their potential.
- **Rephrase:** Celebrities have the ability to encourage young individuals to chase their aspirations.
- **Collocations:** inspiration, motivation, success stories
- **Reason Topic:** Dream Pursuit

## News Awareness

- **Q:** Blue174  
The debate centers around the preference for daily news consumption versus occasional news consumption.
- **Side:** Daily News Consumption
- **Topic Sentence:** Daily news consumption keeps individuals informed about current events.

- **Developing:** By watching or listening to the news every day, people can stay updated on important developments that may affect their lives.
- **Rephrase:** Regular news intake ensures awareness of significant happenings.
- **Collocations:** current events, daily updates, news awareness
- **Reason Topic:** Awareness

## Nutrition

- **Q:** Neo-W67  
The discussion revolves around the most important action a person can take to maintain good health, with differing opinions on diet and preventive doctor visits.
- **Side:** Good Diet
- **Topic Sentence:** A balanced diet is essential for maintaining good health.
- **Developing:** Eating nutritious foods, particularly fruits and vegetables, provides the body with necessary vitamins and minerals.
- **Rephrase:** Healthy eating is crucial for overall well-being.
- **Collocations:** nutritious foods, balanced diet, healthy lifestyle
- **Reason Topic:** Diet

## Nutrition

- **Q:** Neo-W67  
The discussion revolves around the most important action a person can take to maintain good health, with differing opinions on diet and preventive doctor visits.
- **Side:** Good Diet
- **Topic Sentence:** Good nutrition supports the immune system and prevents diseases.
- **Developing:** A diet rich in essential nutrients helps the body fight off infections and maintain energy levels.
- **Rephrase:** Proper nutrition boosts immunity and health.
- **Collocations:** immune system, disease prevention, energy levels
- **Reason Topic:** Nutrition

## Nutrition

- **Q:** Neo-S74

The debate centers around whether a government should regulate unhealthy food and drinks for the health of its citizens or if individuals should have the freedom to make their own consumption choices.

- **Side:** Government Responsibility
- **Topic Sentence:** Regulation can lead to better health outcomes.
- **Developing:** When unhealthy options are limited, people are more likely to choose nutritious foods.
- **Rephrase:** Limiting unhealthy choices can improve overall health.
- **Collocations:** nutritious foods, health outcomes, choice limitation
- **Reason Topic:** Nutrition

## Nutrition

- **Q:** Neo-W109

The question explores whether people are generally healthier now than in the past, considering advancements in healthcare and ongoing lifestyle challenges.

- **Side:** Healthier Today
- **Topic Sentence:** Access to better nutrition has contributed to overall health improvements.
- **Developing:** With a greater variety of food options and awareness of nutrition, people can make healthier choices.
- **Rephrase:** Improved nutrition has led to better health among the population.
- **Collocations:** nutritional awareness, healthy choices, food variety
- **Reason Topic:** Diet Quality

## Nutrition

- **Q:** Neo-S74

The debate centers around whether a government should regulate unhealthy food and drinks for the health of its citizens or if individuals should have the freedom to make their own consumption choices.

- **Side:** Individual Freedom
- **Topic Sentence:** Education, not regulation, is the key to healthier choices.

- **Developing:** Informing citizens about nutrition empowers them to make better decisions without government interference.
- **Rephrase:** Knowledge about food can lead to healthier eating habits.
- **Collocations:** nutrition education, healthy choices, informed decisions
- **Reason Topic:** Empowerment

## Nutrition

- **Q:** Blue69  
The university plans to raise the prices of junk food to generate revenue for expanding healthy food options. The question is whether this approach is agreeable or not.
- **Side:** Support for Price Increase
- **Topic Sentence:** Increasing junk food prices can discourage unhealthy eating habits.
- **Developing:** By making junk food more expensive, students may opt for healthier alternatives, promoting better nutrition.
- **Rephrase:** Higher prices on junk food may lead to healthier food choices.
- **Collocations:** unhealthy eating, healthy alternatives, price increase
- **Reason Topic:** Nutrition

## On-Demand Access

- **Q:** Blue170  
The debate centers around the preference for live music experiences versus the convenience of recorded music.
- **Side:** Recorded Music Convenience
- **Topic Sentence:** Recorded music offers accessibility and convenience.
- **Developing:** Listeners can enjoy their favorite songs anytime and anywhere without the need for travel.
- **Rephrase:** The convenience of recorded music allows for flexible listening options.
- **Collocations:** on-demand access, personal playlist, music streaming
- **Reason Topic:** Convenience

## Opportunity

- **Q:** Blue52  
The debate centers around the importance of good luck in comparison to hard work in achieving success.
- **Side:** Importance of Good Luck
- **Topic Sentence:** Good luck can create opportunities that hard work alone may not provide.
- **Developing:** Sometimes, being in the right place at the right time can lead to unexpected success.
- **Rephrase:** Fortuitous circumstances can open doors that effort cannot.
- **Collocations:** serendipitous events, chance encounters, opportune moments
- **Reason Topic:** Luck's role

## Overcrowding

- **Q:** Blue56  
The debate centers around whether building a housing complex on the only green space in a crowded city is a good idea.
- **Side:** Support for Housing Development
- **Topic Sentence:** Building a housing complex can address the urgent need for more housing in the city.
- **Developing:** With the population increasing, more housing is essential to accommodate residents and reduce overcrowding.
- **Rephrase:** Constructing new homes can help meet the growing demand for living spaces.
- **Collocations:** housing shortage, urban development, population growth
- **Reason Topic:** Urban Growth

## Patient Care

- **Q:** Neo-S42  
The debate centers around whether older doctors possess more knowledge than their younger counterparts.
- **Side:** Older Doctors
- **Topic Sentence:** Older doctors have extensive experience in their field.

- **Developing:** Years of practice allow them to encounter a wide variety of cases, enhancing their diagnostic skills.
- **Rephrase:** Veteran physicians benefit from a wealth of practical experience.
- **Collocations:** clinical experience, diagnostic skills, patient care
- **Reason Topic:** Knowledge

## Peer Support

- **Q:** Neo-W88  
The discussion focuses on strategies that secondary schools can implement to ease the transition for students who change schools, particularly teenagers.
- **Side:** Student Buddy System
- **Topic Sentence:** Assigning a student buddy can significantly ease the transition for new students.
- **Developing:** A student buddy can guide newcomers in navigating the school environment, making them feel more comfortable.
- **Rephrase:** Having a peer mentor can greatly help new students adjust.
- **Collocations:** peer support, school navigation, student integration
- **Reason Topic:** Peer Assistance

## Performance

- **Q:** Neo-S2  
The debate centers around whether natural talent or hard work is more crucial for an athlete's success.
- **Side:** Natural Talent
- **Topic Sentence:** Natural talent can lead to exceptional performance under pressure.
- **Developing:** Gifted athletes may possess a unique instinct for the game, allowing them to react swiftly and effectively.
- **Rephrase:** Inborn talent enables athletes to perform exceptionally in critical moments.
- **Collocations:** exceptional performance, pressure situations, instinctive reactions
- **Reason Topic:** Game Instinct

## Performance Motivation

- **Q:** Blue92  
The debate centers around the preference for an interesting professor with a strict grading policy versus a boring professor with a loose grading policy.
- **Side:** Interesting Professor with Strict Grading Policy
- **Topic Sentence:** A strict grading policy encourages accountability.
- **Developing:** Students are motivated to perform well and take their studies seriously when grades are strictly enforced.
- **Rephrase:** Strict grading fosters responsibility among students.
- **Collocations:** academic integrity, performance motivation, grade accountability
- **Reason Topic:** Academic Standards

## Personal Choice

- **Q:** Neo-S74  
The debate centers around whether a government should regulate unhealthy food and drinks for the health of its citizens or if individuals should have the freedom to make their own consumption choices.
- **Side:** Individual Freedom
- **Topic Sentence:** Individuals should have the right to make their own dietary choices.
- **Developing:** Personal freedom allows people to take responsibility for their own health and lifestyle.
- **Rephrase:** People should be free to decide what they eat.
- **Collocations:** personal choice, dietary decisions, individual responsibility
- **Reason Topic:** Responsibility

## Personal Freedom

- **Q:** Neo-W96  
The debate centers around whether suburban governments should remove helmet regulations for cyclists, weighing the benefits of freedom and convenience against safety concerns.
- **Side:** Freedom and Convenience
- **Topic Sentence:** Removing helmet regulations enhances personal freedom for cyclists.

- **Developing:** Cyclists can enjoy a more liberating experience without the burden of wearing a helmet.
- **Rephrase:** Eliminating helmet laws allows for greater autonomy among cyclists.
- **Collocations:** personal freedom, cycling convenience, autonomy in cycling
- **Reason Topic:** Cycling Experience

## Personal Growth

- **Q:** Blue47  
The debate centers around the decision to cancel the long summer vacation, requiring students to attend school year-round with shorter breaks.
- **Side:** Opposition to Year-Round Schooling
- **Topic Sentence:** Traditional summer vacations provide valuable life experiences.
- **Developing:** Time off from school allows students to engage in activities that foster personal growth and social skills.
- **Rephrase:** Summer breaks promote personal development.
- **Collocations:** life experiences, personal growth, social skills
- **Reason Topic:** Experiences

## Personal Happiness

- **Q:** Blue147  
The debate centers on choosing between a high-paying job and one that offers personal satisfaction.
- **Side:** Job Satisfaction
- **Topic Sentence:** A job that offers personal satisfaction can lead to greater happiness.
- **Developing:** When individuals enjoy their work, they are more motivated and engaged, leading to a fulfilling life.
- **Rephrase:** Finding joy in work can enhance overall well-being.
- **Collocations:** personal happiness, job engagement, fulfilling life
- **Reason Topic:** Job fulfillment

## Personal Life

- **Q:** Blue151  
The debate centers around whether having a job that one loves is essential for happiness.
- **Side:** Value of Financial Stability
- **Topic Sentence:** Many people find happiness outside of their jobs.
- **Developing:** Hobbies, relationships, and personal achievements can provide joy that is independent of one's career.
- **Rephrase:** Personal life can bring happiness separate from job satisfaction.
- **Collocations:** personal life, hobbies, social relationships
- **Reason Topic:** Job independence

## Personal Responsibility

- **Q:** Blue54  
The question discusses whether government funding should be directed towards initiatives that promote healthier lifestyles among citizens.
- **Side:** Opposition to Government Spending
- **Topic Sentence:** Personal responsibility should drive lifestyle choices, not government intervention.
- **Developing:** Encouraging individuals to take charge of their health fosters independence and personal accountability.
- **Rephrase:** Individuals should be responsible for their own health decisions.
- **Collocations:** personal responsibility, lifestyle choices, government intervention
- **Reason Topic:** Health choices

## Personal Satisfaction

- **Q:** Neo-W3  
The debate revolves around whether consumerism is beneficial for individuals and the economy or if it leads to negative consequences such as overconsumption and waste.
- **Side:** Drawbacks of Consumerism
- **Topic Sentence:** Consumerism promotes materialism at the expense of personal well-being.

- **Developing:** This mindset can result in dissatisfaction and a perpetual cycle of wanting more, rather than appreciating what one has.
- **Rephrase:** A focus on possessions undermines happiness.
- **Collocations:** materialism, personal satisfaction, dissatisfaction, consumer culture
- **Reason Topic:** Well-being

## Personal Style

- **Q:** Blue186  
The question explores whether individuals should adhere to current fashion trends in their clothing choices.
- **Side:** Opposition to Dressing According to Fashion
- **Topic Sentence:** Individuality may be compromised by following fashion trends.
- **Developing:** When people dress solely to fit in, they may lose their unique style and authenticity.
- **Rephrase:** Fashion conformity can dilute personal uniqueness.
- **Collocations:** personal style, authenticity, individual expression
- **Reason Topic:** Personal authenticity

## Personal Time

- **Q:** Blue67  
The debate centers around the preference for taking classes in the morning versus the afternoon.
- **Side:** Afternoon Classes
- **Topic Sentence:** Afternoon classes allow for morning commitments.
- **Developing:** Students can use the morning for work, exercise, or personal responsibilities before attending classes.
- **Rephrase:** Mornings can be reserved for other obligations.
- **Collocations:** morning routine, work commitments, personal time
- **Reason Topic:** Responsibility

## Personalized Advice

- **Q:** Neo-W76  
The debate centers around whether consumers should rely on advice from friends and family or seek information from online sources when making purchasing decisions.
- **Side:** Advice from Friends and Family
- **Topic Sentence:** Relying on friends and family for product recommendations leads to more personalized advice.
- **Developing:** These individuals understand your preferences and can suggest products that align with your specific needs.
- **Rephrase:** Getting recommendations from close ones offers tailored guidance.
- **Collocations:** personalized advice, trusted recommendations, specific needs
- **Reason Topic:** Tailored Advice

## Personalized News

- **Q:** Blue132  
The question asks whether watching the news or reading the news is a better option, requiring an evaluation of the two methods of news consumption.
- **Side:** Reading the News
- **Topic Sentence:** Reading the news allows for a more flexible and personalized experience.
- **Developing:** Readers can choose what news to read, when to read it, and at what pace, making the news consumption experience more tailored to their needs.
- **Rephrase:** Reading the news provides more flexibility.
- **Collocations:** personalized news, news archives, reading pace
- **Reason Topic:** News consumption

## Pet Neglect

- **Q:** Blue65  
The debate centers around whether children should be permitted to have pets.
- **Side:** Opposition to Keeping Pets
- **Topic Sentence:** Pets require significant time and resources.
- **Developing:** Children may struggle to meet the demands of pet care, leading to neglect or stress.

- **Rephrase:** Caring for pets can be too much for kids.
- **Collocations:** time commitment, resource allocation, pet neglect
- **Reason Topic:** Resource Management

## Physical

- **Q:** Neo-S95  
The debate centers around whether watching television is a productive use of time.
- **Side:** For Watching Television
- **Topic Sentence:** Television can contribute to a sedentary lifestyle.
- **Developing:** Long hours of sitting while watching TV can have negative health impacts.
- **Rephrase:** Prolonged television watching can lead to health problems.
- **Collocations:** sedentary behavior, health risks, physical inactivity
- **Reason Topic:** Lifestyle Concerns

## Physical Decline

- **Q:** Blue73  
The debate centers around whether elderly individuals should engage in risky and adventurous activities like younger people.
- **Side:** Risks for Elderly Individuals
- **Topic Sentence:** Elderly individuals might lack the physical stamina required for adventurous events.
- **Developing:** As people age, their physical capabilities often decline, making it harder to keep up with younger participants.
- **Rephrase:** Physical limitations hinder seniors in adventure sports.
- **Collocations:** physical stamina, age-related decline, younger participants
- **Reason Topic:** Capability Issues

## Physical Enhancement

- **Q:** Neo-S59  
The debate centers around the use of extreme methods, such as surgery, to alter one's appearance in the pursuit of attractiveness.

- **Side:** Support for Appearance Alteration
- **Topic Sentence:** Surgical methods can provide significant physical improvements.
- **Developing:** For some, these procedures can correct physical features that cause distress or social anxiety.
- **Rephrase:** Surgery can effectively address physical concerns.
- **Collocations:** physical enhancement, corrective surgery, social anxiety
- **Reason Topic:** Aesthetic improvement

## Physical Fitness

- **Q:** Blue82  
The debate centers on the preference between daily exercise versus exercising only when one has free time.
- **Side:** Daily Exercise
- **Topic Sentence:** Engaging in daily exercise promotes better physical health.
- **Developing:** Regular physical activity helps maintain a healthy weight and reduces the risk of chronic diseases.
- **Rephrase:** Consistent exercise enhances overall wellness.
- **Collocations:** physical fitness, chronic disease prevention, healthy lifestyle
- **Reason Topic:** Physical activity

## Physical Fitness

- **Q:** Blue130  
The debate revolves around whether individuals should prioritize daily exercise routines or engage in physical activity only during their free time.
- **Side:** Daily Exercise Routine
- **Topic Sentence:** Engaging in daily exercise promotes better physical health.
- **Developing:** Regular physical activity helps maintain a healthy weight and reduces the risk of chronic diseases.
- **Rephrase:** Consistent exercise is essential for optimal physical well-being.
- **Collocations:** physical fitness, chronic disease prevention, healthy lifestyle
- **Reason Topic:** Physical activity

## Physical Health

- **Q:** Blue193  
The debate revolves around the preference for outdoor activities like basketball versus indoor activities such as yoga, exploring the benefits and drawbacks of each.
- **Side:** Outdoor Activities
- **Topic Sentence:** Outdoor activities promote physical fitness and teamwork.
- **Developing:** Engaging in sports like basketball enhances cardiovascular health and fosters social connections.
- **Rephrase:** Participating in outdoor sports boosts physical health and builds camaraderie.
- **Collocations:** physical health, team spirit, social interaction, cardiovascular fitness
- **Reason Topic:** Physical Activity

## Physical Health

- **Q:** Neo-W1  
This debate explores whether yoga and meditation or physical activities like sports and exercise have a more positive impact on mental health and overall happiness.
- **Side:** Physical Activities
- **Topic Sentence:** Engaging in physical activities improves physical health and enhances mood.
- **Developing:** Exercise releases endorphins, which elevate mood and boost physical fitness.
- **Rephrase:** Exercise boosts mood and fitness by releasing endorphins.
- **Collocations:** physical health, enhanced mood, releases endorphins
- **Reason Topic:** Physical Fitness

## Playtime

- **Q:** Blue162  
The question discusses whether children should be required to assist with household tasks as soon as they are capable.
- **Side:** Opposition to Household Tasks
- **Topic Sentence:** Children should have time for play and education.

- **Developing:** Focusing too much on chores can take away from valuable time that children need for play, learning, and socializing.
- **Rephrase:** Excessive chores can limit children's opportunities for play and education.
- **Collocations:** playtime, education, socializing
- **Reason Topic:** Play and Learning

## Poor Judgment

- **Q:** Blue46  
The question analyzes whether individuals perform better under stress or pressure, suggesting that stress may enhance motivation towards achieving goals.
- **Side:** Negative Effects of Stress
- **Topic Sentence:** Stress can impair decision-making abilities.
- **Developing:** Under high pressure, individuals may struggle to think clearly, leading to poor choices.
- **Rephrase:** Pressure can hinder clear thinking.
- **Collocations:** poor judgment, cognitive overload, decision-making
- **Reason Topic:** Decisions

## Pressure Management

- **Q:** Blue63  
The debate centers around whether parents should have access to their children's grades without obtaining their permission first.
- **Side:** Child Privacy
- **Topic Sentence:** Children have a right to privacy regarding their academic records.
- **Developing:** Allowing parents unrestricted access may lead to undue pressure and stress on the child.
- **Rephrase:** Students deserve confidentiality concerning their grades.
- **Collocations:** student privacy, academic confidentiality, pressure management
- **Reason Topic:** Mental Health

## Preventive Care

- **Q:** Neo-W67  
The discussion revolves around the most important action a person can take to maintain good health, with differing opinions on diet and preventive doctor visits.
- **Side:** Preventive Doctor Visits
- **Topic Sentence:** Regular checkups are vital for early detection of health issues.
- **Developing:** Annual exams allow doctors to identify potential health problems before they escalate.
- **Rephrase:** Routine medical visits are crucial for catching health issues early.
- **Collocations:** preventive care, health screenings, early detection
- **Reason Topic:** Checkups

## Privacy

- **Q:** Neo-S92  
The question discusses the policy of universities restricting parents' access to their child's grades without permission.
- **Side:** Support for the Policy
- **Topic Sentence:** It protects students' privacy rights.
- **Developing:** Students have the right to keep their academic records confidential, which is essential for their personal development.
- **Rephrase:** The policy safeguards the privacy of students.
- **Collocations:** privacy rights, confidential information, personal development
- **Reason Topic:** Confidentiality

## Privacy Violation

- **Q:** Blue50  
The debate centers around whether professors should permit students to record class lectures, weighing the benefits of accessibility against potential drawbacks.
- **Side:** Against Recording
- **Topic Sentence:** It may violate the privacy of both students and professors.
- **Developing:** Unauthorized recordings could lead to breaches of confidentiality and misuse of personal information shared during class.
- **Rephrase:** Privacy concerns arise from unauthorized recordings.

- **Collocations:** privacy violation, confidentiality issues, personal information
- **Reason Topic:** Confidentiality

## Problem-Solving

- **Q:** Blue5  
The debate centers on whether a sense of humor or a serious approach is more effective in handling difficult situations, such as conflicts with friends.
- **Side:** Seriousness in Difficult Situations
- **Topic Sentence:** A serious approach is often necessary for effective problem-solving.
- **Developing:** Addressing issues directly allows for clearer understanding and resolution of conflicts.
- **Rephrase:** Taking a serious stance can lead to more effective conflict resolution.
- **Collocations:** effective problem-solving, directly addressing issues, clear understanding
- **Reason Topic:** Conflict resolution

## Procrastination

- **Q:** Blue168  
The debate centers around whether watching TV is a productive use of time or not.
- **Side:** Against Watching TV.
- **Topic Sentence:** Television can be a distraction from important tasks.
- **Developing:** People may prioritize watching shows over completing work or studying, leading to procrastination.
- **Rephrase:** TV often diverts attention from essential responsibilities.
- **Collocations:** distraction, procrastination, important tasks
- **Reason Topic:** Productivity

## Productivity

- **Q:** Blue192  
The debate centers around whether watching sports programs on television is a valuable use of time or not.
- **Side:** For Watching Sports Programs

- **Topic Sentence:** Watching sports can be a waste of valuable time.
- **Developing:** Time spent on sports could be better utilized for productive activities or personal development.
- **Rephrase:** Viewing sports may not be the best use of one's time.
- **Collocations:** time management, productivity, personal growth
- **Reason Topic:** Productivity

## Productivity

- **Q:** Blue190  
The debate centers around whether listening to music or studying in silence is more effective for concentration and productivity.
- **Side:** Listening to Music
- **Topic Sentence:** Listening to music can enhance focus and motivation.
- **Developing:** Many people find that music helps them concentrate better and makes tasks feel less tedious.
- **Rephrase:** Music can boost concentration and drive.
- **Collocations:** enhance focus, boost motivation, improve productivity
- **Reason Topic:** Focus

## Productivity

- **Q:** Blue96  
The debate centers around whether individuals should have fully arranged schedules or leave ample free time in their daily lives.
- **Side:** Structured Schedules
- **Topic Sentence:** Having a fully arranged schedule enhances productivity.
- **Developing:** When schedules are meticulously planned, individuals can maximize their efficiency and accomplish more tasks.
- **Rephrase:** A detailed schedule can lead to increased output.
- **Collocations:** time management, goal setting, task prioritization
- **Reason Topic:** Productivity

## Psychological Impact

- **Q:** Neo-W86  
The debate centers around whether the use of automation, particularly through AI and robots, is a positive development for society and the economy.
- **Side:** Negative Effects of Automation
- **Topic Sentence:** The psychological impact of reduced work can be detrimental.
- **Developing:** Many individuals find fulfillment in their work, and losing that can lead to dissatisfaction and a lack of purpose.
- **Rephrase:** Reduced work opportunities may harm individuals' sense of purpose.
- **Collocations:** psychological impact, work fulfillment, life satisfaction
- **Reason Topic:** Work Satisfaction

## Public Health

- **Q:** Neo-W23  
The debate centers on whether public transportation should be funded through tax revenue to provide free access to all citizens.
- **Side:** For Free Public Transportation
- **Topic Sentence:** The long-term health benefits and cost savings from reduced pollution justify free public transportation.
- **Developing:** Investing in free public transport could lead to lower healthcare costs due to improved air quality and public health outcomes.
- **Rephrase:** Enhanced public transport access could lead to significant healthcare savings and better health.
- **Collocations:** healthcare savings, public health, long-term benefits
- **Reason Topic:** Healthcare

## Public Health

- **Q:** Neo-S74  
The debate centers around whether a government should regulate unhealthy food and drinks for the health of its citizens or if individuals should have the freedom to make their own consumption choices.
- **Side:** Government Responsibility
- **Topic Sentence:** Governments have a duty to protect public health.

- **Developing:** By regulating unhealthy food and drinks, they can reduce health risks and promote healthier lifestyles.
- **Rephrase:** It is the government's obligation to safeguard the health of its citizens.
- **Collocations:** public health, health risks, government regulation
- **Reason Topic:** Health risks

## Public Health

- **Q:** Neo-W54  
The discussion revolves around identifying significant scientific discoveries or technological inventions from the last two hundred years, excluding computers and cell phones, and their impact on society.
- **Side:** Medical Progress
- **Topic Sentence:** Medical advancements, particularly in nutrition and vitamins, have significantly improved public health.
- **Developing:** The discovery of essential vitamins has led to better dietary practices and reduced disease prevalence.
- **Rephrase:** Advancements in nutrition have greatly enhanced overall health outcomes.
- **Collocations:** nutritional science, public health, disease prevention
- **Reason Topic:** Nutrition

## Public Safety

- **Q:** Neo-S46  
The debate centers around whether the government should impose fines on individuals who use cellphones while walking across the street.
- **Side:** Support for Fines
- **Topic Sentence:** Enacting fines can enhance public safety.
- **Developing:** By discouraging cellphone use while walking, the likelihood of accidents can be reduced.
- **Rephrase:** Imposing fines may lead to safer pedestrian behavior.
- **Collocations:** public safety, pedestrian accidents, cellphone distractions
- **Reason Topic:** Accidents

## Quality Of Life

- **Q:** Neo-W46  
The question analyzes the factors contributing to the increase in life expectancy, focusing on medical technology, public health improvements, and lifestyle changes.
- **Side:** Advances in Medical Technology
- **Topic Sentence:** Patients can now live fulfilling lives despite chronic diseases.
- **Developing:** With effective treatments, individuals can manage conditions that were once fatal.
- **Rephrase:** People can enjoy quality lives even with serious health issues.
- **Collocations:** quality of life, chronic disease management, effective treatments
- **Reason Topic:** Chronic illness

## Quality Of Life

- **Q:** Blue73  
The debate centers around whether elderly individuals should engage in risky and adventurous activities like younger people.
- **Side:** Benefits of Adventure for Elderly Individuals
- **Topic Sentence:** Engaging in adventurous activities can enhance the quality of life for older adults.
- **Developing:** Such experiences can boost their confidence and provide a sense of achievement.
- **Rephrase:** Adventure can improve seniors' life satisfaction.
- **Collocations:** quality of life, confidence boost, sense of achievement
- **Reason Topic:** Emotional Benefits

## Quality Of Life

- **Q:** Blue202  
The debate centers around the choice of living in a big, new place that is far from work or university versus a small, old place that is close to work or university.
- **Side:** Big, New Place
- **Topic Sentence:** Living in a big, new place offers modern amenities and comfort.
- **Developing:** These features can enhance overall quality of life and provide a more enjoyable living experience.

- **Rephrase:** A spacious, contemporary home can significantly improve daily living conditions.
- **Collocations:** modern amenities, living comfort, spacious environment
- **Reason Topic:** Living conditions

## Quality Of Life

- **Q:** Neo-W109  
The question explores whether people are generally healthier now than in the past, considering advancements in healthcare and ongoing lifestyle challenges.
- **Side:** Healthier in the Past
- **Topic Sentence:** The quality of life has been compromised by modern habits.
- **Developing:** Stress and lack of physical activity negatively impact overall well-being.
- **Rephrase:** Contemporary living conditions can detract from our overall health and happiness.
- **Collocations:** quality of life, stress levels, physical activity
- **Reason Topic:** Well-being

## Quality Of Life

- **Q:** Neo-S32  
The debate centers around whether building a new housing complex in the only green space of a crowded city is a good idea.
- **Side:** Support for Housing Complex
- **Topic Sentence:** The new complex could provide modern amenities and improve living conditions.
- **Developing:** New developments often include updated facilities that enhance the quality of life for residents.
- **Rephrase:** A new housing project can offer better living standards and conveniences.
- **Collocations:** modern amenities, quality of life, residential facilities
- **Reason Topic:** Community improvement

## Quality Products

- **Q:** Neo-S68  
The debate centers around whether shopping at specialty shops or supermarkets is the better option for grocery shopping.
- **Side:** Specialty Shops
- **Topic Sentence:** Specialty shops offer higher quality products.
- **Developing:** Items like fresh meats and baked goods are often made with better ingredients and care.
- **Rephrase:** Products from specialty shops tend to be of superior quality.
- **Collocations:** fresh ingredients, artisan products, local suppliers
- **Reason Topic:** Product Standards

## Quiet Environment

- **Q:** Neo-S61  
This debate analyzes the pros and cons of two apartment options: one that is expensive but close to campus and another that is affordable but farther away.
- **Side:** Affordability of Rent
- **Topic Sentence:** Living farther away can provide a quieter living environment.
- **Developing:** Less proximity to campus often means less noise and distractions, which can be beneficial for studying.
- **Rephrase:** A distant location may offer a more peaceful atmosphere for academic focus.
- **Collocations:** quiet environment, study concentration, peaceful living
- **Reason Topic:** Study environment

## Quiet Space

- **Q:** Blue108  
The debate centers around whether libraries should maintain a quiet environment or incorporate social activities for students.
- **Side:** Quiet Libraries
- **Topic Sentence:** Maintaining silence respects the needs of all library users.
- **Developing:** Not everyone is comfortable with noise, and a quiet space accommodates diverse preferences.
- **Rephrase:** A silent library caters to varied user needs.

- **Collocations:** respect needs, diverse preferences, quiet space
- **Reason Topic:** Inclusivity

## Reading

- **Q:** Neo-S21  
The debate centers around the preference for buying used books versus new books.
- **Side:** New Books
- **Topic Sentence:** New books are in pristine condition.
- **Developing:** Buying new books guarantees that they are free from wear and tear, enhancing the reading experience.
- **Rephrase:** Brand new books are in perfect shape.
- **Collocations:** excellent condition, no damage, fresh pages
- **Reason Topic:** Condition

## Real-Time Info

- **Q:** Blue133  
The debate centers around the preferred method of learning about current events, either through television news programs or through reading newspapers or online articles.
- **Side:** Television News Programs
- **Topic Sentence:** Television news programs provide immediate updates on current events.
- **Developing:** Viewers can receive real-time information, which is crucial during breaking news situations.
- **Rephrase:** TV news offers instant coverage of events as they unfold.
- **Collocations:** breaking news, live coverage, visual storytelling
- **Reason Topic:** Information delivery

## Reduce Anxiety

- **Q:** Blue207  
The debate centers on whether students should take exams in class or at home, with each option presenting distinct advantages and challenges.
- **Side:** At-Home Exams

- **Topic Sentence:** At-home exams offer flexibility and convenience for students.
- **Developing:** This format allows students to take exams in a comfortable environment, potentially reducing anxiety and improving performance.
- **Rephrase:** Taking exams at home provides a more relaxed setting that can enhance student performance.
- **Collocations:** flexibility, reduce anxiety, improve performance
- **Reason Topic:** Convenience

## Reduce Anxiety

- **Q:** Blue183  
The debate centers on whether students should plan their careers before entering college or wait until they have begun their studies.
- **Side:** Planning Before College
- **Topic Sentence:** Planning ahead can reduce anxiety and uncertainty.
- **Developing:** When students have a career plan, they are more likely to feel confident and motivated during their college experience.
- **Rephrase:** Having a career strategy in place alleviates stress for students.
- **Collocations:** reduce anxiety, career strategy, student confidence
- **Reason Topic:** Mental well-being

## Reduce Anxiety

- **Q:** Blue145  
The debate centers around whether it is better to make detailed plans for the future or to focus on the present without making any plans.
- **Side:** Planning for the Future
- **Topic Sentence:** Planning reduces uncertainty and anxiety about the future.
- **Developing:** Having a plan in place can provide a sense of control and preparedness for upcoming challenges.
- **Rephrase:** A well-structured plan can alleviate worries regarding future uncertainties.
- **Collocations:** reduce anxiety, sense of control, preparedness for challenges
- **Reason Topic:** Future Security

## Reduce Stress

- **Q:** Blue190

The debate centers around whether listening to music or studying in silence is more effective for concentration and productivity.

- **Side:** Listening to Music
- **Topic Sentence:** Music can create a positive and enjoyable study environment.
- **Developing:** A pleasant soundtrack can elevate mood and reduce stress, making studying more enjoyable.
- **Rephrase:** A good playlist can make studying more enjoyable.
- **Collocations:** positive environment, reduce stress, elevate mood
- **Reason Topic:** Enjoyment

## Reduce Stress

- **Q:** Blue12

The topic analyzes whether buyers prefer to negotiate prices or pay fixed prices when purchasing new or used products.

- **Side:** Preference for Fixed Price
- **Topic Sentence:** Paying a fixed price saves time and reduces stress.
- **Developing:** With a set price, buyers do not have to spend time haggling or worry about negotiation skills.
- **Rephrase:** Having a fixed price eliminates the need for time-consuming bargaining.
- **Collocations:** reduce stress, fixed price, save time
- **Reason Topic:** Time Efficiency

## Reduce Stress

- **Q:** Blue203

The debate centers around the preference for living in a noisy area with convenient access to shops and public transportation versus a quiet area that is distant from these amenities.

- **Side:** Quiet but Distant Area
- **Topic Sentence:** Living in a quiet area promotes peace and relaxation.
- **Developing:** A serene environment can reduce stress and improve overall well-being.

- **Rephrase:** A tranquil setting fosters a calm lifestyle.
- **Collocations:** peace and relaxation, reduce stress, overall well-being
- **Reason Topic:** Serenity

## Reduce Stress

- **Q:** Neo-W17  
The debate focuses on the importance of work-life balance versus prioritizing work for professional success and financial stability.
- **Side:** Work-Life Balance
- **Topic Sentence:** Work-life balance is crucial for health and reducing stress.
- **Developing:** Overworking can lead to stress-related illnesses, while a balanced lifestyle promotes health.
- **Rephrase:** Work-life balance is vital for health and stress reduction.
- **Collocations:** reduce stress, promote health, balanced lifestyle
- **Reason Topic:** Stress

## Reflective Thinking

- **Q:** Blue174  
The debate centers around the preference for daily news consumption versus occasional news consumption.
- **Side:** Occasional News Consumption
- **Topic Sentence:** It allows for more focused and meaningful engagement with news.
- **Developing:** When people consume news less frequently, they can dedicate time to understanding and reflecting on the information they receive.
- **Rephrase:** Infrequent news consumption enables deeper comprehension.
- **Collocations:** meaningful engagement, focused analysis, reflective thinking
- **Reason Topic:** Reflection

## Relaxation

- **Q:** Neo-S65  
The question explores preferences between organizing social events and simply attending them.

- **Side:** Attending Events
- **Topic Sentence:** Attending events allows for relaxation and enjoyment without the stress of planning.
- **Developing:** Guests can simply enjoy the festivities and socialize without the responsibilities that come with organizing.
- **Rephrase:** Being a guest offers a stress-free way to enjoy social gatherings.
- **Collocations:** stress-free, enjoyment, socializing
- **Reason Topic:** Enjoyment

## Relaxation

- **Q:** Neo-S55  
The question explores preferences between participating in performances and being an audience member.
- **Side:** Being in the Audience
- **Topic Sentence:** Watching performances allows for relaxation and enjoyment.
- **Developing:** Being an audience member provides a chance to unwind and appreciate the artistry without the pressure of performing.
- **Rephrase:** Enjoying performances offers a stress-free way to experience art.
- **Collocations:** relaxation, art appreciation, audience experience
- **Reason Topic:** Enjoyment

## Relaxation

- **Q:** Blue57  
The debate centers around the differing preferences for spending money on vacations, with some individuals favoring lavish expenditures while others opt for more frugal approaches.
- **Side:** Expensive Vacations
- **Topic Sentence:** Luxury vacations can enhance relaxation and comfort.
- **Developing:** Spending more can ensure better accommodations and services, leading to a more enjoyable stay.
- **Rephrase:** High expenditures can improve comfort and relaxation.
- **Collocations:** high-end hotels, premium services, relaxation benefits
- **Reason Topic:** Enhanced relaxation

## Relaxation

- **Q:** Neo-S25  
The debate centers around whether spending a lot of money on a vacation for special experiences is better than opting for a budget-friendly vacation.
- **Side:** Luxury Vacations
- **Topic Sentence:** A lavish vacation can enhance relaxation and enjoyment.
- **Developing:** When people spend more, they often enjoy better services and amenities, leading to a more enjoyable trip.
- **Rephrase:** Higher spending can result in greater relaxation and satisfaction.
- **Collocations:** premium services, enhanced comfort, total relaxation
- **Reason Topic:** Enjoyment

## Relaxation

- **Q:** Blue16  
The debate centers around whether individuals prefer to travel during their time off from school or work or to spend that time at home.
- **Side:** Staying Home During Time Off
- **Topic Sentence:** Staying at home provides a chance to relax and recharge.
- **Developing:** Home offers a familiar environment where individuals can unwind without the stress of travel.
- **Rephrase:** Being at home allows for a comfortable and stress-free relaxation time.
- **Collocations:** relaxation, familiar environment, stress-free
- **Reason Topic:** Stress relief

## Resilience

- **Q:** Neo-W56  
The debate centers around whether grades should be awarded solely based on performance or if effort should also be considered in the grading process.
- **Side:** Effort-Based Grading
- **Topic Sentence:** Recognizing effort promotes a growth mindset.
- **Developing:** When students see that hard work is valued, they are more likely to persist through challenges and improve over time.
- **Rephrase:** Valuing effort encourages students to develop resilience.

- **Collocations:** growth mindset, value hard work, resilience in learning
- **Reason Topic:** Student Development

## Resilience

- **Q:** Blue5  
The debate centers on whether a sense of humor or a serious approach is more effective in handling difficult situations, such as conflicts with friends.
- **Side:** Humor in Difficult Situations
- **Topic Sentence:** Humor promotes resilience in tough times.
- **Developing:** Finding laughter in adversity can help individuals cope better and maintain a positive outlook.
- **Rephrase:** Laughter during hardships can enhance one's ability to endure challenges.
- **Collocations:** promote resilience, cope better, positive outlook
- **Reason Topic:** Mental health

## Risk Awareness

- **Q:** Neo-S112  
The question analyzes whether people are more drawn to negative news stories compared to positive ones.
- **Side:** Interest in Negative News
- **Topic Sentence:** Negative news often feels more relevant to personal safety.
- **Developing:** When people hear about crime or health risks, they may feel compelled to stay informed to protect themselves.
- **Rephrase:** Awareness of risks is heightened by negative news.
- **Collocations:** safety concerns, risk awareness, crime reports
- **Reason Topic:** Safety Awareness

## Risk Prevention

- **Q:** Neo-S70  
The debate centers around whether parents should have the right to read their children's text messages and emails without their permission.
- **Side:** Safety Concerns

- **Topic Sentence:** Parents have a responsibility to ensure their children's safety.
- **Developing:** Monitoring messages can help protect children from potential dangers online.
- **Rephrase:** Oversight of communications is essential for child safety.
- **Collocations:** online safety, risk prevention, parental guidance
- **Reason Topic:** Protection Measures

## Road Safety

- **Q:** Blue29  
The debate centers around whether to lower the age for obtaining a driver's license, weighing the potential benefits against safety concerns.
- **Side:** Opposition to Lowering Age
- **Topic Sentence:** Lowering the driving age may increase road accidents involving young drivers.
- **Developing:** Statistical data shows that younger drivers are more prone to risky behaviors and accidents.
- **Rephrase:** Younger drivers are statistically more likely to be involved in accidents.
- **Collocations:** road accidents, young drivers, risky behavior
- **Reason Topic:** Risk factors

## Routine Consistency

- **Q:** Blue193  
The debate revolves around the preference for outdoor activities like basketball versus indoor activities such as yoga, exploring the benefits and drawbacks of each.
- **Side:** Indoor Activities
- **Topic Sentence:** Indoor activities can be practiced regardless of weather conditions.
- **Developing:** Yoga can be done in any season, making it a versatile option for maintaining a routine.
- **Rephrase:** Indoor activities remain consistent and accessible in all weather.
- **Collocations:** weather independence, routine consistency, versatility, year-round
- **Reason Topic:** Weather Flexibility

## Safety

- **Q:** Blue29  
The debate centers around whether to lower the age for obtaining a driver's license, weighing the potential benefits against safety concerns.
- **Side:** Opposition to Lowering Age
- **Topic Sentence:** Younger individuals may lack the maturity needed for responsible driving.
- **Developing:** Maturity plays a crucial role in making sound decisions while driving, which younger teens may not possess.
- **Rephrase:** Maturity is essential for responsible driving, which younger teens often lack.
- **Collocations:** maturity, responsible driving, sound decisions
- **Reason Topic:** Decision-making

## Safety

- **Q:** Blue66  
The debate centers around whether the government should implement a law imposing fines on individuals who use mobile phones while crossing the street.
- **Side:** Support for the Law
- **Topic Sentence:** Implementing fines can enhance pedestrian safety.
- **Developing:** By discouraging phone use while crossing, the law can reduce accidents and injuries.
- **Rephrase:** Fines could lead to safer crossings for pedestrians.
- **Collocations:** pedestrian safety, reduce accidents, mobile phone use
- **Reason Topic:** Accidents

## Safety

- **Q:** Neo-S94  
The debate centers around the preference for using smartphones or navigational devices versus exploring independently and asking for directions while traveling in unfamiliar places.
- **Side:** Using Smartphones
- **Topic Sentence:** Smartphones provide instant access to maps and information.

- **Developing:** This allows travelers to navigate efficiently without the risk of getting lost.
- **Rephrase:** Mobile devices offer immediate navigation assistance.
- **Collocations:** real-time navigation, digital maps, location services
- **Reason Topic:** Navigation

## Safety Measures

- **Q:** Neo-W5  
The debate centers around whether traveling in a group with a tour guide is superior to traveling solo or with a companion.
- **Side:** Traveling with a Tour Guide
- **Topic Sentence:** Traveling in a group with a tour guide offers enhanced security.
- **Developing:** Having a knowledgeable guide ensures safety and helps navigate unfamiliar areas.
- **Rephrase:** Group travel with a guide provides a safer experience.
- **Collocations:** security in travel, guided tours, safety measures
- **Reason Topic:** Security

## Sanitization

- **Q:** Blue140  
The debate centers around the preference for washing dishes by hand versus using a dishwasher.
- **Side:** Using a Dishwasher
- **Topic Sentence:** Dishwashers can sanitize dishes more effectively.
- **Developing:** The high temperatures used in dishwashers kill more bacteria than hand washing.
- **Rephrase:** Dishwashers provide superior sanitation for dishes.
- **Collocations:** sanitization, high temperatures, bacteria elimination
- **Reason Topic:** Health safety

## Sedentary Behavior

- **Q:** Blue192  
The debate centers around whether watching sports programs on television is a valuable use of time or not.
- **Side:** For Watching Sports Programs
- **Topic Sentence:** Excessive sports viewing can lead to a sedentary lifestyle.
- **Developing:** Spending too much time watching sports can contribute to physical inactivity and health issues.
- **Rephrase:** Overindulgence in sports can harm physical health.
- **Collocations:** sedentary behavior, health risks, physical inactivity
- **Reason Topic:** Sedentary Lifestyle

## Sedentary Lifestyle

- **Q:** Blue168  
The debate centers around whether watching TV is a productive use of time or not.
- **Side:** Against Watching TV.
- **Topic Sentence:** Watching TV can lead to a sedentary lifestyle.
- **Developing:** Excessive TV watching often results in reduced physical activity, contributing to health issues.
- **Rephrase:** Television viewing promotes inactivity, which can harm health.
- **Collocations:** sedentary lifestyle, health issues, physical activity
- **Reason Topic:** Lifestyle choice

## Self-Care

- **Q:** Blue39  
The question explores whether happiness is derived more from helping others than from self-help.
- **Side:** Helping Yourself
- **Topic Sentence:** Prioritizing self-care is essential for overall well-being.
- **Developing:** Taking care of one's own needs allows individuals to recharge and be more effective in helping others.
- **Rephrase:** Self-care is crucial for maintaining well-being.
- **Collocations:** self-care, overall well-being, recharge

- **Reason Topic:** Well-being

## Self-Esteem

- **Q:** Blue31  
The discussion addresses whether individuals should consistently wear fashionable clothes.
- **Side:** Agree
- **Topic Sentence:** Wearing fashionable clothes can boost an individual's confidence.
- **Developing:** Dressing fashionably often leads to positive impressions, which can uplift a person's self-esteem.
- **Rephrase:** Fashionable dressing can enhance self-assurance.
- **Collocations:** fashionable clothes, boost confidence, self-esteem, positive impressions
- **Reason Topic:** Personal presentation

## Self-Esteem

- **Q:** Blue80  
The debate centers around whether current celebrities serve as positive role models for young people.
- **Side:** Criticism of Celebrities as Role Models
- **Topic Sentence:** The lifestyles of celebrities are often unrealistic and unattainable.
- **Developing:** Young people may feel pressured to emulate the extravagant lifestyles of celebrities, which can lead to dissatisfaction and low self-esteem.
- **Rephrase:** The extravagant lives of celebrities can create unrealistic expectations for youth.
- **Collocations:** unrealistic standards, pressure to conform, self-esteem issues
- **Reason Topic:** Lifestyle Expectations

## Self-Esteem

- **Q:** Neo-W94  
The discussion revolves around whether participation in team sports is beneficial or harmful to a child's development.

- **Side:** Drawbacks of Team Sports
- **Topic Sentence:** Not all children thrive in competitive sports settings.
- **Developing:** Some kids may feel excluded or discouraged if they do not excel, which can harm their self-esteem.
- **Rephrase:** Competitive sports may not be suitable for every child, potentially leading to feelings of inadequacy.
- **Collocations:** exclusion, self-esteem, competitive pressure
- **Reason Topic:** Inclusion Issues

## Self-Esteem

- **Q:** Neo-S86  
The debate centers around whether parents should protect their children from making mistakes or allow them to learn through their own experiences.
- **Side:** Protecting Children
- **Topic Sentence:** Mistakes can lead to low self-esteem in children.
- **Developing:** When children face failure, it can diminish their confidence and discourage them from trying new things.
- **Rephrase:** Experiencing failure may harm a child's self-worth.
- **Collocations:** self-esteem, confidence issues, fear of failure
- **Reason Topic:** Self-esteem

## Self-Esteem

- **Q:** Neo-S59  
The debate centers around the use of extreme methods, such as surgery, to alter one's appearance in the pursuit of attractiveness.
- **Side:** Support for Appearance Alteration
- **Topic Sentence:** Changing one's appearance can boost self-esteem.
- **Developing:** Many individuals feel more confident and happier after undergoing procedures that enhance their looks.
- **Rephrase:** Enhancing appearance can lead to increased self-confidence.
- **Collocations:** self-esteem, personal satisfaction, confidence boost
- **Reason Topic:** Self-image

## Self-Esteem

- **Q:** Blue186  
The question explores whether individuals should adhere to current fashion trends in their clothing choices.
- **Side:** Support for Dressing According to Fashion
- **Topic Sentence:** Following the latest fashion can enhance one's self-image.
- **Developing:** Wearing trendy clothes often boosts confidence and helps individuals feel more attractive.
- **Rephrase:** Keeping up with fashion can improve personal confidence.
- **Collocations:** self-esteem, personal style, confidence boost
- **Reason Topic:** Personal confidence

## Self-Image

- **Q:** Neo-S59  
The debate centers around the use of extreme methods, such as surgery, to alter one's appearance in the pursuit of attractiveness.
- **Side:** Opposition to Appearance Alteration
- **Topic Sentence:** Society should promote natural beauty instead of altering appearances.
- **Developing:** Encouraging acceptance of natural looks can foster a healthier self-image among individuals.
- **Rephrase:** Promoting natural beauty can enhance self-acceptance.
- **Collocations:** natural beauty, self-acceptance, body positivity
- **Reason Topic:** Self-acceptance

## Self-Reliance

- **Q:** Neo-S52  
The importance of young people learning domestic skills like cooking, sewing, and childcare.
- **Side:** Support for Learning Domestic Skills
- **Topic Sentence:** Learning domestic skills fosters independence in young people.
- **Developing:** By acquiring skills such as cooking and sewing, young individuals can take care of themselves and make informed choices about their daily lives.
- **Rephrase:** Gaining domestic skills promotes self-sufficiency among youth.

- **Collocations:** self-reliance, life skills, independent living
- **Reason Topic:** Self-sufficiency

## Sensory

- **Q:** Neo-W7  
The debate centers around the advantages and disadvantages of electronic books compared to traditional books, focusing on aspects like convenience, reading experience, and health implications.
- **Side:** Traditional Books
- **Topic Sentence:** Traditional books provide a unique sensory experience that e-books cannot replicate.
- **Developing:** The tactile feel of paper and the smell of a book create a connection that many readers cherish.
- **Rephrase:** The sensory experience of reading a physical book is irreplaceable.
- **Collocations:** tactile experience, book smell, reading connection
- **Reason Topic:** Connection

## Serious Injuries

- **Q:** Neo-W96  
The debate centers around whether suburban governments should remove helmet regulations for cyclists, weighing the benefits of freedom and convenience against safety concerns.
- **Side:** Safety Concerns
- **Topic Sentence:** Removing helmet laws may lead to a rise in cycling accidents.
- **Developing:** Without helmets, cyclists are at a greater risk of suffering serious injuries during collisions.
- **Rephrase:** Eliminating helmet requirements could increase the likelihood of accidents among cyclists.
- **Collocations:** accident rates, increased risk, serious injuries
- **Reason Topic:** Safety Issues

## Sleep Benefits

- **Q:** Blue74  
The dilemma of choosing between studying late with less sleep or studying less and getting a full night's sleep before an exam.
- **Side:** Get a Full Night's Sleep
- **Topic Sentence:** A full night's sleep is crucial for optimal cognitive function.
- **Developing:** Sleep helps consolidate memory and improves focus, which can be beneficial during the exam.
- **Rephrase:** Adequate sleep enhances mental clarity and performance.
- **Collocations:** cognitive function, memory consolidation, mental clarity
- **Reason Topic:** Sleep importance

## Sleep Deprivation

- **Q:** Blue74  
The dilemma of choosing between studying late with less sleep or studying less and getting a full night's sleep before an exam.
- **Side:** Stay Up Late to Study
- **Topic Sentence:** Staying up late to study can enhance immediate retention of information.
- **Developing:** By reviewing material right before the exam, you may reinforce your memory and understanding.
- **Rephrase:** Studying late can boost your recall of key concepts.
- **Collocations:** last-minute studying, information retention, exam preparation
- **Reason Topic:** Study habits

## Sleep Issues

- **Q:** Neo-W112  
The debate centers around whether school start times should be delayed for teenagers to accommodate their sleep patterns.
- **Side:** Support for Delayed Start Times
- **Topic Sentence:** Teenagers experience unique sleep challenges that warrant a later start time.
- **Developing:** Biological changes during adolescence naturally shift sleep patterns, making it difficult for teens to wake up early.

- **Rephrase:** Adolescent biology justifies a later start for schools.
- **Collocations:** biological changes, sleep cycles, adolescent needs
- **Reason Topic:** Sleep cycles

## Sleep Patterns

- **Q:** Neo-W112  
The debate centers around whether school start times should be delayed for teenagers to accommodate their sleep patterns.
- **Side:** Opposition to Delayed Start Times
- **Topic Sentence:** Changing school start times may not lead to increased sleep for teenagers.
- **Developing:** There is no guarantee that teens will go to bed earlier just because school starts later, which could negate the intended benefits.
- **Rephrase:** Adjusting school hours might not actually result in more sleep for students.
- **Collocations:** sleep patterns, school schedules, teen behavior
- **Reason Topic:** Time management

## Sleep Quality

- **Q:** Neo-W1  
This debate explores whether yoga and meditation or physical activities like sports and exercise have a more positive impact on mental health and overall happiness.
- **Side:** Physical Activities
- **Topic Sentence:** Physical activities can promote better sleep and relaxation.
- **Developing:** Regular exercise tires the body in a healthy way, aiding in better sleep patterns.
- **Rephrase:** Consistent exercise promotes healthier sleep.
- **Collocations:** better sleep, healthy way, exercise aids
- **Reason Topic:** Relaxation

## Social Benefits

- **Q:** Neo-S67  
The question explores preferences for visiting art museums, either with friends or alone, and the reasons behind these choices.
- **Side:** Visiting with Friends
- **Topic Sentence:** Going to an art museum with friends enhances the experience through shared insights.
- **Developing:** Discussing artworks with friends can lead to deeper understanding and appreciation of the art.
- **Rephrase:** Sharing the experience with friends can enrich one's perspective on the art.
- **Collocations:** shared experience, group discussion, art appreciation
- **Reason Topic:** Group Dynamics

## Social Equity

- **Q:** Neo-W108  
The debate centers around whether governments should prioritize expanding roadways or improving public transportation in large cities to enhance transportation efficiency.
- **Side:** Improving Public Transportation
- **Topic Sentence:** Public transportation improvements can enhance accessibility for all citizens.
- **Developing:** A reliable transit system ensures that everyone, including those without cars, can access jobs and services.
- **Rephrase:** Better public transport increases accessibility for the community.
- **Collocations:** community access, job accessibility, social equity
- **Reason Topic:** Social Equity

## Social Skills

- **Q:** Blue119  
The question analyzes the importance of a child spending time away from home to visit relatives and friends.
- **Side:** Benefits of Visiting Relatives
- **Topic Sentence:** Visiting relatives helps children develop social skills.

- **Developing:** Interacting with family members fosters communication and relationship-building abilities.
- **Rephrase:** Spending time with relatives enhances a child's ability to socialize.
- **Collocations:** social skills, communication abilities, relationship building
- **Reason Topic:** Child Growth

## Social Skills

- **Q:** Neo-S49  
The debate centers around whether homework is beneficial for younger children or should be reserved for older students.
- **Side:** Homework for Younger Children
- **Topic Sentence:** Younger children benefit more from play and social interaction than from homework.
- **Developing:** Playtime is crucial for developing social skills and creativity, which homework may restrict.
- **Rephrase:** Play is essential for social and creative development, often limited by homework.
- **Collocations:** social skills, creative development, importance of play
- **Reason Topic:** Social Interaction

## Social Skills

- **Q:** Blue18  
The debate centers around whether all children should be mandated to attend school until they reach the age of 16.
- **Side:** Support for Mandatory Education
- **Topic Sentence:** Requiring school attendance until age 16 promotes social development and integration.
- **Developing:** School provides a structured environment where children learn to interact with peers and develop social skills.
- **Rephrase:** Mandating school attendance fosters social growth and community engagement among children.
- **Collocations:** social skills, peer interaction, community integration
- **Reason Topic:** Community Building

## Societal Impact

- **Q:** Blue54  
The question discusses whether government funding should be directed towards initiatives that promote healthier lifestyles among citizens.
- **Side:** Support for Government Spending
- **Topic Sentence:** Healthier citizens contribute positively to society.
- **Developing:** When people lead healthier lives, they are more productive and engaged, benefiting the economy and community.
- **Rephrase:** Healthy individuals enhance societal productivity.
- **Collocations:** productive citizens, community engagement, economic contribution
- **Reason Topic:** Community benefits

## Stress

- **Q:** Neo-S69  
The question discusses the importance of teaching children independence at an early age.
- **Side:** Caution Against Early Independence
- **Topic Sentence:** Children may not be emotionally ready for independence at a young age.
- **Developing:** Forcing independence too early can lead to stress and anxiety, as children may struggle to cope with responsibilities.
- **Rephrase:** Pushing for independence prematurely can overwhelm children emotionally.
- **Collocations:** emotional readiness, stress, anxiety
- **Reason Topic:** Child Development

## Stress

- **Q:** Blue26  
Examining whether it is better to stay constantly busy or to have times of doing nothing.
- **Side:** Constantly Busy
- **Topic Sentence:** Being constantly busy can lead to increased productivity and goal achievement.

- **Developing:** When people are always engaged in tasks, they tend to accomplish more and reach their objectives quicker.
- **Rephrase:** Staying occupied consistently often results in higher levels of productivity.
- **Collocations:** increased productivity, goal achievement, engaged in tasks
- **Reason Topic:** Productivity

## Stress

- **Q:** Neo-S79  
The question analyzes whether requiring all first-year university students to take a writing or composition course is beneficial.
- **Side:** Drawbacks of Mandatory Writing Courses
- **Topic Sentence:** Such requirements can lead to increased stress for students.
- **Developing:** Balancing writing assignments with other coursework can overwhelm first-year students.
- **Rephrase:** Mandatory courses may add unnecessary pressure.
- **Collocations:** increased stress, coursework balance, first-year challenges
- **Reason Topic:** Stress Management

## Stress

- **Q:** Blue35  
The debate centers around whether children born with talent should receive special treatment or be treated the same as their peers.
- **Side:** Equal Treatment for All Children
- **Topic Sentence:** Overemphasis on talent can lead to undue pressure on children.
- **Developing:** When children are labeled as 'talented', they may feel pressured to constantly perform at high levels.
- **Rephrase:** Focusing too much on talent can create stress for children.
- **Collocations:** pressure to perform, stress management, talent labeling
- **Reason Topic:** Pressure

## Stress

- **Q:** Neo-S80  
The statement discusses whether the growing variety of online resources complicates the search for reliable information.
- **Side:** Increased Difficulty in Finding Reliable Information
- **Topic Sentence:** The vast amount of information can overwhelm users.
- **Developing:** With so many sources available, individuals may struggle to discern which ones are credible.
- **Rephrase:** The sheer volume of online content can confuse users.
- **Collocations:** information overload, source credibility, reliable data
- **Reason Topic:** Credibility Issues

## Stress

- **Q:** Neo-S99  
The question analyzes whether limiting the number of hours students can work at university jobs is beneficial for promoting academic success.
- **Side:** Limiting Work Hours
- **Topic Sentence:** Fewer work hours can reduce student stress levels.
- **Developing:** With less time spent working, students can manage their time better, leading to a healthier work-life balance.
- **Rephrase:** Reducing work hours may alleviate student stress.
- **Collocations:** stress levels, work-life balance, time management
- **Reason Topic:** Well-being

## Stress

- **Q:** Neo-S45  
The question discusses whether children should be required to assist with household tasks as soon as they are capable.
- **Side:** Opposition to Household Tasks
- **Topic Sentence:** Requiring children to do chores can lead to stress.
- **Developing:** Children already face academic pressures, and adding household responsibilities may overwhelm them and hinder their development.
- **Rephrase:** Mandating chores can increase stress levels in children.
- **Collocations:** stress, academic pressure, overwhelm

- **Reason Topic:** Stress

## Stress

- **Q:** Neo-S63  
The question analyzes whether requiring first-year students to take a library resource and research skills class is beneficial.
- **Side:** Opposition to the Class Requirement
- **Topic Sentence:** Mandatory classes can create unnecessary stress for first-year students.
- **Developing:** Many students already face challenges adjusting to university life, and adding a required class may overwhelm them.
- **Rephrase:** Compulsory courses can increase stress levels among new students.
- **Collocations:** unnecessary stress, adjusting challenges, overwhelmed students
- **Reason Topic:** Stress Management

## Stress

- **Q:** Blue46  
The question analyzes whether individuals perform better under stress or pressure, suggesting that stress may enhance motivation towards achieving goals.
- **Side:** Performance Under Pressure
- **Topic Sentence:** Stress can enhance focus and drive.
- **Developing:** When faced with deadlines, individuals often prioritize tasks more effectively, leading to improved performance.
- **Rephrase:** Pressure can sharpen concentration and determination.
- **Collocations:** time constraints, goal orientation, increased focus
- **Reason Topic:** Performance

## Stress

- **Q:** Blue43  
The statement suggests that success is accompanied by the creation of adversaries, prompting a debate on the necessity of making enemies for achievement.
- **Side:** Success Without Enmity

- **Topic Sentence:** Creating enemies can lead to unnecessary stress and distractions.
- **Developing:** Hostility can consume energy that could otherwise be used for productive pursuits.
- **Rephrase:** Conflict diverts focus from achieving goals.
- **Collocations:** unnecessary stress, distractions from goals, energy consumption
- **Reason Topic:** Distraction

## Stress Effects

- **Q:** Blue59  
The debate revolves around whether it is better to start a project early or to wait until the deadline approaches.
- **Side:** Waiting Until the Deadline
- **Topic Sentence:** Some individuals thrive under pressure and produce better work last minute.
- **Developing:** For these people, the adrenaline of a deadline can spark creativity and innovation.
- **Rephrase:** Certain individuals excel when working under pressure.
- **Collocations:** creative pressure, innovation, performance under stress
- **Reason Topic:** Performance

## Stress Levels

- **Q:** Blue120  
The question analyzes whether taking a part-time job while attending university is a beneficial choice for students.
- **Side:** Drawbacks of Part-Time Jobs
- **Topic Sentence:** Part-time jobs can lead to increased stress and fatigue.
- **Developing:** Juggling work and academic responsibilities may overwhelm students, affecting their performance.
- **Rephrase:** Working while studying can cause stress and exhaustion.
- **Collocations:** stress levels, academic performance, work-life balance
- **Reason Topic:** Stress Management

## Stress Levels

- **Q:** Neo-S49

The debate centers around whether homework is beneficial for younger children or should be reserved for older students.

- **Side:** Homework for Younger Children
- **Topic Sentence:** Homework can overwhelm younger children and hinder their love for learning.
- **Developing:** Excessive homework may lead to stress and burnout, making children less enthusiastic about school.
- **Rephrase:** Too much homework can create stress and reduce children's interest in education.
- **Collocations:** stress levels, love for learning, enthusiasm for school
- **Reason Topic:** Stress Management

## Stress Levels

- **Q:** Blue185

The debate centers around whether students today put in more effort in their studies compared to students from previous generations.

- **Side:** Students Work Harder Now
- **Topic Sentence:** Modern students face greater academic pressures than those in the past.
- **Developing:** With the rise of competitive college admissions and standardized testing, students are compelled to study more intensively.
- **Rephrase:** Today's students encounter more intense academic challenges.
- **Collocations:** academic pressure, standardized testing, college admissions
- **Reason Topic:** Study Intensity

## Stress Management

- **Q:** Blue109

The question discusses the perspective that individuals, regardless of age, can pursue and obtain a university degree.

- **Side:** Challenges for Older Students
- **Topic Sentence:** Older students may face difficulties balancing education with other responsibilities.

- **Developing:** Many have jobs and family commitments that can limit their study time.
- **Rephrase:** Juggling education with personal obligations can be challenging.
- **Collocations:** balancing education, family commitments, study time
- **Reason Topic:** Challenges

## Stress Management

- **Q:** Blue104  
The debate centers around whether physical exercise holds greater importance for older individuals compared to younger ones.
- **Side:** Importance for Young People
- **Topic Sentence:** Exercise helps young people manage stress and improve academic performance.
- **Developing:** Physical activity has been linked to better concentration and reduced stress levels among students.
- **Rephrase:** Staying active aids in stress management and boosts academic success for youth.
- **Collocations:** stress management, academic improvement, concentration boost
- **Reason Topic:** Youth wellness

## Stress Management

- **Q:** Neo-W99  
The debate centers around whether having too many possessions lowers one's quality of life, considering both the burdens and benefits of ownership.
- **Side:** Negative Impact of Excess Possessions
- **Topic Sentence:** Owning too many possessions can lead to increased stress and clutter.
- **Developing:** The maintenance and organization of numerous items can overwhelm individuals, detracting from their overall well-being.
- **Rephrase:** Having an excess of belongings can create chaos and anxiety.
- **Collocations:** stress management, living space, clutter reduction
- **Reason Topic:** Stress

## Stress Management

- **Q:** Blue160  
The debate revolves around whether it is better to focus on one job or project at a time versus multitasking by handling several jobs or projects simultaneously.
- **Side:** Single-tasking Preference
- **Topic Sentence:** Single-tasking reduces stress and burnout.
- **Developing:** By managing one project at a time, individuals can avoid the overwhelming feeling that often accompanies multitasking.
- **Rephrase:** Handling one task reduces feelings of stress and fatigue.
- **Collocations:** stress management, burnout prevention, task overload
- **Reason Topic:** Stress

## Stress Reduction

- **Q:** Blue92  
The debate centers around the preference for an interesting professor with a strict grading policy versus a boring professor with a loose grading policy.
- **Side:** Boring Professor with Loose Grading Policy
- **Topic Sentence:** A loose grading policy can reduce stress for students.
- **Developing:** When grades are not heavily weighted, students may feel more relaxed and willing to learn.
- **Rephrase:** Flexible grading alleviates student pressure.
- **Collocations:** stress reduction, learning comfort, academic pressure
- **Reason Topic:** Student Well-being

## Stress Reduction

- **Q:** Blue107  
The debate centers around the preference for regular working hours versus the flexibility of working from home.
- **Side:** Flexible Working from Home
- **Topic Sentence:** Remote work can reduce commuting time and associated stress.
- **Developing:** Eliminating the daily commute saves time and can lead to a more relaxed work environment.

- **Rephrase:** Avoiding travel to the office decreases stress and increases available time.
- **Collocations:** commuting time, stress reduction, relaxed environment
- **Reason Topic:** Stress

## Stress Reduction

- **Q:** Neo-S72  
The question discusses whether limiting the number of student clubs, sports, or organizations a student can join is beneficial for ensuring adequate study time.
- **Side:** Limiting Participation
- **Topic Sentence:** It can reduce stress and prevent burnout among students.
- **Developing:** With fewer obligations, students can manage their time better and maintain a healthier balance.
- **Rephrase:** This approach can help alleviate student stress and avoid exhaustion.
- **Collocations:** stress reduction, healthy balance, time management
- **Reason Topic:** Stress Management

## Stress Reduction

- **Q:** Blue148  
The debate centers around the preference for writing many short assignments versus a few long assignments during a semester.
- **Side:** Many Short Assignments
- **Topic Sentence:** They reduce stress and improve time management.
- **Developing:** Short assignments can be less overwhelming, allowing students to manage their workload effectively.
- **Rephrase:** Smaller tasks can alleviate pressure and enhance organization.
- **Collocations:** stress reduction, workload management, time allocation
- **Reason Topic:** Workload balance

## Stress Reduction

- **Q:** Blue158  
The question explores preferences in decision-making speed, comparing quick decision-making to a more deliberate approach.

- **Side:** Quick Decision-Making
- **Topic Sentence:** Quick decisions can reduce stress and anxiety.
- **Developing:** By not overthinking, individuals can avoid the paralysis that often accompanies prolonged deliberation.
- **Rephrase:** Fast choices can alleviate pressure.
- **Collocations:** stress reduction, anxiety management, decisive action
- **Reason Topic:** Decision impact

## Stress Reduction

- **Q:** Blue202  
The debate centers around the choice of living in a big, new place that is far from work or university versus a small, old place that is close to work or university.
- **Side:** Small, Old Place
- **Topic Sentence:** Choosing a small, old place ensures proximity to work or university.
- **Developing:** This convenience can save time and reduce stress associated with commuting.
- **Rephrase:** Living nearby can significantly lower daily travel burdens.
- **Collocations:** proximity to work, commuting stress, time savings
- **Reason Topic:** Commute

## Stress Reduction

- **Q:** Blue149  
The debate centers around the preference for living in stable climates versus those with seasonal changes.
- **Side:** Stable Climate Preference
- **Topic Sentence:** Living in a stable climate reduces stress and uncertainty.
- **Developing:** Consistent weather patterns contribute to a more predictable lifestyle, enhancing comfort and stability.
- **Rephrase:** A uniform climate leads to lower stress levels.
- **Collocations:** predictable weather, comfortable living, stress-free environment
- **Reason Topic:** Lifestyle Stability

## Stress Reduction

- **Q:** Blue59  
The debate revolves around whether it is better to start a project early or to wait until the deadline approaches.
- **Side:** Starting Early
- **Topic Sentence:** Early starters can manage unforeseen challenges more effectively.
- **Developing:** By having extra time, they can address unexpected issues without the pressure of a looming deadline.
- **Rephrase:** Those who begin early can better handle unexpected obstacles.
- **Collocations:** risk management, problem-solving, stress reduction
- **Reason Topic:** Adaptability

## Stress Reduction

- **Q:** Blue172  
The question explores preferences for vacation styles: staying in one place for an extended period versus visiting multiple locations briefly.
- **Side:** Staying in One Place
- **Topic Sentence:** Longer stays can lead to relaxation and reduced travel stress.
- **Developing:** Travelers can unwind and enjoy their surroundings without the pressure of constant movement.
- **Rephrase:** A prolonged visit promotes relaxation and minimizes travel-related anxiety.
- **Collocations:** stress reduction, relaxation, unwinding
- **Reason Topic:** Stress Relief

## Stress Reduction

- **Q:** Neo-S30  
The question analyzes whether providing employees with extra free time during the workday to socialize or engage in non-work activities can lead to increased productivity.
- **Side:** Support for Extra Free Time
- **Topic Sentence:** Extra free time allows employees to recharge and reduce stress.

- **Developing:** When employees take breaks to socialize or relax, they return to their tasks with renewed energy and focus.
- **Rephrase:** Having additional time for relaxation helps employees regain their energy.
- **Collocations:** employee well-being, stress reduction, work-life balance
- **Reason Topic:** Productivity Boost

## Stress Reduction

- **Q:** Blue198  
The debate centers around the preference for collecting old items, like newspapers, versus discarding items after use.
- **Side:** Throwing Things Away
- **Topic Sentence:** Disposing of items promotes minimalism.
- **Developing:** Living with less can lead to a more organized and stress-free environment.
- **Rephrase:** Embracing minimalism can enhance one's living space.
- **Collocations:** decluttering, simplified living, stress reduction
- **Reason Topic:** Minimalism

## Stress Relief

- **Q:** Blue192  
The debate centers around whether watching sports programs on television is a valuable use of time or not.
- **Side:** Against Watching Sports Programs
- **Topic Sentence:** Sports programs can provide entertainment and relaxation.
- **Developing:** Engaging with sports can serve as a healthy escape from daily stressors.
- **Rephrase:** Sports viewing offers a way to unwind.
- **Collocations:** stress relief, entertainment value, leisure activity
- **Reason Topic:** Relaxation

## Stress Relief

- **Q:** Blue150  
The question explores preferences for celebrating special occasions, specifically whether to celebrate with friends or alone.
- **Side:** Celebrating Alone
- **Topic Sentence:** Alone time can be more relaxing and stress-free.
- **Developing:** Without the pressure of social interactions, one can enjoy the occasion at their own pace.
- **Rephrase:** Celebrating solo can lead to a more tranquil experience.
- **Collocations:** stress relief, personal enjoyment, calm atmosphere
- **Reason Topic:** Stress Management

## Stress Relief

- **Q:** Neo-S57  
The debate centers around whether it is better for universities to require students to choose a major upon entry or to allow them to decide later.
- **Side:** Delayed Major Selection
- **Topic Sentence:** Delaying major selection can reduce the pressure on students during their first year.
- **Developing:** This can lead to a more enjoyable and less stressful transition into university life.
- **Rephrase:** Waiting to choose a major can alleviate first-year stress for students.
- **Collocations:** pressure reduction, stress relief, enjoyable transition
- **Reason Topic:** Stress

## Stress Relief

- **Q:** Blue15  
Analyzing whether playing sports as children leads to increased aggression in adulthood.
- **Side:** Disagree
- **Topic Sentence:** Sports offer a healthy outlet for energy and stress, which can lessen aggressive behaviors.
- **Developing:** Engagement in physical activities allows for the release of tension and promotes a calmer demeanor.

- **Rephrase:** Sports serve as a constructive way to release stress, mitigating aggression.
- **Collocations:** healthy outlet, release of tension, calmer demeanor
- **Reason Topic:** Well-being

## Stress Relief

- **Q:** Blue21  
The debate explores the preference between entertainment and educational television programs.
- **Side:** Entertainment Programs
- **Topic Sentence:** Entertainment programs offer a crucial escape from everyday stress.
- **Developing:** Many people find entertainment shows relaxing, allowing them to unwind after a long day.
- **Rephrase:** These shows provide a necessary relief from daily stressors.
- **Collocations:** escape from stress, unwind after, entertainment shows
- **Reason Topic:** Benefit

## Stress Relief

- **Q:** Neo-S1  
The question asks for a preference between watching entertainment TV programs or educational programs and why.
- **Side:** Entertainment Programs
- **Topic Sentence:** Entertainment programs provide a necessary escape from daily stress.
- **Developing:** People often use entertainment TV to relax and unwind after a long day at work or school.
- **Rephrase:** Entertainment TV offers an essential way to relax and de-stress.
- **Collocations:** daily stress, escape from reality, relax and unwind
- **Reason Topic:** Stress Relief

## Stress Relief

- **Q:** Blue96  
The debate centers around whether individuals should have fully arranged schedules or leave ample free time in their daily lives.
- **Side:** Flexible Schedules
- **Topic Sentence:** Free time is essential for mental well-being.
- **Developing:** Having time to relax and unwind helps reduce stress and promotes a healthier work-life balance.
- **Rephrase:** Unscheduled time is vital for maintaining mental health.
- **Collocations:** stress relief, work-life balance, self-care
- **Reason Topic:** Mental health

## Stress Relief

- **Q:** Blue41  
The debate centers around whether a surprise visit from a friend is preferable to an informed visit.
- **Side:** Informed Visits
- **Topic Sentence:** They can lead to a more relaxed and enjoyable atmosphere.
- **Developing:** When you are prepared, you can focus on enjoying the time spent together without stress.
- **Rephrase:** Being informed creates a calm and enjoyable environment.
- **Collocations:** relaxed atmosphere, enjoyable time, stress-free visit
- **Reason Topic:** Enjoyment

## Stress Relief

- **Q:** Neo-S11  
The question explores preferences between facing challenges independently or seeking assistance from others during difficult situations.
- **Side:** Seeking Help from Others
- **Topic Sentence:** Having support can reduce stress during difficult times.
- **Developing:** Emotional and practical support from others can alleviate the burden of challenges.
- **Rephrase:** Receiving help can lessen the pressure associated with tough situations.

- **Collocations:** reduce stress, emotional support, practical help
- **Reason Topic:** Stress Relief

## Stress Relief

- **Q:** Neo-S12  
The debate centers around whether individuals should listen to music on headphones while traveling or prefer to travel in silence.
- **Side:** Traveling in Silence
- **Topic Sentence:** Silence can promote relaxation and reduce stress.
- **Developing:** A quiet journey can be calming and help clear the mind.
- **Rephrase:** A peaceful travel environment encourages relaxation and mental clarity.
- **Collocations:** promote relaxation, reduce stress, calming journey
- **Reason Topic:** Mental Health

## Student Anxiety

- **Q:** Neo-W101  
The debate centers around whether high school students should be required to make oral presentations in their courses.
- **Side:** Opposition to Oral Presentations
- **Topic Sentence:** Oral presentations can induce anxiety and stress in students.
- **Developing:** For some students, the pressure to perform publicly can negatively impact their learning experience.
- **Rephrase:** The stress of presenting may hinder some students' educational progress.
- **Collocations:** student anxiety, performance pressure, learning experience
- **Reason Topic:** Stress

## Student Anxiety

- **Q:** Blue126  
The debate centers around whether students should be allowed to eat and drink during classes.
- **Side:** Support for Eating and Drinking

- **Topic Sentence:** Eating and drinking can create a more relaxed classroom atmosphere.
- **Developing:** A casual environment may encourage participation and reduce anxiety among students.
- **Rephrase:** A relaxed setting can foster better student interaction.
- **Collocations:** relaxed atmosphere, student participation, classroom dynamics
- **Reason Topic:** Student Comfort

## Student Burnout

- **Q:** Blue89  
The debate centers around whether assigning a lot of homework enhances student learning.
- **Side:** Against Homework
- **Topic Sentence:** Excessive homework can lead to student burnout.
- **Developing:** When students are overwhelmed with assignments, their motivation and enthusiasm for learning can diminish.
- **Rephrase:** Too much homework may cause fatigue and disengagement.
- **Collocations:** student burnout, overwhelmed with assignments, diminished motivation
- **Reason Topic:** Student engagement

## Student Burnout

- **Q:** Blue209  
The debate centers around whether schools should mandate students to complete a reading list during school breaks.
- **Side:** Opposition to Reading Lists
- **Topic Sentence:** Mandatory reading can lead to student burnout.
- **Developing:** Students may feel overwhelmed by additional academic pressure during their breaks.
- **Rephrase:** Compulsory reading may cause fatigue among students.
- **Collocations:** student burnout, academic pressure, break time
- **Reason Topic:** Stress management

## Student Focus

- **Q:** Blue210  
The debate centers around whether schools should permit students to bring laptops into the classroom.
- **Side:** Support for the Policy
- **Topic Sentence:** Restricting laptops can enhance student focus.
- **Developing:** Without the distraction of laptops, students are more likely to engage with the lesson and participate actively.
- **Rephrase:** Limiting laptop use can improve concentration in class.
- **Collocations:** student focus, classroom engagement, distraction reduction
- **Reason Topic:** Engagement

## Student Safety

- **Q:** Blue112  
The debate centers on whether female and male university students should reside in separate residence halls, exploring the implications for safety, social dynamics, and personal development.
- **Side:** Support for Separate Residence Halls
- **Topic Sentence:** Separate residence halls can enhance safety for students.
- **Developing:** Having distinct living spaces reduces the potential for uncomfortable situations and harassment.
- **Rephrase:** Distinct living arrangements may improve student security.
- **Collocations:** student safety, harassment prevention, comfortable living
- **Reason Topic:** Security

## Student Stress

- **Q:** Blue40  
The topic discusses whether universities should expel students caught cheating in exams.
- **Side:** Opposition to Expulsion
- **Topic Sentence:** Cheating can stem from external pressures on students.
- **Developing:** Many students face stress and anxiety, which can lead to poor decisions like cheating; understanding this can foster a supportive environment.

- **Rephrase:** External pressures may drive students to cheat, highlighting the need for support.
- **Collocations:** student stress, anxiety, supportive environment
- **Reason Topic:** Pressure

## Student Stress

- **Q:** Blue19  
The debate centers around whether elementary schools should implement policies that prohibit teachers from assigning homework, requiring all assignments to be completed during school hours.
- **Side:** Support for No Homework Policies
- **Topic Sentence:** No homework policies can reduce student stress and anxiety.
- **Developing:** By eliminating homework, students can enjoy their free time and engage in extracurricular activities, leading to a healthier work-life balance.
- **Rephrase:** Policies against homework can alleviate pressure on students.
- **Collocations:** student stress, work-life balance, extracurricular activities
- **Reason Topic:** Student Well-being

## Student Well-Being

- **Q:** Neo-W10  
The discussion revolves around determining the most essential duty of a professor at a university, whether it is fostering a friendly learning atmosphere or focusing on teaching facts and ideas.
- **Side:** Building a Friendly Atmosphere
- **Topic Sentence:** A supportive environment can reduce stress and improve student well-being.
- **Developing:** When professors create a friendly atmosphere, students feel more comfortable and less anxious, aiding learning.
- **Rephrase:** A nurturing environment alleviates stress and fosters comfort.
- **Collocations:** supportive environment, reduce stress, student well-being, less anxious
- **Reason Topic:** Comfort

## Study

- **Q:** Blue76  
The question discusses the preference between two apartments: one near campus but more expensive, and one farther away but cheaper.
- **Side:** Cost-effectiveness
- **Topic Sentence:** Living farther from campus can provide a quieter environment.
- **Developing:** A less central location often means less noise and distractions, which can enhance study productivity.
- **Rephrase:** A distant apartment may offer a more peaceful living space.
- **Collocations:** quieter environment, study productivity, less noise
- **Reason Topic:** Productivity

## Support

- **Q:** Neo-W98  
The debate centers around the preferred method for improving presentation skills: receiving feedback from peers or self-evaluating through recorded presentations.
- **Side:** Peer Feedback
- **Topic Sentence:** Discussing weaknesses with peers fosters a supportive learning environment.
- **Developing:** This collaborative approach encourages open dialogue and shared learning experiences.
- **Rephrase:** Engaging in discussions promotes a sense of community and mutual growth.
- **Collocations:** supportive environment, open dialogue, shared learning
- **Reason Topic:** Discussion

## Support Systems

- **Q:** Blue180  
The debate centers around whether students should attend universities in their hometowns or in new cities or towns, exploring the advantages of each choice.
- **Side:** Hometown Universities
- **Topic Sentence:** Attending a university in one's hometown offers a sense of familiarity and comfort.

- **Developing:** Students can benefit from established support systems, such as family and friends, which can ease the transition to college life.
- **Rephrase:** Studying locally provides a reassuring environment.
- **Collocations:** support systems, familiar environment, local community
- **Reason Topic:** Support

## Surgery

- **Q:** Blue72  
The debate centers around whether individuals should change their appearance through means such as surgery.
- **Side:** Opposition to Changing Appearance
- **Topic Sentence:** Changing appearance through surgery can lead to unrealistic expectations.
- **Developing:** Individuals may find themselves dissatisfied with results, leading to a cycle of further procedures.
- **Rephrase:** Surgical alterations may create unattainable standards.
- **Collocations:** unrealistic expectations, dissatisfaction with results, surgical cycle
- **Reason Topic:** Satisfaction

## Tactile Experience

- **Q:** Blue116  
The debate centers around the preference for reading books in electronic format versus traditional printed copies.
- **Side:** Printed Copies
- **Topic Sentence:** Reading printed books provides a tactile experience that many find enjoyable.
- **Developing:** The physical sensation of turning pages and the smell of paper can create a deeper connection to the text.
- **Rephrase:** Printed books offer a sensory reading experience.
- **Collocations:** tactile experience, physical book, page turning
- **Reason Topic:** Tactility

## Tangible Experience

- **Q:** Blue188  
The debate centers around the preference between reading paper books and electronic books, exploring the advantages and disadvantages of each format.
- **Side:** Paper Books
- **Topic Sentence:** Paper books provide a tangible reading experience.
- **Developing:** The physical presence of a book can enhance the reading experience, making it more immersive.
- **Rephrase:** The physicality of paper books can enrich the reading journey.
- **Collocations:** tangible experience, physical presence, immersive reading
- **Reason Topic:** Physicality

## Team Morale

- **Q:** Blue9  
The debate centers around which candidate would make a better leader based on their decision-making styles: one who acts quickly or one who consults others before deciding.
- **Side:** Consultative Decision-Maker
- **Topic Sentence:** A consultative leader fosters collaboration and inclusivity.
- **Developing:** By considering others' opinions, this leader builds trust and morale within the team.
- **Rephrase:** A leader who seeks input promotes teamwork and loyalty.
- **Collocations:** fostering collaboration, building trust, team morale
- **Reason Topic:** Employee engagement

## Teamwork

- **Q:** Neo-S11  
The question explores preferences between facing challenges independently or seeking assistance from others during difficult situations.
- **Side:** Seeking Help from Others
- **Topic Sentence:** Collaborating with others can provide diverse perspectives.
- **Developing:** When facing challenges together, individuals can benefit from different viewpoints and solutions.

- **Rephrase:** Working with others offers a variety of insights and approaches to problems.
- **Collocations:** diverse perspectives, collaborative solutions, teamwork
- **Reason Topic:** Diversity

## Teamwork

- **Q:** Blue110  
The question analyzes whether participation in sports teams contributes to the social development of children.
- **Side:** Support for Sports Participation
- **Topic Sentence:** Participating in sports teams fosters teamwork skills.
- **Developing:** Children learn to collaborate and communicate effectively with peers.
- **Rephrase:** Engaging in sports helps kids develop their ability to work together.
- **Collocations:** teamwork skills, effective communication, peer collaboration
- **Reason Topic:** Teamwork

## Teamwork Skills

- **Q:** Blue206  
The debate centers around whether assigning group assignments is more beneficial than individual assignments in educational settings.
- **Side:** Group Assignments
- **Topic Sentence:** Group assignments foster collaboration among students.
- **Developing:** Working in groups encourages students to share ideas and learn from each other.
- **Rephrase:** Collaborative tasks enhance peer learning.
- **Collocations:** teamwork skills, peer interaction, shared responsibility
- **Reason Topic:** Social skills

## Technology Adoption

- **Q:** Blue87  
The debate centers around whether older doctors possess more knowledge than their younger counterparts.

- **Side:** Younger Doctors' Modern Knowledge
- **Topic Sentence:** They are often more adaptable to new healthcare technologies.
- **Developing:** Younger doctors tend to embrace innovations that improve patient care.
